Norcross Geographic represents an attempt on the part of the Spectrarama staff to provide Norcross High School with a pictorial and editorial history of the 1982-83 school year. In addition to a unique format, we have attempted to focus attention on every aspect of the school year.

"A Perilous Journey Through Blue Devil Country" is an introduction to what makes N.H.S. a very special place in the geography of Gwinnett County. Tour Norcross High School with us and meet the people who make up the school. Perhaps you'll see yourself.

In our article "Natives in Combat," we have explored the often primitive, always spirited, athletic endeavors of Norcross Blue Devils. When you read our in-depth coverage on the teams, coaches, supporters, win/loss records, and personality introspectives, you'll discover why we found these "Natives" to be part of a superior tribe.

As has always been the tradition of this publication, emphasis has been placed on the Senior Class as it travels toward its "Goal at the End of the Trail." The article on Norcross' seniors will prove the dominance and driving spirit of the Class of 1983, along with some inside looks into the life of a graduating senior in today's changing world.

Behavioral scientists have long noted the importance of studying group patterns, and through our inspection of "Society and Culture of a Rare Breed," we have found some important aspects of Norcross High School. From small groups such as the Chess Club and the Photography Club to large organizations such as Marching Band and the Student Council, the people who lead the organizations, the sponsors who give their time and expertise to these groups, and the members themselves exemplify the benefits of involvement and commitment.

Deep in the middle of the "Heartland" you will find the pulsebeat of Norcross High School. The underclassmen in grades 9, 10, and 11 are developing their interests and abilities to prepare themselves for their important senior year and the life to follow.

"Adlandia" will provide you with an interesting look at the commercial world which supports this school and its activities. This is a land populated by world they will face upon graduation. The government of Adlandia is benevolent and provides ample opportunity to many N.H.S. students.

As editors, we hope you will find this "Exploration" a sensible search into the reality and fantasy of Norcross High School. If Norcross Geographic is a success, it is so because Norcross High School is such an alive, spirited and interesting place through which to journey.

1 — Mr. Williams and county surveyors go over plans for a new academic wing due for completion in 1984. 2 — A freshman girl converses with friends between classes. 3 — Dr. Bill Heron of the central staff meets with faculty group to discuss curriculum for foreign students. 4 — The remains from N.H.S.'s new roof. 5 — N.H.S. students arriving at school at the bright and early hour of 7:00 A.M. 6 — Heavy equipment begins clearing land for Gwinnett Place; dated to be one of metro Atlanta's largest malls. 7 — The historic Chattahoochee River, as the morning fog lifts.

Near the historic Chattahoochee River, within easy driving distance to both Lake Lanier and Stone Mountain Park, lies historic Gwinnett County, one of the fastest growing counties in the nation. With the many new subdivisions, the expansion of Jimmy Carter Boulevard and Peachtree Industrial and the beginning of construction for Gwinnett Place, the Norcross High School enrollment has increased dramatically in the past four years. The enrollment in 1979 was 1062, now just four years later it has hit a total of 1650.

Journey with us through Norcross Blue Devil Country and meet the inhabitants. You will find N.H.S. to be more than a nice place to visit. Your journey begins as you approach the school via Buford Hwy. or Beaver Ruin Rd., in the southwestern corner of Gwinnett. The appearance of the school reminds a first time visitor of a house with many additions, a school which has grown to meet the needs of its community. Readily apparent is the new construction currently underway to provide more classrooms for the steadily increasing population.

1 — A birdseye view of N.H.S., the green area in the foreground will give way to additional classrooms. 2 — Senior class Big Boy says "Blue Devils are #1." 3 — Kay filling up before school. 4 — The famous Electricity pole that blocks the entrance of the upper parking lot. 5 — Juniors get involved at a N.H.S. pep rally by stating "Blue is Boss!" 6 — Scotty Hornsby and Wade Leonard perform a complicated Chemistry experience. 7 — Mrs. Bolton helps a new teacher with the N.H.S. paperwork.

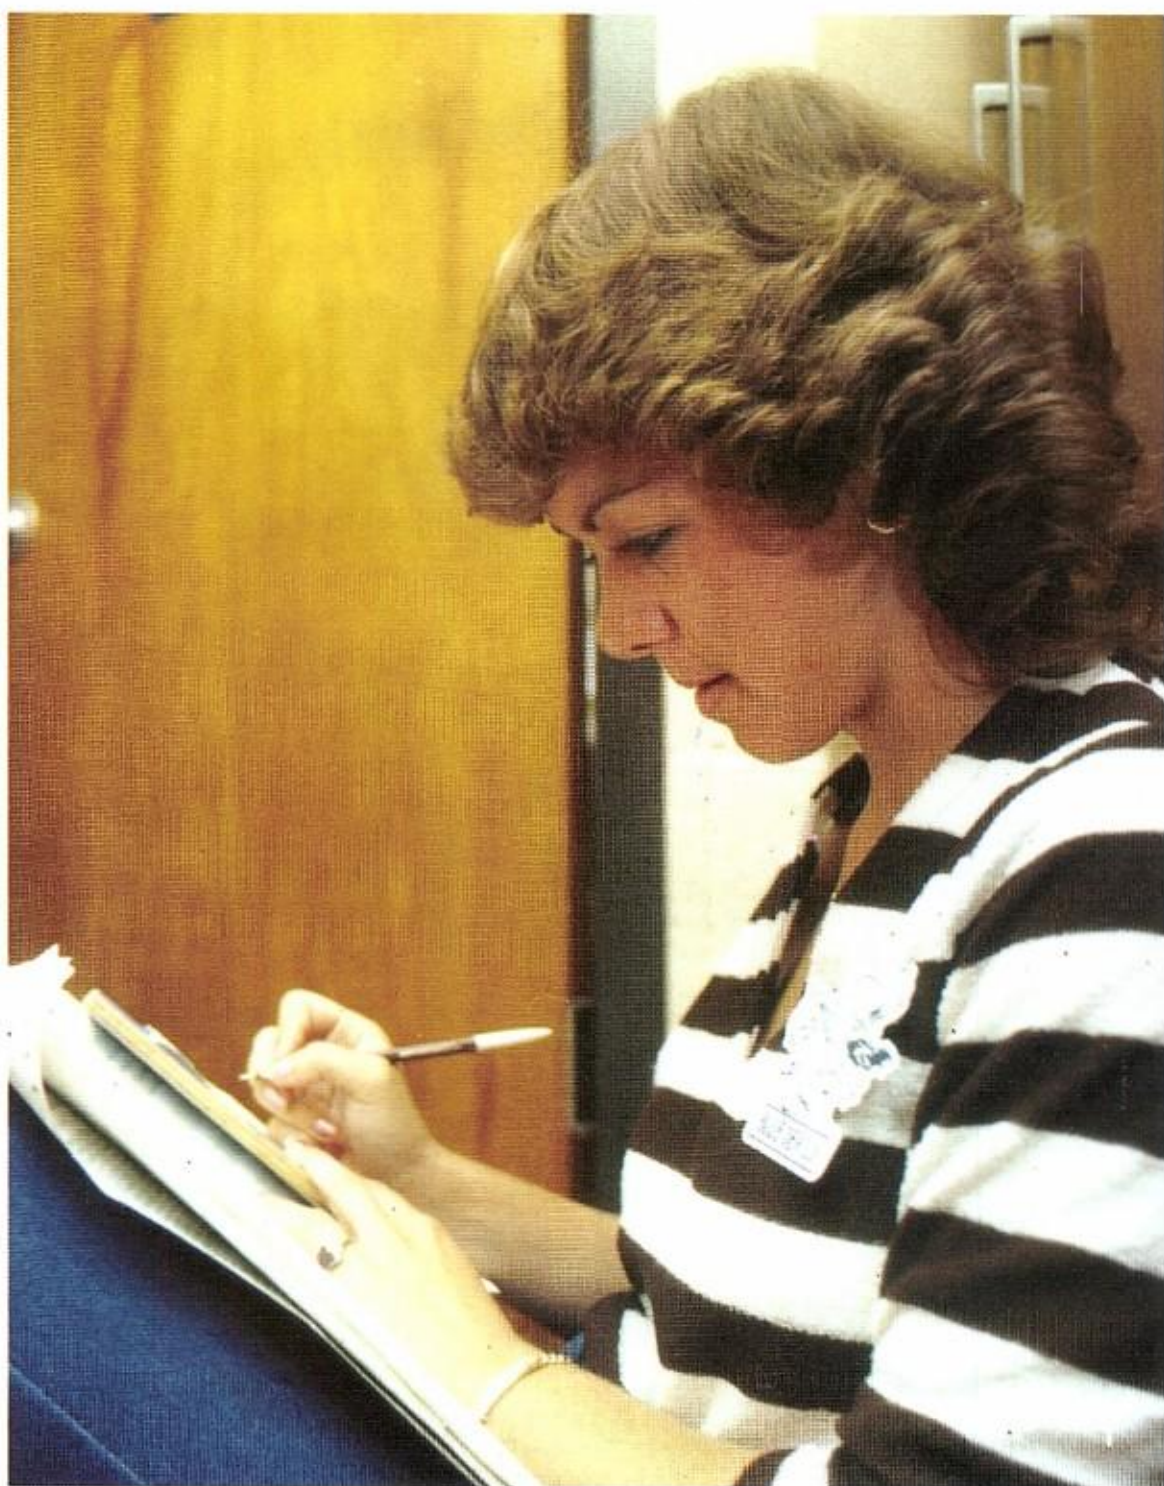

Entering the main office and library complex, you will undoubtedly be met by a pleasant smile on the face of Norcross' main office secretary, Mrs. Rosemary Bolton. Also manning this office and controls of N.H.S. are Mrs. Margaret Stowers, N.H.S.' hardworking bookkeeper (and mother of 8!); Ms. Joy Vinson, assistant principal and official problem solver for Norcross students and teachers; Ms. Fannie Parris, assistant principal in charge of Norcross' highly successful community school program; and at the helm, Norcross' principal, Mr. Ronnie Williams, the new administrator who has made such an impact in his first year, through his genuine interest in the student body, his strong leadership and his fairness to all.

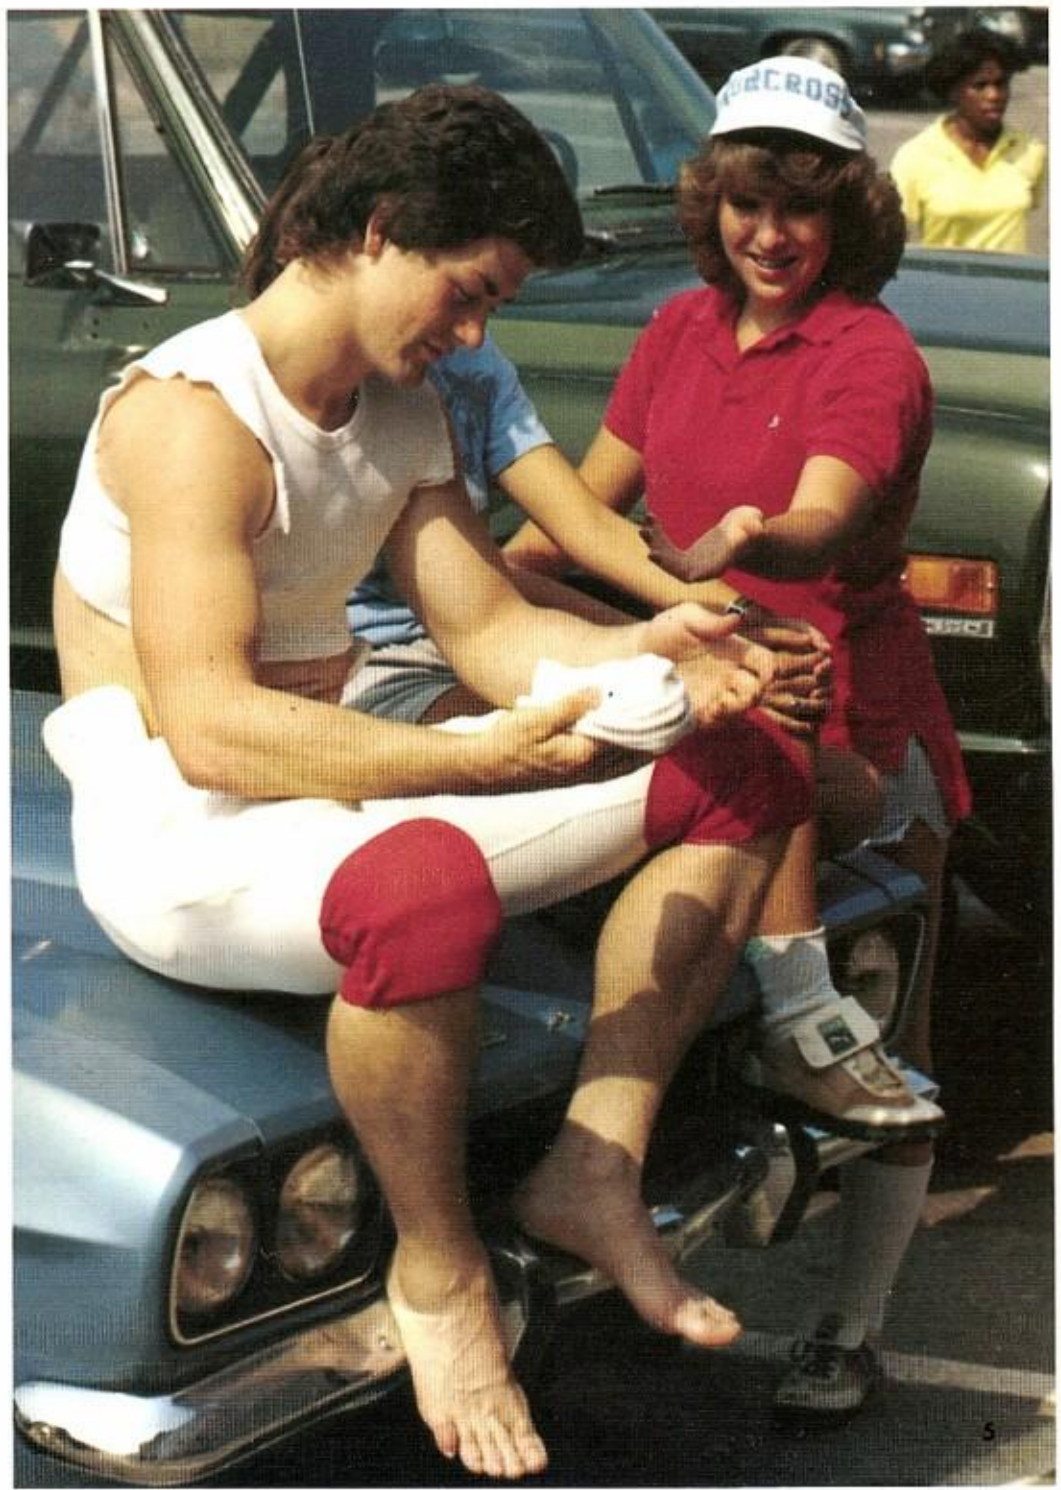

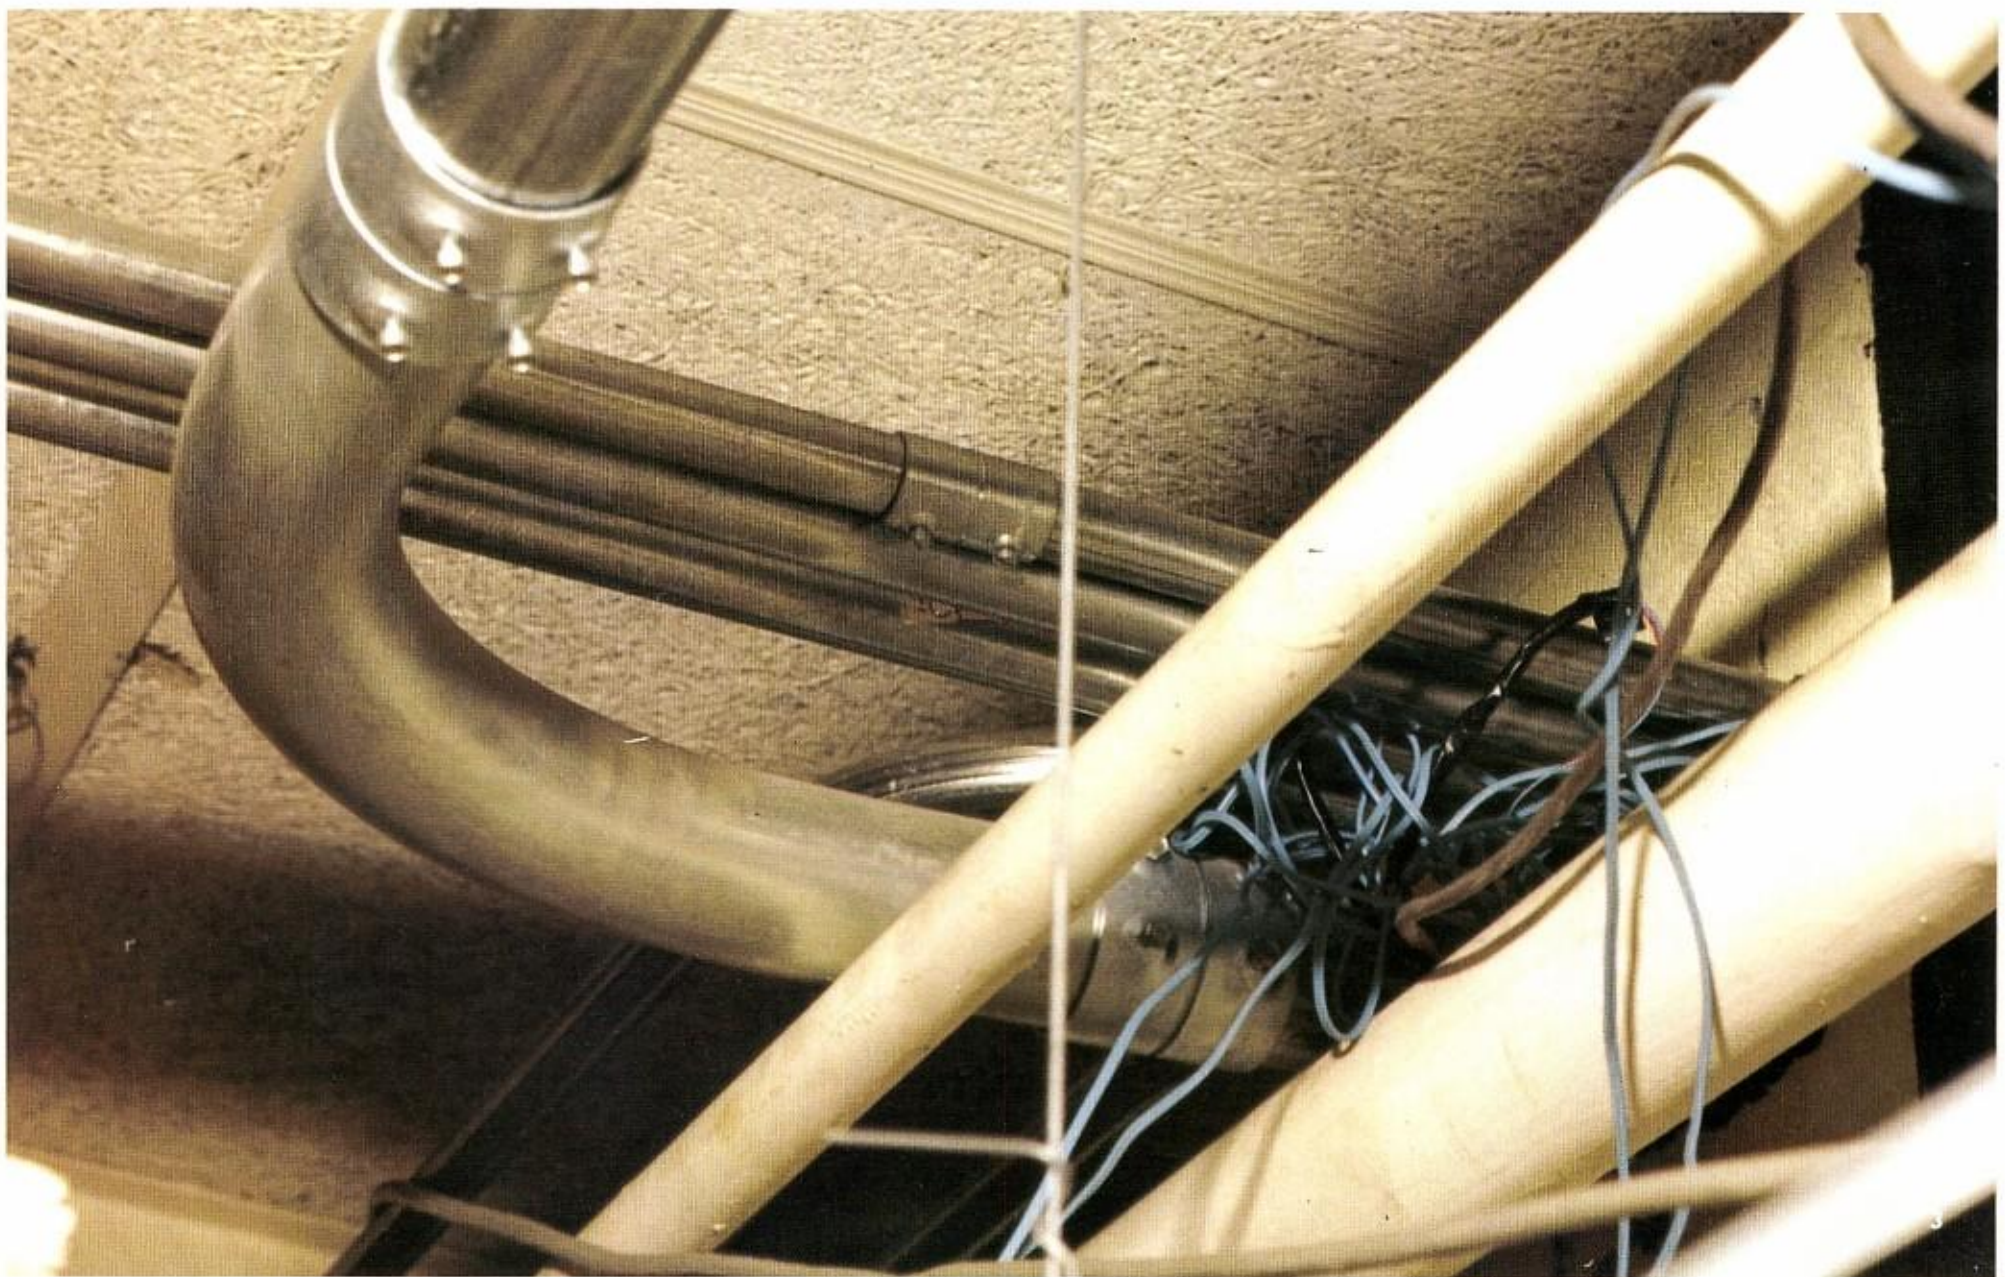

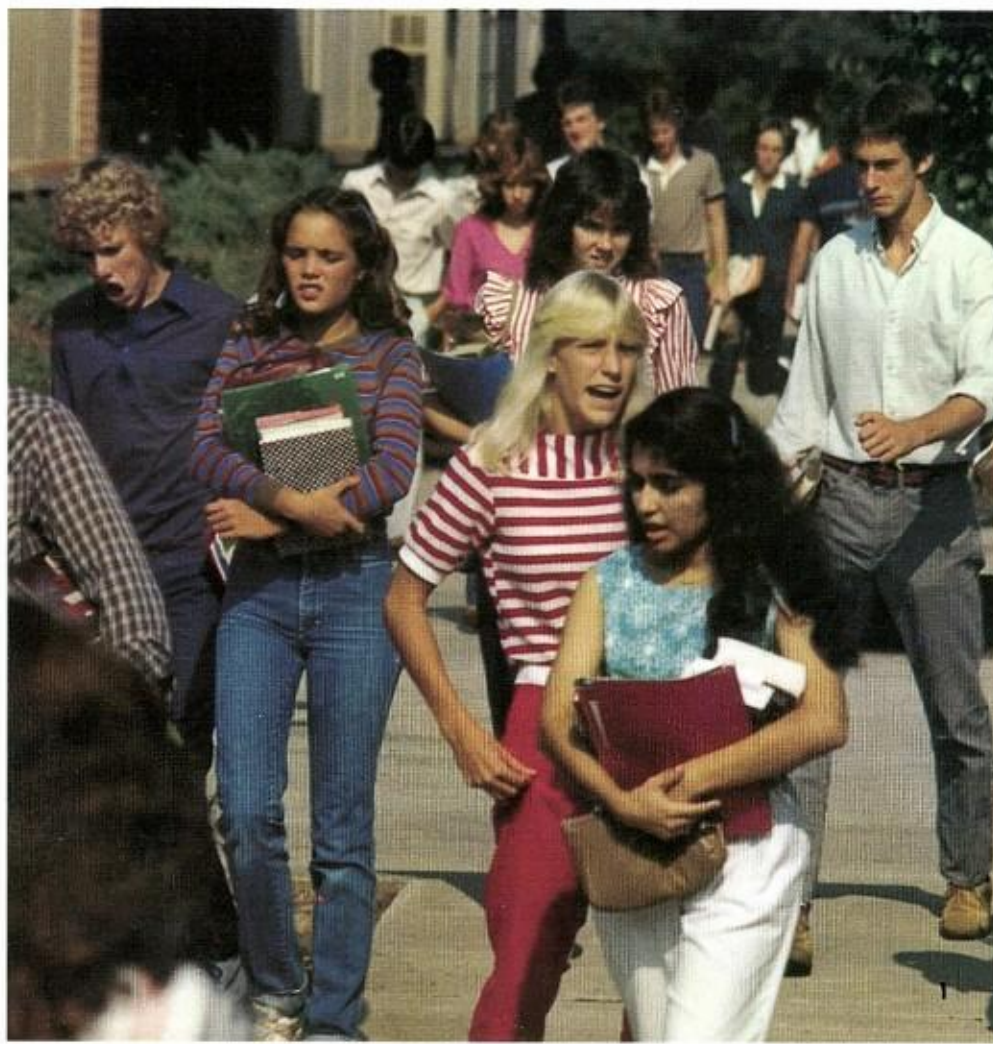

1 — The class of '83 shows who's got the most spirit at a much improved pep rally. 2 — Robbie Renno takes a short nap before the Central game (Who's his long eared friend?) 3 — A student waits impatiently to get home after a long school day. 4 — Andy Wendell and Jeff Sillay go up for a rebound during Coach Norris' famous 6th period basketball class. 5 — Ms. Parris chats with a new student. 6 — Football players watch films to get ready for their next opponents. 7 — Holly Barber finds time in her busy schedule to eat pizza with some friends. 8 — Students entering 300 wing between classes.

Along with a new principal, students have found other changes at N.H.S. in 1982-83. Instead of starting school at 7:55 and ending at 2:40, school begins at the bright and early hour of 7:30 and ends at 2:10 — giving everyone enough time to go home and watch a favorite soap opera, take part in an extracurricular activity, or simply catch a few zzz's. Other 1982-83 changes include the addition of four new trailers (making a total of six extra classrooms), new teachers (15 total), structural improvements to the school, and new stadium lights. But amid all these changes, the friendliness of N.H.S. remains the same.

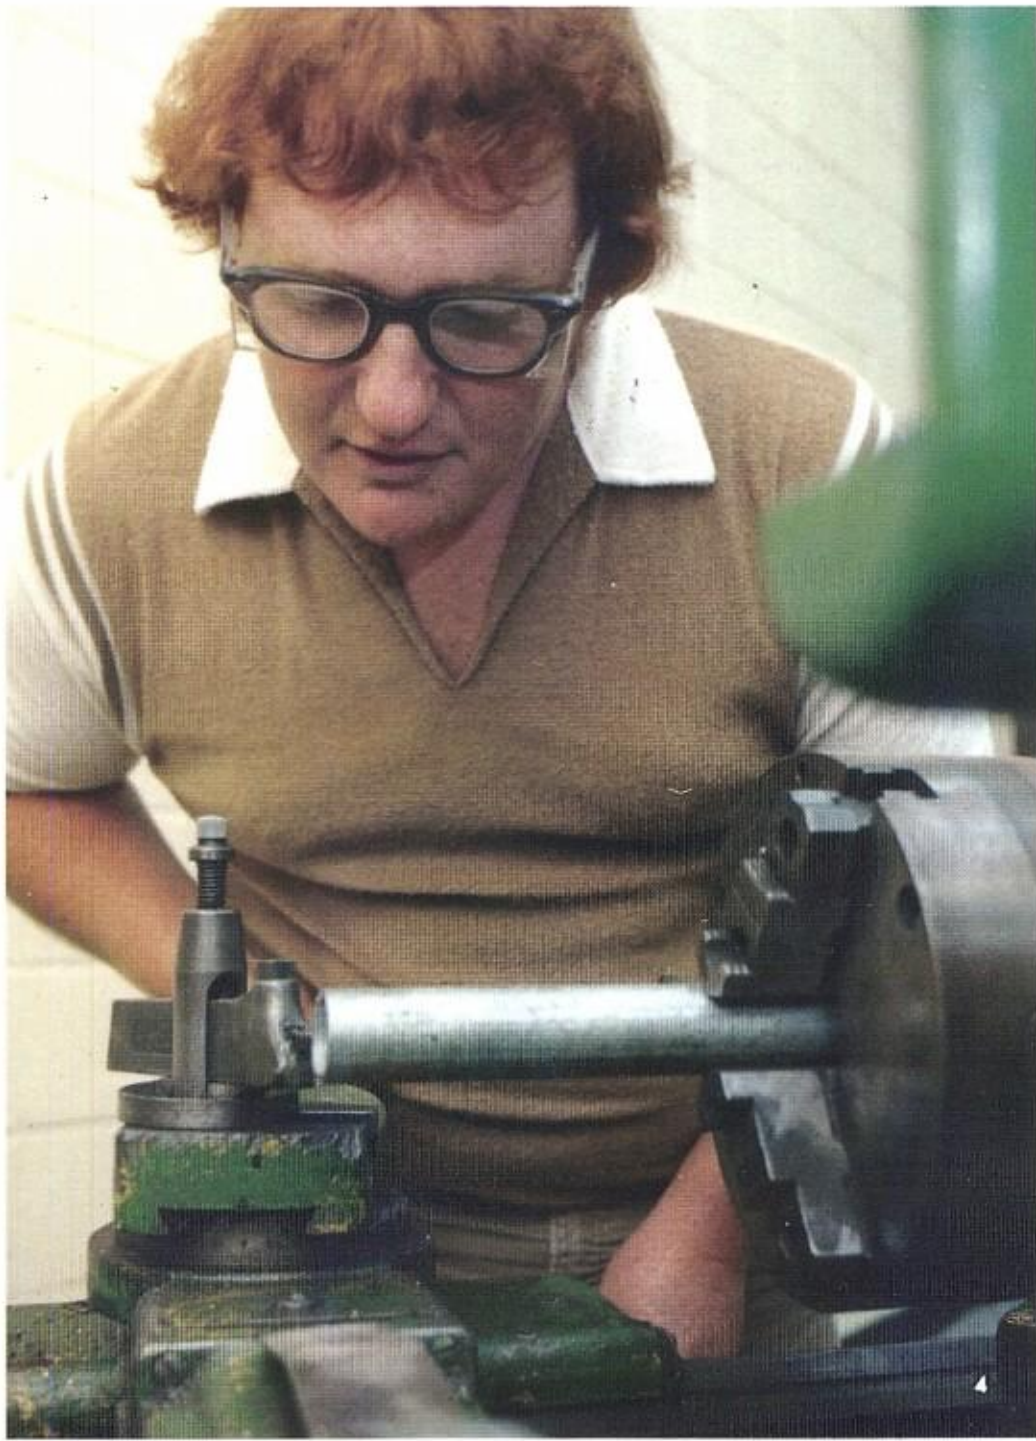

1 — Vicki Wilson works diligently on F.B.L.A. business. 2 — Students can be seen at their regular place of "Chit-Chat" every morning. 3 — Mrs. Stripling signs in just under the wire as Ms. Vinson gets ready to take up the sign in sheet. 4 — N.H.S. students rushing from the gym before the bell rings. 5 — Charles Delles and Kim Richardson talk before Charles goes to practice. 6 — Can Kim Kiser remember the next cheer? 7 — After a long day, students and teachers drive Mrs. Dalken crazy.

1 — Lauren Biel asks "What period is it?" 2 — The Excellence award winner 1982-1983 ADVOCATE. 3 — The complicated structure of N.H.S. 4 — Metal tech student watches carefully while cutting a pipe. 5 — Students work on the new "Blue Devil" on the press box. 6 — Student sits alone for the long ride home after a hard day. 7 — F.H.A. students cut out patterns for a new dress.

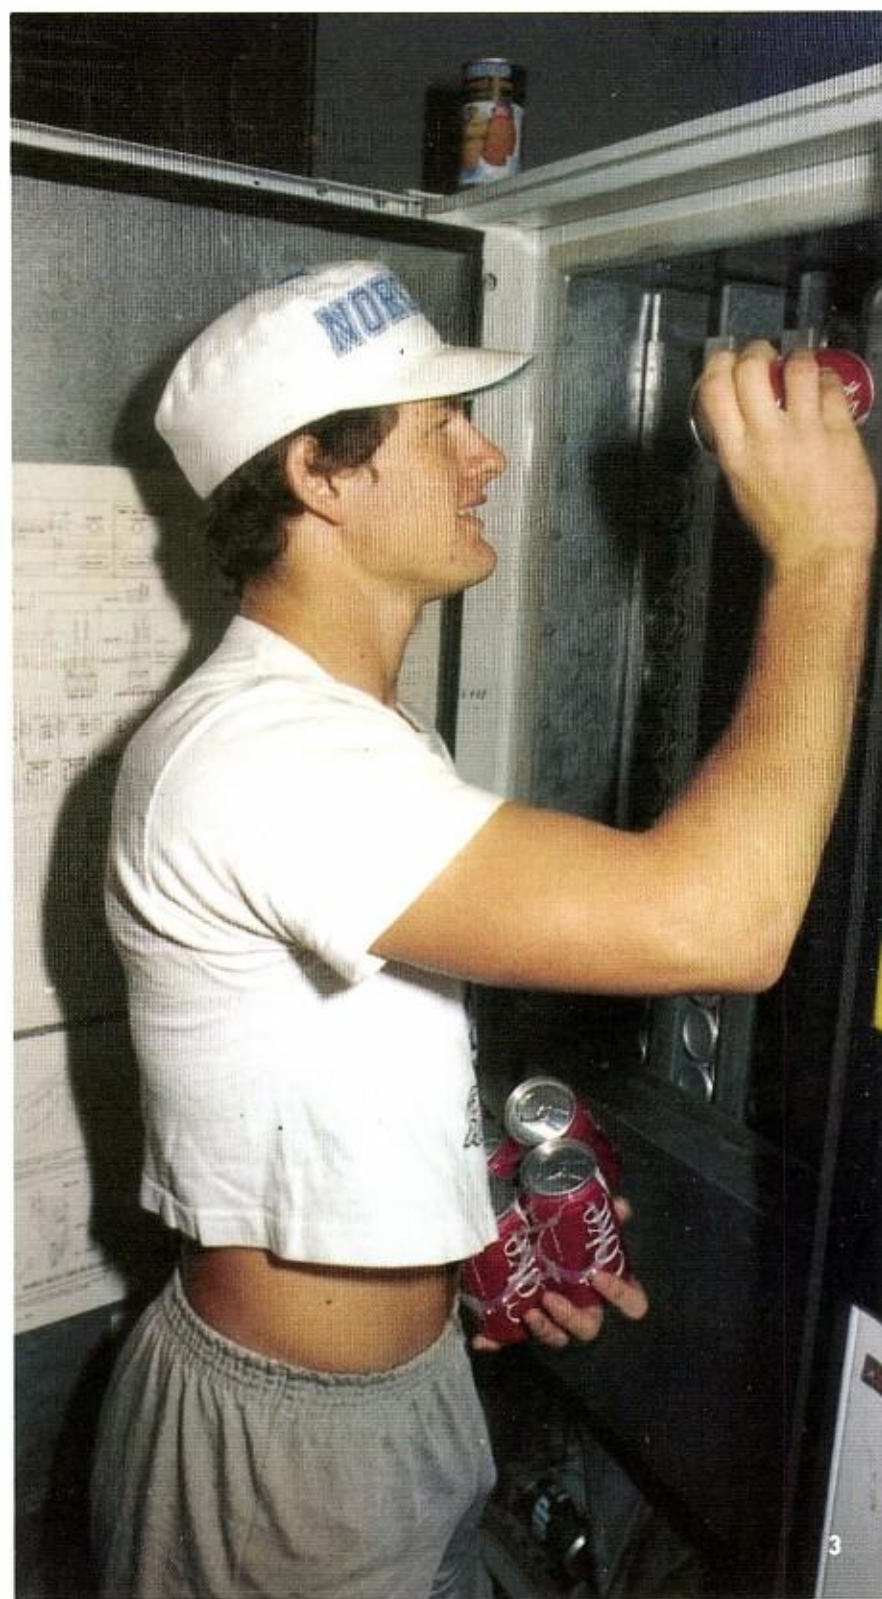

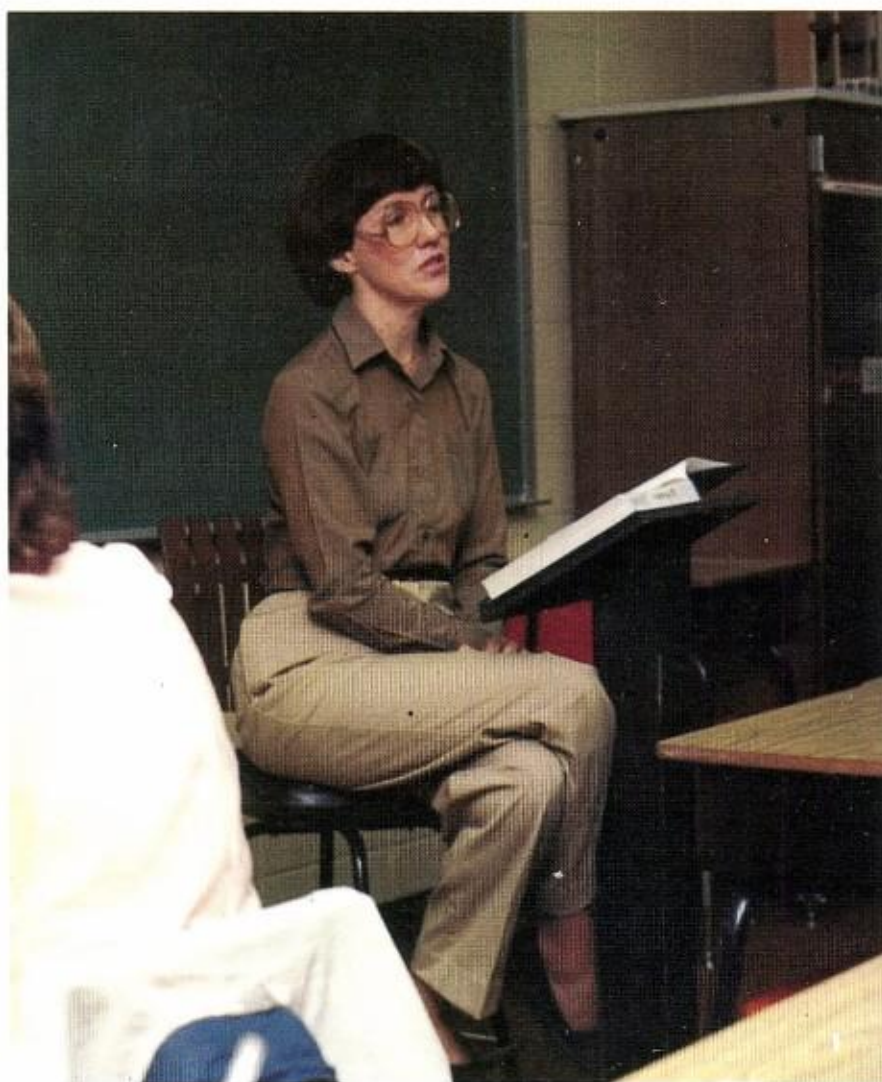

Students begin arriving at school as early as 7:00 A.M. in order to get a good parking space or just to socialize. If not in cars, they come on buses, motorcycles, bikes, and, occasionally, by that most antiquated of means — their own two feet.

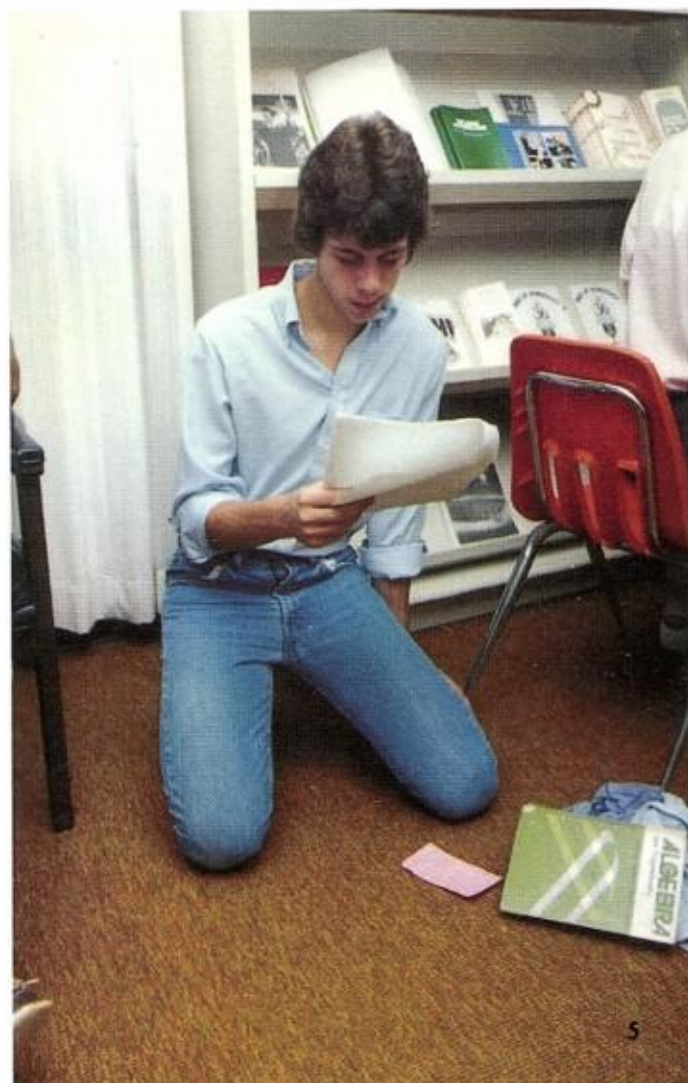

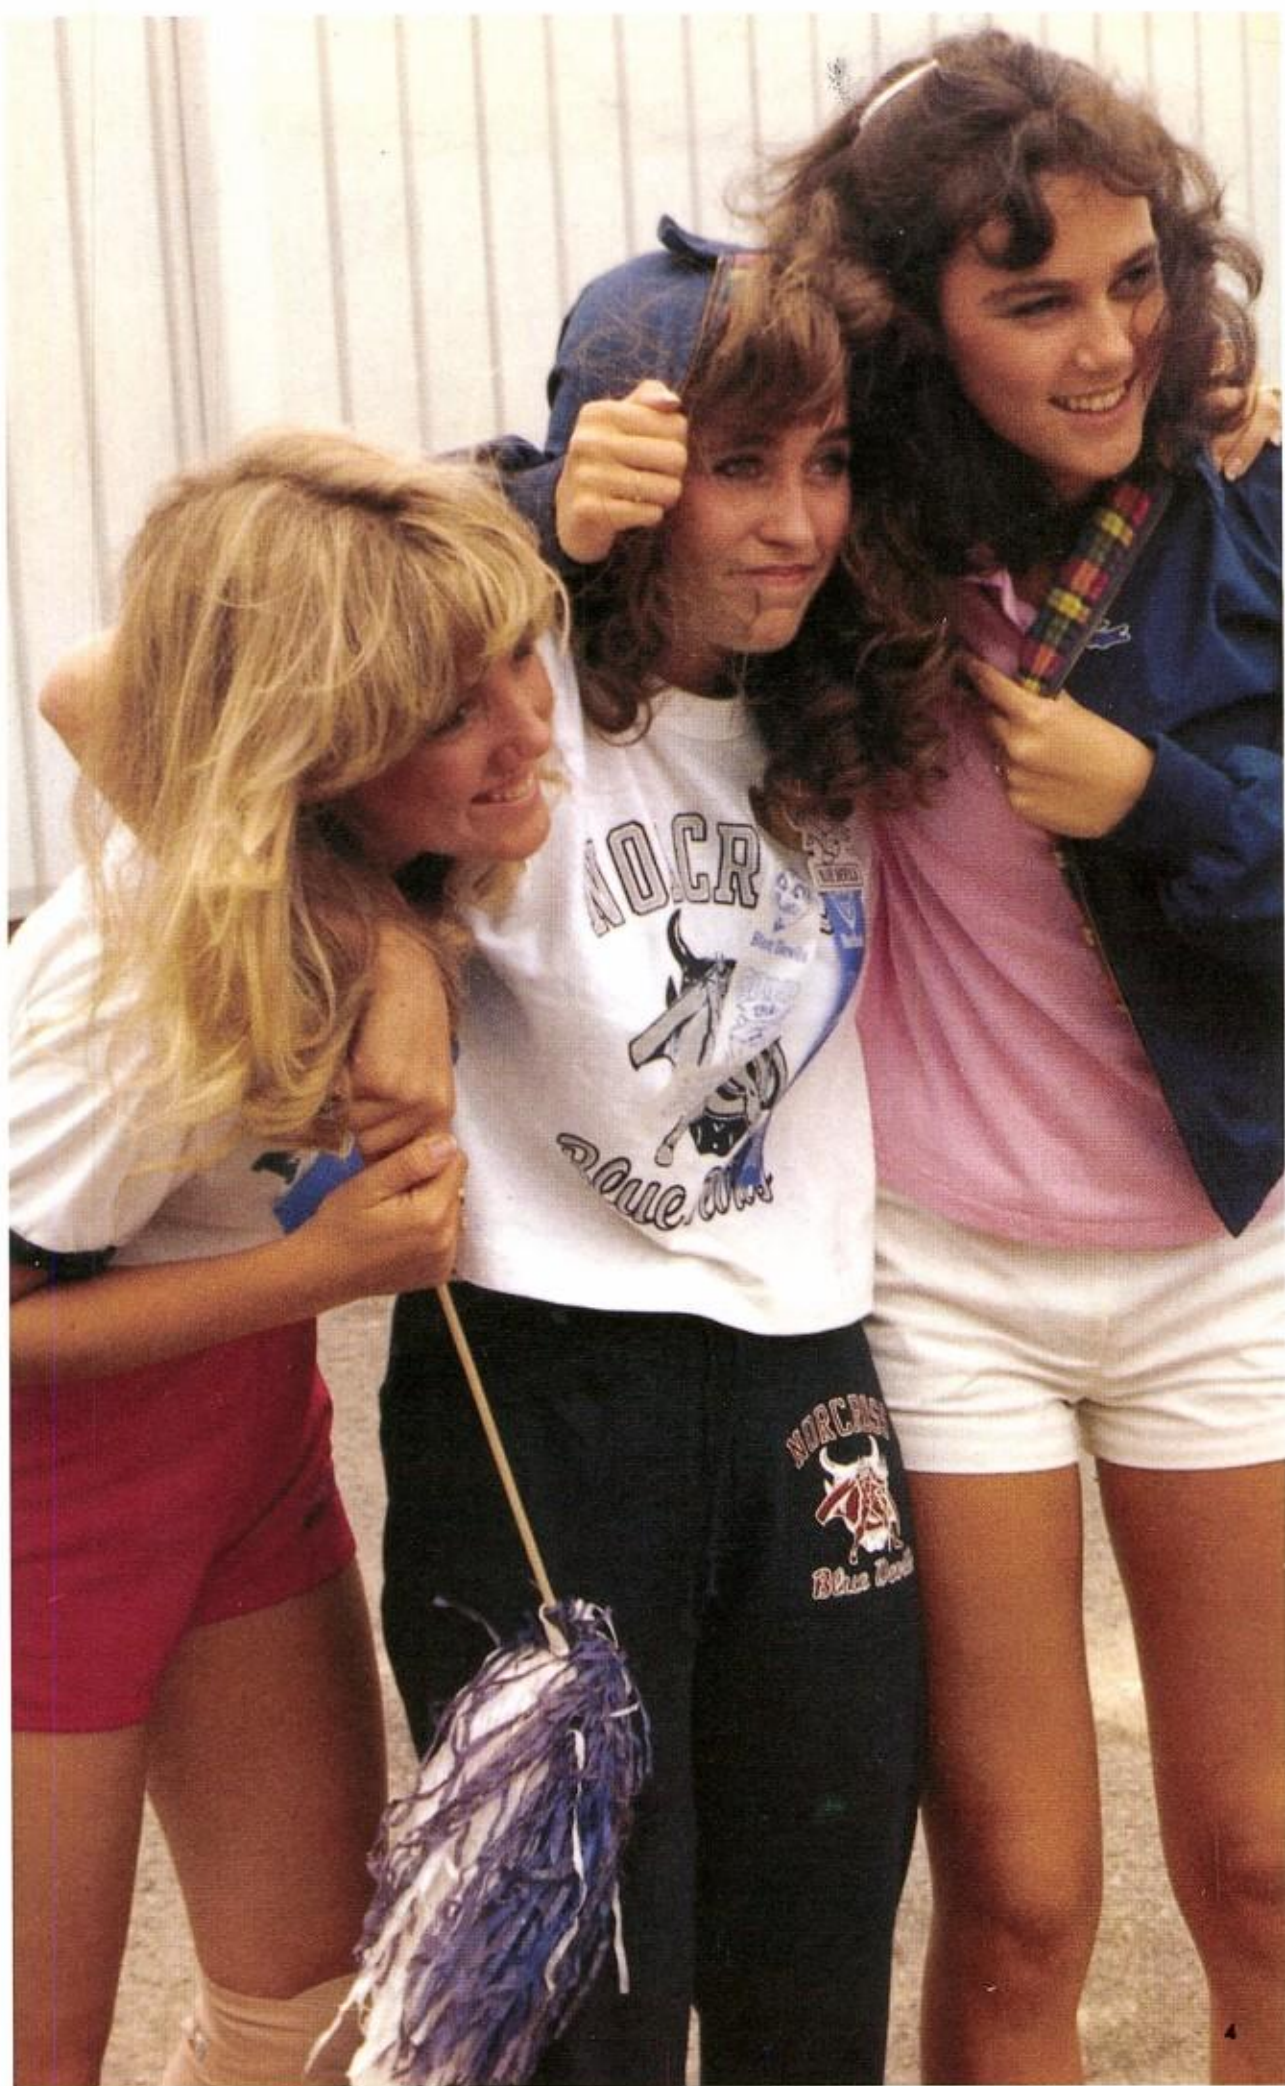

Teachers are clearly evident in the halls, at their doors, talking with students or supervising detentions. Norcross' faculty and staff is ever accessible to the students, and this accessibility is a strong factor in the close-knit feeling in Blue Devil Country. Early arrivers to school will see Mr. Everett and his staff already at work on building maintenance, putting the cafeteria back in order after the night classes have used the area.

The Norcross campus provides a variety of meeting places for its inhabitants. Such places help form new friendships and encourage student interaction.

While the cafeteria has always seemed an obvious center of activity, the patio adjacent to the dining area has become somewhat of a cross-cultural phenomenon. Virtually every type of student imaginable may be found on the patio. Weather does not seem to be a determining factor — heat or cold will not deter conversations, debates, or even an occasional argument.

The courtyard, with its familiar bell tower (see cover illustration), has been a well-known center of socialization for years. It has, however, taken on a new dimension with the dramatic increase in enrollment. Oldtimers and newcomers as well spend between and before class time talking in what has become a veritable hub of activity.

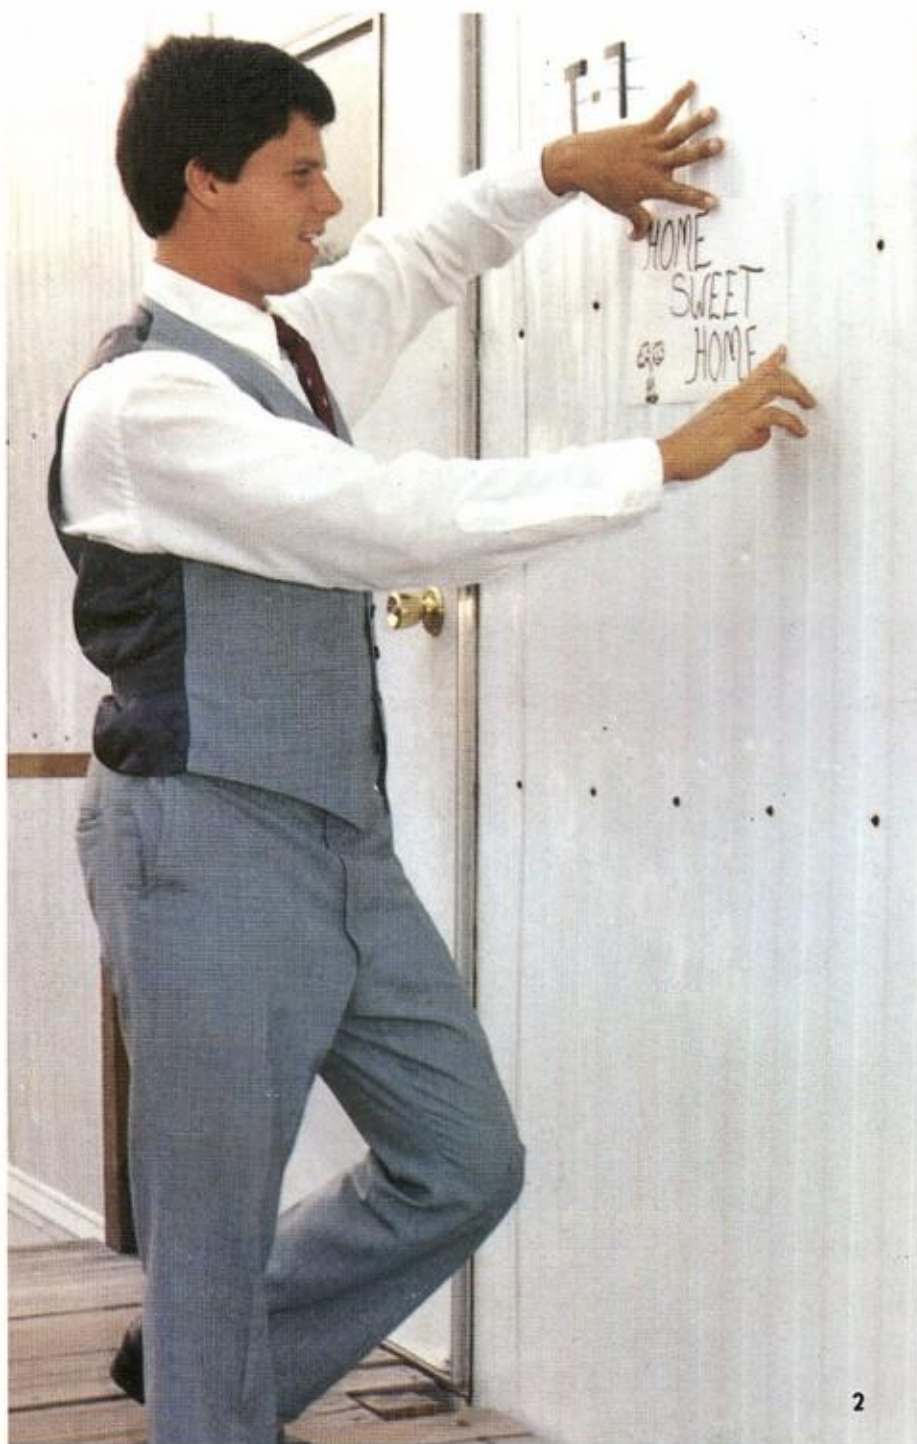

1 — Mrs. Williams lecturing, in her unusual manner, to her 3rd period Junior English class. 2 — Rhonda works hard on getting schedule changes done to please others. 3 — Fred Rohrbach filling the coke machines during P.E. 4 — Kay and Annette try to hide Robin from the animals of N.H.S. 5 — Brice Sallé tries to figure out his schedule. 6 — Jeff Temme studies in the library before a major test. 7 — Blue Devils say: "WE ARE FAMILY!!"

Students are found milling around lockers, shoving just one more book into a cubicle that is shared with at least two other students!

Although hallways are as popular as ever with the student body, a recent addition to the gathering places has been the parking lot between the gymnasium and the athletic field. Part of the excitement this year has been the presence of the Atlanta Falcons football team, relieved of their regular facilities by the NFL players' strike. The first few days were filled with autographs and handshakes, which then settled into almost blah acceptance of the honorary students (as many of the Falcons were called).

No area of the campus has been more noticed than the bus area, also known as "Trailer City." In addition to the portable classrooms, dozens of old and new buses fill the parking lot during the afternoon hours. Space is such a premium that buses are literally bumper to bumper, creating a maze for the departing scholars. Added to this confusing sight is a newly renumbered parking area for faculty immediately adjacent to the portables. It is, at times, a spectacle worthy of any Hollywood producer.

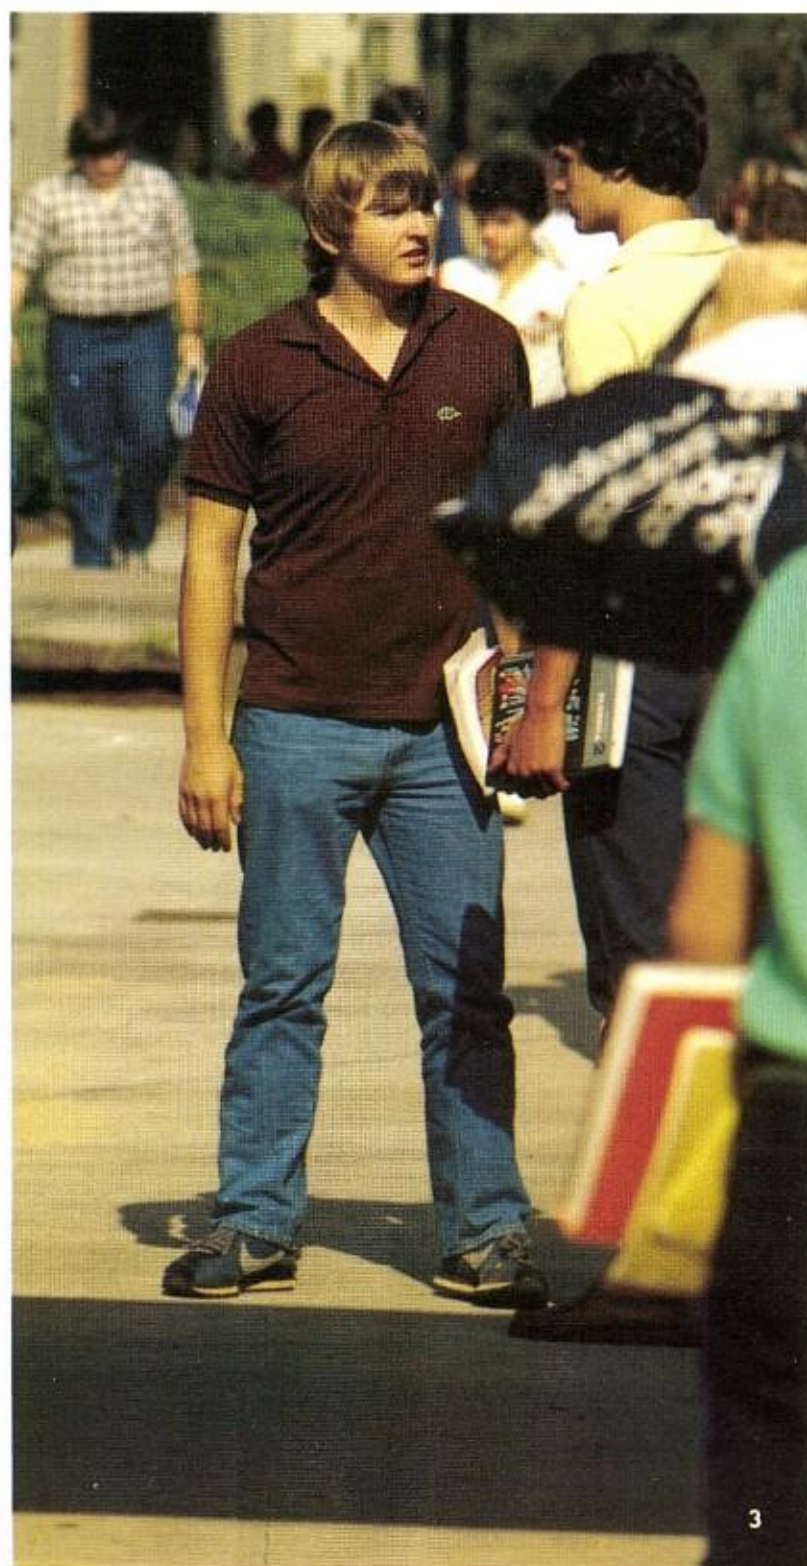

1 — Rhonda Denney fights the obstacles of sharing a locker. 2 — Coach Deloach emphasizes “HOME SWEET HOME.” 3 — Newspaper deadlines “what a pain.” 4 — When Mrs. Parker talks, everybody listens. 5 — Jeff Henderson and Bobby Singer take time out to play Galaga at Norcross Arcade.

Even an egomaniac can get along at Norcross. No personality type need feel alone. One of the results of the spiraling growth in the area has been the appearance of the "Melting Pot," as it was named by former administrative head of the school, John Phillips. His successor, Principal Ronnie Williams, concurs. Students drawn from highly diverse geographic regions and differing cultural backgrounds have turned the Blue Devil Country into a new international potpourri. The infusion of different, and perhaps one might say new blood into the school has had an exciting effect. Long time Norcross students, intermingling with the late arrivals, have helped create a pleasing "character" within the Norcross school community. While the number of variables are great, so is the cohesiveness which seems to prevail at school. No one is, of necessity, left out. Being a loner is a choice not a forced circumstance. Everyone has a niche, no matter what previous residence or school situation might have been.

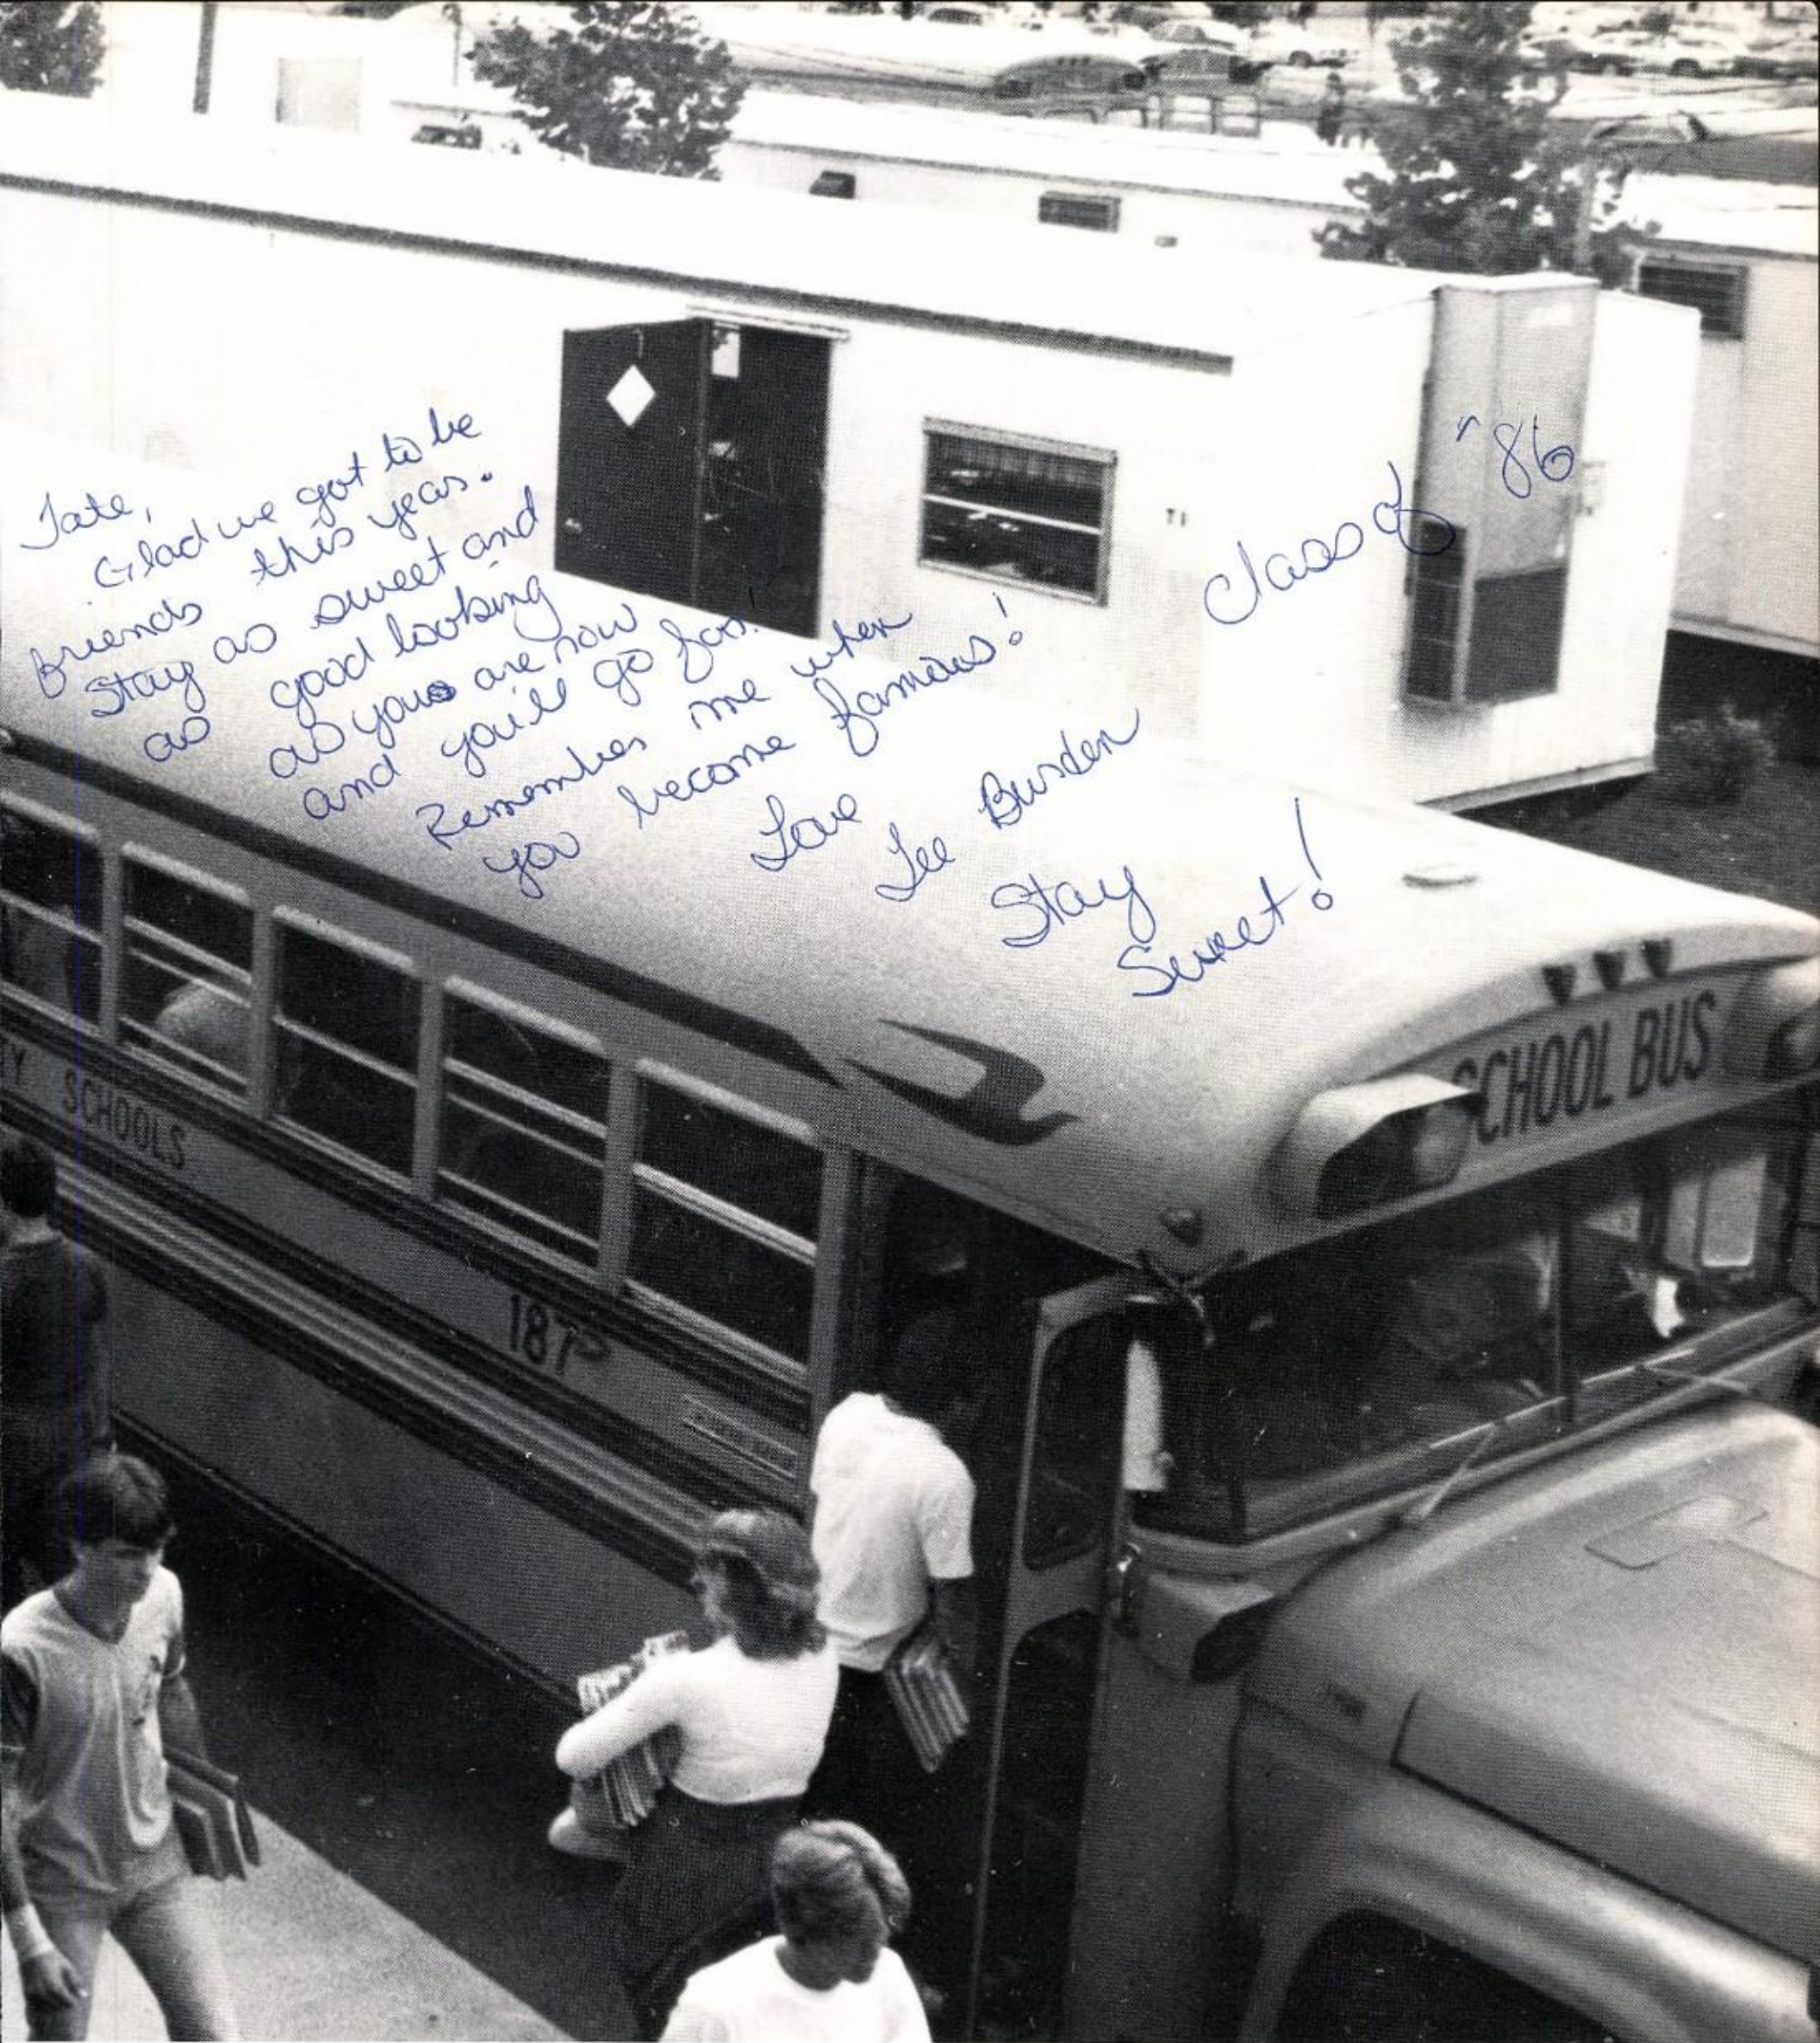

1 — Seniors gather at lunch to gossip. 2 — Robin shows class. 3 — Students catch a quick "Hello" between classes. 4 — N.H.S. Varsity footballers get some advice from the Atlanta Falcons. 5 — Andrea and Gina cool off and clean up at the same time at a local car wash. 6 — A group of Freshmen hang it up during a class break. 7 — Norcross Varsity Cheerleaders signal the start of a mid-season pep rally. 8 — County workers produce instant grass. 9 — 9th grade football players get in a few minutes of "R and R" before the coaches arrive for afternoon practice.

Individual spirit is most evident in the obvious effort being made by faculty and longtime Norcross class members to incorporate new students into the mainstream of student life.

Activities have been developed to include a broad spectrum of student interests. Student Council initiated a series of dances, hosted by well-known D.J.'s; new clubs such as the Fellowship of Christian Athletes have been organized and made a concerted effort to recruit members; and by accident rather than by intent, the hallways themselves have encouraged the formation of new friendships by keeping student bodies closer together to certain crowded passageways.

1 — Ms. Westaway takes a break between classes. 2 — Morris Harris watches as his teammates fight for VICTORY over a Friday night opponent. 3 — What planet has visited a Norcross pep rally? 4 — Is this what is called STUD ROW? 5 — Liz Chandler works on a Chemistry lab. 6 — Bill Thompson and his lovely group of girls. 7 — Is Bill seeking help on an assignment?

The first step of "A PERILOUS JOURNEY THROUGH BLUE DEVIL COUNTRY" begins with a student's arrival to N.H.S. from middle school. Once looked up to, freshmen now find themselves looking up to others. The younger class at N.H.S. struggles through crowded halls, more demanding classes and incredibly complicated social mazes.

1 — Norcross Varsity Cheerleaders show their Homecoming spirit by entering a car in the Homecoming parade. 2 — Who is Laura posing for in this picture? 3 — John Douglas shows off his monkey ability for the camera. 4 — Joy Covington, the Norcross Blue Devil! 5 — The Senior, pride and joy, float won the Homecoming award for BEST float for the first time in four years. 6 — Larry O'Jay from V-103 supports the Blue Devils by D.J.ing the Homecoming Dance. 7 — I WANT MUSCLE!

The longer a student remains at N.H.S. the more he finds himself a part of the geography of Norcross. Long standing traditions such as candygrams, Homecoming flowers, float construction, pep rallies, face painting, arcades, drive-ins, and just cruisin' become the way of life. Each year students adjust to new fads (preppy is in? out?) changing customs (dances are fun, now!) and increasing pressures (McDevitt term papers, calculus, etc.). Fads come and go but the traditions of N.H.S. are very special and meaningful to each and every student.

1 — Veronica Page works to sort out "Ghostly Greetings" which the Junior Civitan club sold. 2 — The 1983 Homecoming Dance is a grand success. 3 — Jeff Henderson shows Shelley Poole exactly who is a muscle man ?? 4 — Robin and Dawn pose pretty for the camera. 5 — Just taking a minute of relaxation from a very exciting dance.

Plan to stay awhile in Blue Devil Country, for the points of interest are many and the opportunities for growth and development abound. Meet the administration and faculty in "Not Far From Athens." Experience the thrill of battle in "Natives in Combat." Share the Senior quest for the "Goal at the End of the Trail," and gain insight into N.H.S.'s social patterns in "Society and Culture of a Rare Breed." Before you leave the area, find your look-alike in this volume. Are you in "Heartland"? Spend your last moments in quiet contemplation. The geography of Norcross promises to afford you magnificent vistas — challenging mountains, uncharted pathways, complicated courses, and ever-changing social structures. ENJOY!

Your journey through Blue Devil Country will take you down many hallways, across many parking lots and into many fields. As you travel through N.H.S., you may hear voices raised in song, dramatic monologues being recited, band instruments being tuned, routines being practiced, or a typewriter punching out the next big story for the newspaper.

As you journey, use all your senses to experience fully all that the geography of N.H.S. affords a visitor. See the Senior class members painting faces on the day of the big game, listen to the roar of the students rushing to a pep rally, and feel the excitement in the halls and in the classrooms during spirit week. There is much to experience for a visitor and native alike in Blue Devil Country.

1 — Mike Allen enjoys a pre-game meal at Norcross First Baptist. 2 — And who are you thinking about today? 3 — Robert Jarvis has a moment of confusion. 4 — Burcher Gammage has a few moments to catch a few rays. 5 — Norcross High, a Punk Rock haven? 6 — The Gwinnett T.D. Club most valuable offensive back Sheeley Poole. 7 — Ms. Webb is honored at Norcross' 150 birthday.

This year's yearbook is dedicated to two very special people. The first of the two is Mrs. Gail Middour. Mrs. Middour came to N.H.S. four years ago, when the class of '83 were just starting out as freshmen. When asked what she thought about this year's graduating class she replied, "I consider them to be my class and extra special."

Mrs. Middour is very involved in the everyday lives of many N.H.S. students. She's a counselor to many a problem and heartbreak, a mender of broken friendships, a sounding board when a student needs to let off a little steam, and just a very good friend.

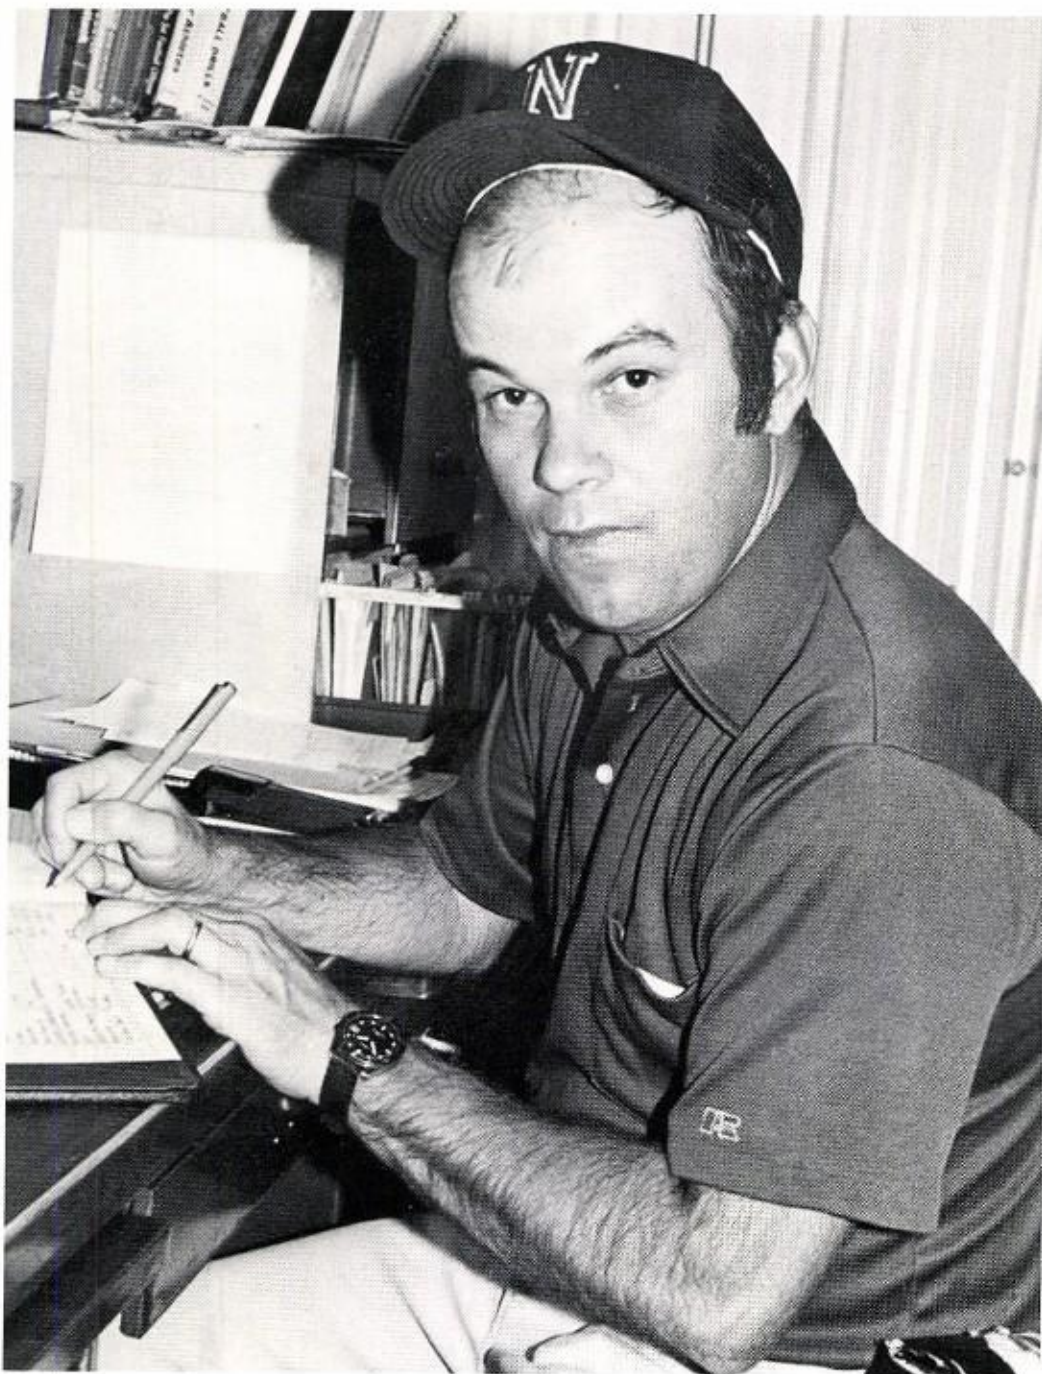

Many students have said that just seeing her smile at the end of a crowded hallway lifts their spirits a little more.

Outside of school, she has a very fulfilling life. She takes care of her new husband of three years, and her dog, Buffy. She's very involved in sports; besides skiing, she is also the Girls' Tennis Team coach. She also is known for substituting as cheerleading sponsor and team mother for a lot of sports.

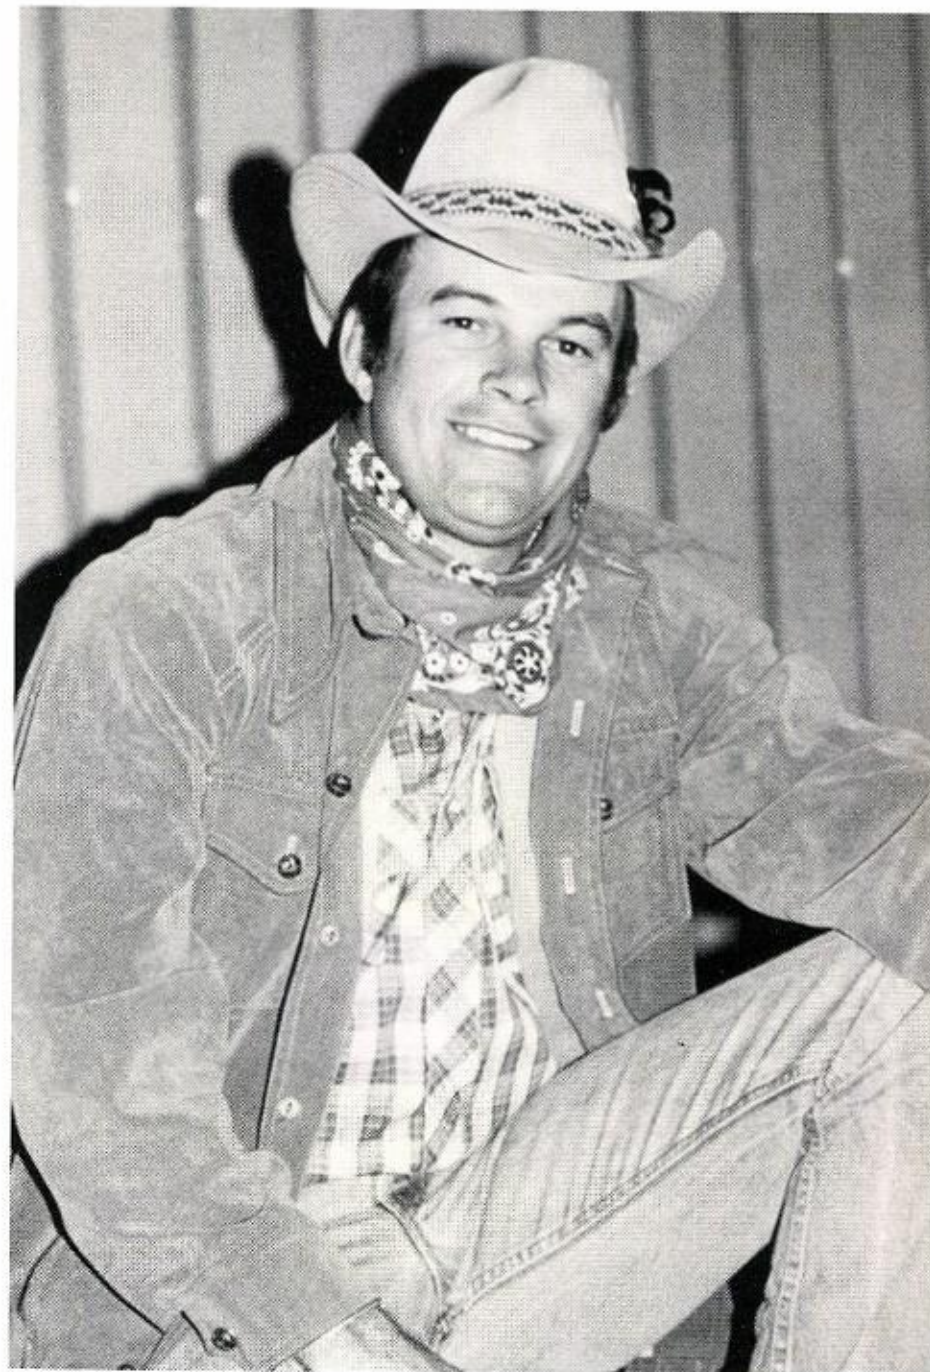

This year's *Spectrarama* staff would like to congratulate Mrs. Gail Middour on a job well done.

The second special person the yearbook is dedicated to is Coach Jerry Raines. Coach "Daddy" Raines as many girls call him, has been head football coach and athletic director at N.H.S. for six years. He has also had to fill in as a baseball coach, 9th grade girls basketball coach when no one else was available.

When asked what his favorite thing about N.H.S. was he replied, "The relationships, between the students, and the students and faculty."

The people with the most respect for Coach Raines, themselves, and others would have to be the football players and those associated with them. He has taught each group of players something different through the years, this year's team learned that, "TOGETHER WE CAN!" When several players were asked to comment they all replied basically the same; Coach Raines has taught athletes at N.H.S. to strive for more than expected, to reach down for that extra deep down.

Even those not involved with athletics agree that he has brought that extra "umph" to N.H.S. Not only do students turn to him for classes needed, ice for a hurt, or to get a better way to do something, but teachers are also known to run to him for help. They needed an ice cooler for a day, sports equipment for a game, or that most famous request, "Can the___use your van to go___." From the drama club to F.H.A., all seek his help for something. Thanks Coach Raines for being there.

1 — John Greiner and Randy Salmon watch with great concern. 2 — The Blue Devils are ready for action. 3 — Coach Raines has the spirit. 4 — Bobby Singer takes a break. 5 — Richard Sosebee makes a great stop. 6 — Aleck Gilner is pleased with the outcome of the game. 7 — The team bursts through the spirit banner prepared for a victory. 8 — Morris Harris rushes for a touchdown.

HABERSHAM CENTRAL — The 1982-83 football season opened on August 27 at Habersham Central. Tension was high and excitement everywhere as the NHS Blue Devils defeated Habersham 14-3. The first touchdown was made by Shelley Poole and the second by Morris Harris which was a thrilling 78 yard run. Charles Delles, Randy Salmon, and Richard Sosebee skillfully played the defensive line. The Devils walked away with their first victory and from it, the promise of success was in the air!!

BERKMAR — NHS Blue Devils played a very competitive game against Berkmar. It was the heart breaker of the season. Norcross was leading 20-15 in the fourth quarter, but Berkmar scored a touchdown in the final minutes of the game, which resulted in 20-21 loss. But the game was one of those classics where interceptions, long throws, distant runs, time factors, and anticipation held the roaring crowd's attention from breath to breath. Elbert Manning, Morris Harris, Shelley Poole, and Clay Ogata each scored. Even though the game was not victorious for NHS, it helped to boost the spirit of competition and the desire to win the forthcoming games.

DULUTH — Another spectacular game was played at Duluth in which the Blue Devils won 42-12. After that heartbreaking loss against Berkmar, the Norcross team flamed through the entire game at Duluth. Shelley Poole, Elbert Manning, Clay Ogata, Alec Gilner, Wes Burton, Chuck Gray, and Mike Waits all scored.

PARKVIEW — The Blue Devils performed with perfection, winning against Parkview 41-14. Despite the bitter cold, a large crowd turned out to cheer the game on. Shelley Poole led the team in rushing. He had 19 carries for a tremendous 226 yards. Elbert Manning and Wes Burton also did great jobs carrying the ball.

CENTRAL GWINNETT — Half into the season, the Varsity Blue Devils came out as the victor in a tremendously played game. Elbert Manning rushed 238 yards in 21 carries and Shelley Poole rushed 144 yards in 26 carries. As the result

of these fantastic runs, Poole scored 12 points, Manning 6, and Clay Ogata added the extra points. It was certainly a fine night for NHS. The promise of success had finally become a reality!

GAINESVILLE — The team's effort was outstanding, but unfortunately not enough to defeat Gainesville. 3-39 was the final score. Shelley Poole, Morris Harris, Elbert Manning and Rick Cheek all rushed for a total of 146 yards. The whole team did an excellent job. Clay Ogata kicked a field goal for NHS' only score of the game.

WINDER BARROW — The whole week's preparation for the Homecoming had put the NHS crowd in good spirits. The "Dress-up Days", pep-rally, and the fun parade through the city

of Norcross during that week had become a memory. With the field decorated with the artistic floats and the pretty ladies of the Homecoming Court, the team was ready for a fine game. Blue Devils won 21-0 in which Elbert Manning, Shelley Poole, and Clay Ogata scored. It was a terrific feeling winning such a fine game and everyone was ready for the Homecoming Dance on the following night!

BROOKWOOD — After an outstanding game against Winder Barrow the previous week, the Blue Devils gained another victory. This time against Brookwood. The team scored five times. Twice by Shelley Poole, twice by Morris Harris, and once by

1 — Joy Covington, our own NHS Blue Devil. 2 — Clay Ogata put in his best performance for every kick. 3 — Shelley Poole launches forward for the opponent's fumbled ball. 4 — Thoughts shuffle as Robbie Renno concentrates on the game. 5 — 1983 Varsity Football team and their dedicated helpers.

Dan Dubay. The extra points were kicked by Clay Ogata, who also kicked a field goal. Morris Harris plowed through Brookwood's defense gaining 158 yards in just 5 carries. Shelley Poole, Wes Burton, Elbert Manning, Mike Ledford, Chuck Gray, Rich Cheek, and Dan Dubay all carried the ball several times for another 273 yards. The victory was an important one in the decision of who should go to the play-offs. The team definitely deserved the great win.

NORTH HALL — Two nights before Halloween, the Blue Devil Team took a trip to North Hall and won the game 27-0. It was the second to the last game of the season and a deciding game for a play-off position. The NHS Varsity Team played tough under fine direction of the coaches, and rounded up a clean cut win. Rick Cheek, a sophomore, played extremely well that night. Elbert Manning, Shelley Poole, Morris Harris, and Dan Dubay each scored 6 points, and Clay Ogata kicked for 3 points.

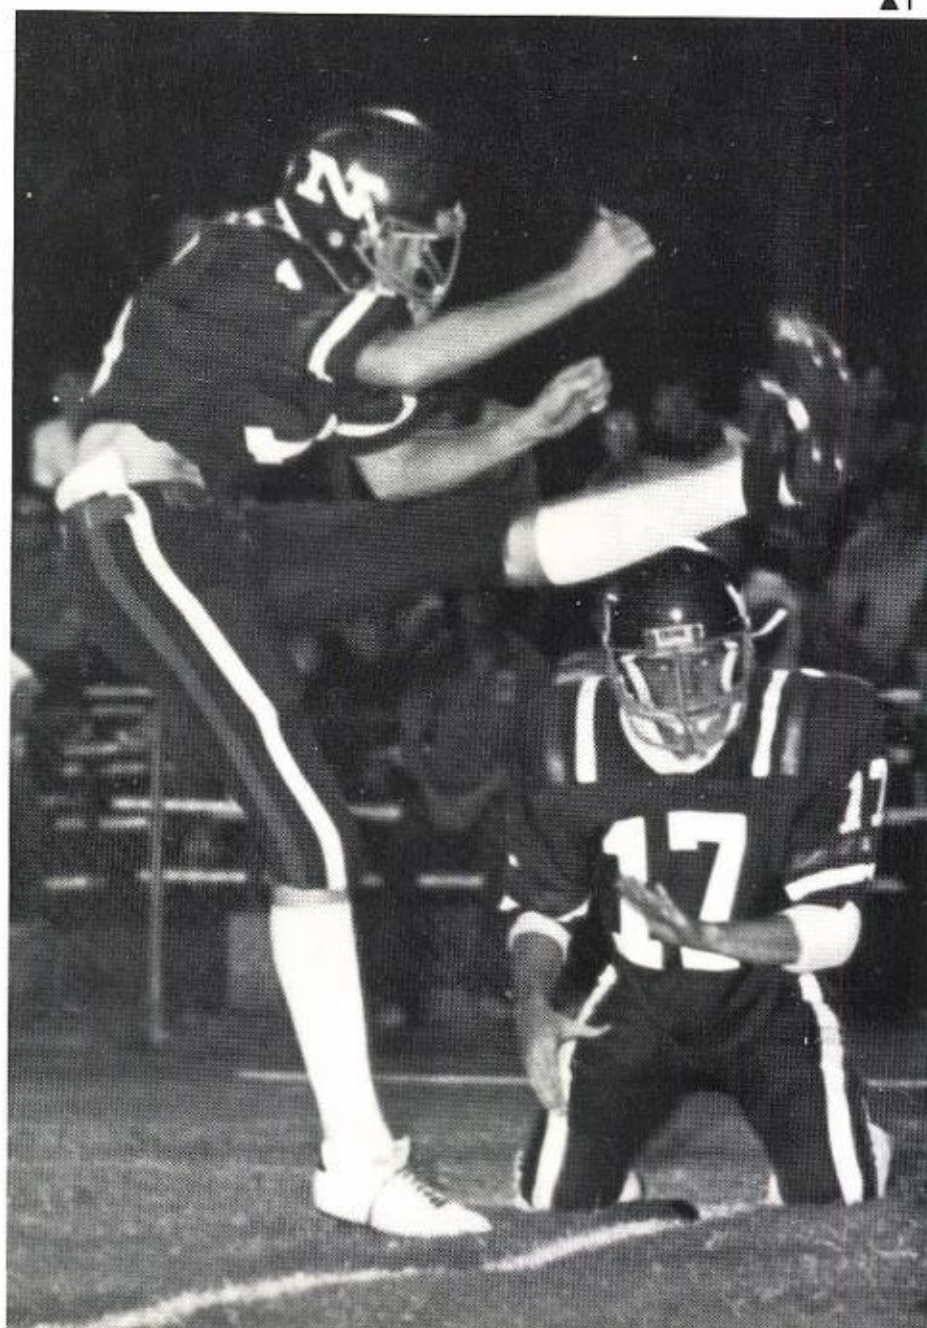

MONROE — With fire in their eyes and victory on their minds, the team surged into action and gained a 27-17 win. Shelley Poole again made numerous runs for a total of 100 yards and 2 touchdowns. Wes Burton and Morris Harris both scored, also Wade Leonard and Clay Ogata kicked the extra points. The fans' spirit and the team's display of talents were both breathtaking. Now, the great task of readying the team for the play-offs began.

MADISON — The big night had finally come. Anticipation filled the air as the crowd anxiously awaited for the game to start. After winning the four previous games by large margins, the Devils were in for a good game. Shelly Poole ran 27 times for 130 yards. Elbert Manning, Morris Harris, Rick Cheek, Mike Ledford, Alec Gilner did exceptionally well. Everyone worked extremely hard to get this far and the team effort was tremendous. This was without a doubt one of the best played games of the season, but the only score was made by Bobby Singer. It ended the game with a 7-8 score.

In conclusion, the 1982-83 Varsity Football Team did an almost picture perfect job. They accomplished an 8-2 regular season record and made the play-offs. Great talents, who are now bound to the road of success, were part of the team. Almost 50% of the time, the Blue Devil Team shut out the opponents. The top leading scorers were Shelley Poole, Elbert Manning, Morris Harris, Clay Ogata, and Dan Dubay. The fine network of the team put NHS in good standings in our region. Congratulations to Coach Raines, assistant coaches, team managers, and the Varsity Football Team for a job well done.

With six wins and one loss, the B-team Football players and coaches continued the "year of the winning teams." The most memorable games were played against Central and South Gwinnett in which every one performed at their best. But for the whole season, Rick Cheek, quarterback, and Mark Watkins, defensive back, were quoted as the most valuable players. Offensively, Ben Broome, Perry Keiffer, Jay Roesch, and Jeff Crumely deserve much praise for their fine job. Defensively, Greg Nabors and Tony Vaccaro are celebrated for their accomplishments. We wish them all the luck when they reach Varsity!

9th GRADE FOOTBALL — "Right from the beginning, we had to overcome one problem after another to achieve what we considered a successful season," stated Coach Ranus, the 9th Grade Football coach. The 1982-83 Baby Blues did an outstanding job, under Coach Ranus' fine directions. Roger Rivas and Thad Barnes, who received the defensive player of the year award, did outstanding jobs as linebackers. Matt Ward and Lee McCullem both had a fine year, also. Offensively, Matt Miller was voted the most valuable player and received the offensive player of the year award. Ron Shelton played fullback extremely well and Steven Daniels did an excellent job as the quarterback. The overall team had a very successful season and hopes to do as well next year as the B-team members.

ATLANTA FALCONS — The Falcons visited NHS during the National Football League strike in the 1982-83 season. Their visit allowed the Blue Devil students to meet the pros and see

them in practice. It also brought local and national media coverage to NHS. We were happy to have hosted the Atlanta Falcons and wish them good fortunes. Hopefully, some of our football players will become pros one day, too.

Homecoming is a tradition at Norcross High which is still very alive and extremely popular. This year, Homecoming began with Spirit Week; students were urged to show their spirit and dress up for Punk Rock Day, Western Day, Military Day, Sports Day, and Blue and White Day. During the week prior to the Homecoming game, the National Honor Society sold carnations, which were delivered in homeroom on Friday, and the Girls Basketball Team sold Spirit Chain links for 5¢ each. This year, the Freshman class took first place followed by the Sophomore, Senior and Junior Classes. On Friday afternoon, the traditional pep rally was held with the parade following. In the parade, the class floats and club cars were judged. The Homecoming Court also rode in cars along with their class floats. Homecoming Court representatives were chosen by their fellow classmates and votes were tallied by the student council, who sponsored the parade. Homecoming Court members were: Seniors: Holly Barber, Beth Bowen, Kay Gaddis, Denise Merrit, Chris Vorpahl and Laurie Walker; Juniors: Whitney Jones, Becky Speaks, and Kim Tompkins; Sophomores: Christy Chastain, Melanie Mitchell, and Jennifer Reddick; Freshmen: Lisa Lane, Candi Reddic, and Missy Thompson.

The chill of the evening was matched only by the air of excitement on the part of the N.H.S. student body, parents, and the visiting alumni.

Tension mounted as the students awaited the announcement of the winner of the float and car competition. A mixture of cheers across Norcross Stadium as the crowd discovered the Seniors had won the float competition and the Junior Civitan had won the car competition.

The half-time activities finally arrived with Norcross ahead 21-0 over Winder-Barrow. The Homecoming Court Representatives walked onto the field with their escorts as the band performed an excellent show. All the senior court members waited nervously for the announcement of the new 1982-1983 Homecoming Queen. The stadium hushed as the drum roll began ... and the new 1982-83 Norcross Homecoming Queen is ... Kay Gaddis!! Kay Gaddis, a very friendly girl at N.H.S., was filled with shock as she was crowned by Regina Patterson, last years queen.

Homecoming '82 is an event which will be cherished for many years by all Norcross students. The Seniors will remember the winning "Big Boy" float, Junior Civitan members will take pride in having won the car competition, and Kay Gaddis will cherish the night she became Homecoming Queen. This night will be special to all parents and alumni too. Homecoming '82 was a night which will be cherished for a long time in the hearts of many.

The Varsity and B-team cheerleaders began their season at a camp in Athens, where they both received superior and excellent ratings for their performances. Throughout the year, both teams cheered with incredible energy for football and basketball games. The girls sold doughnuts and trash cans to help pay for their new uniforms. They also sold spirit ribbons and buttons to help boost student spirit.

The 1982-83 Varsity team consists of Rhonda Benson, Beth Bowen, Laura Dykstra, Kay Gaddis, Laurie Garmon, Joy Hickman, Karen Holman, Kim Kiser, Denise Merritt, Carol Peterson, Paige Prather, Debi Soden, and Kim Tompkins.

Jennifer Riddick, Holly Hilburn, Julie Tucker, Mary Beth Elias, Robin Benson, Kelly Hudson, Denise Schlitt, Angie Hutchinson, and Michelle Harper made up the B-team cheerleading squad.

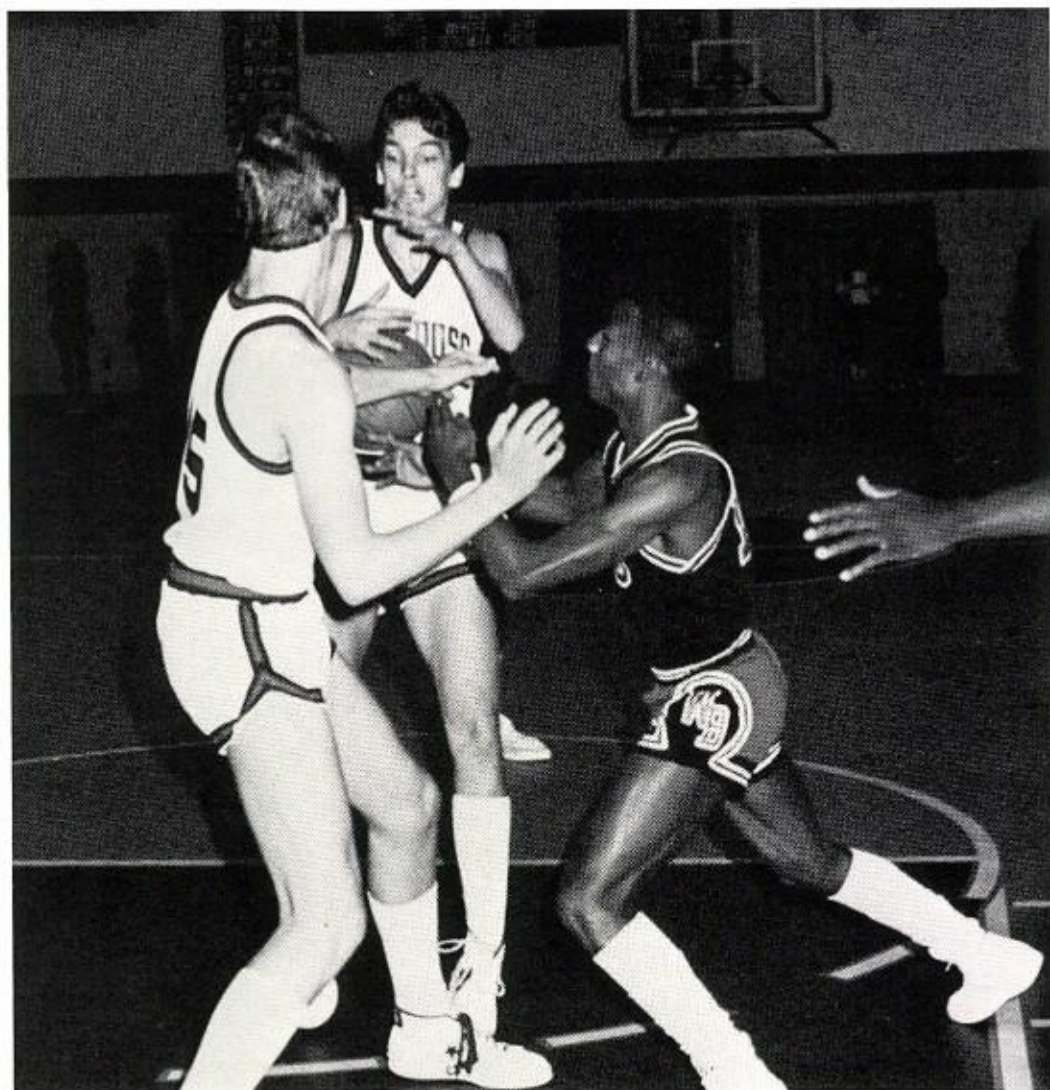

Under the guidance of Mrs. Lewis and the leadership of the Varsity captain, Carol Peterson, and B-team captain, Jennifer Riddick, the squads kept school spirit at its best.

NORCROSS VS. DULUTH: Not a close game by any means. The Duluth Wildcats went home with little spirit when Norcross fiercely played and defeated them 73-37. Jim Crego was the leading scorer with 16 points and 6 rebounds. Jeff Sillay followed closely behind with 12 points. Norcross did outstandingly in rebounds — Elbert Manning had 11, and the whole team's total was very good. Every player made his contributions to this game. Pete Brown, Clay Ogata, Mike Senf, Alec Gilner, just to mention a few, added to the Devil victory. All of the teamwork in this game simply made the Devils' victory an even bigger one.

NORCROSS VS. BERKMAR: One of Norcross' more exciting games was against the Berkmar Patriots. The Devils beat them by 13 points with a score of 68-45. The leading scorer and rebounder was Elbert Manning with 24 points and 11 rebounds. With 17 points, Jeff Sillay showed his great athletic skills. Jim Crego had 10 points and 7 rebounds to account for that night. As usual, Norcross as a whole, shared excellent teamwork, dedication, and skill throughout the entire game.

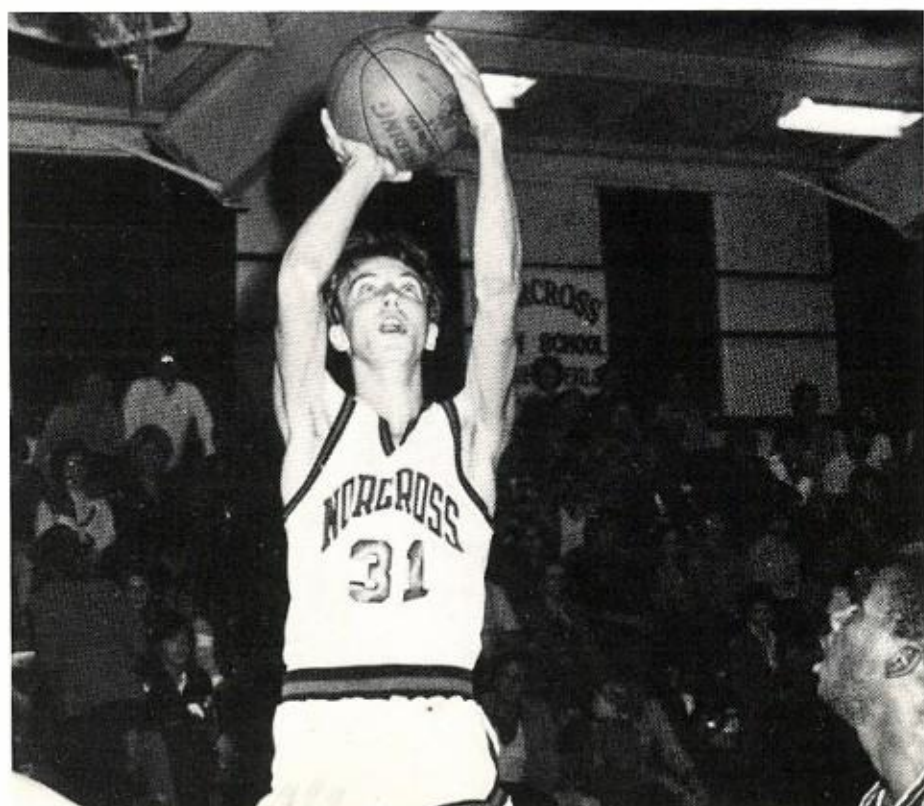

NORCROSS VS. NORTH HALL: North Hall did not even come close to defeating the Blue Devils in their January 7th basketball game. The Devils "romped to victory" with an 81-46 win. Obviously, Norcross dominated the entire game, not to anyone's surprise. The lead scorer for the night was (continued on pg. 54)

NORCROSS VS. CENTRAL: The game against the Black Knights was a grand victory for the Blue Devils in which all the excitement of an excellent basketball game was involved. The score was 48-49 in favor of Central in the last few seconds of the game. Being only one point behind and a few seconds remaining and a possibility to win, tension was building high on the Norcross side. All NHS players were alert. Mike Senf got the ball, shot, and the ball terrifically went through the nets just as the buzzer went off. So the final score ended in 50-49 win for the NHS Varsity Boys. It was remembered as one of the best games of the season. Jeff Henderson led in scoring with 12 points, followed by Mike Senf with 9, Jeff Sillay and Elbert Manning each with 8. Alec Gilner led in rebounds with 9, Elbert Manning had 6, and Mike Senf had 3.

Overall, the season for the Varsity Boys was a good one. Such performances as the ones in the games with Central Gwinnett and Berkmar are good examples of their worthiness. They rounded up the season with 11 wins and 13 losses. Jeff Henderson with an average of 12 points, Jeff Sillay with 11, and Elbert Manning also with 11 were the leading scorers for the season. Rounding up the top 3 in rebounds were Elbert Manning with an average of 8 rebounds per game, Jim Crego with 7, and Mike Senf with 6.

Thanks to the Senior Varsity players and good luck to Coach Norris and the rest of the team next season.

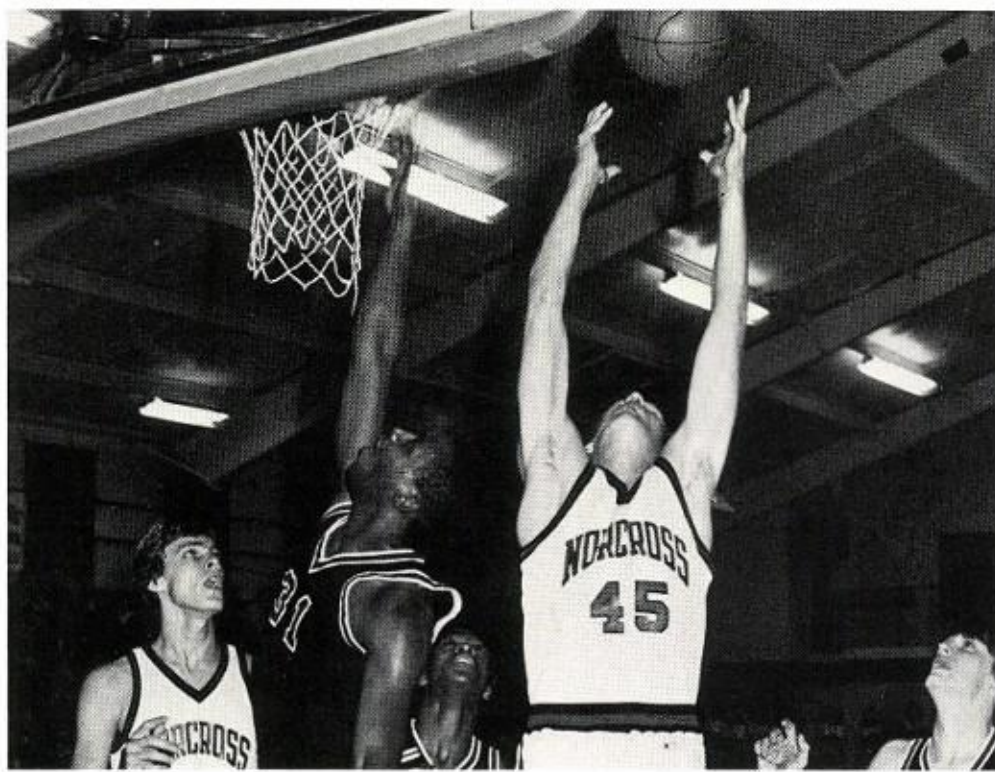

The 1982-83 Varsity girls put in an overall good effort, but the individual accomplishments were enormous. The record was 8 wins and 14 losses of which over 70% of the games were lost by 2 or less points.

At the beginning of the season, the Varsity Girls' first win of the season was against Duluth. Julie Cross scored 16 points, Dana Jordan 9, and Arthette Caldwell 8, which all contributed to 48-40 win for the Devils.

Duluth for the second time with 56-54. In these games, Jill Johnson, Leanne Cobb, Laurie Walker, Dana Jordan, and Phyllis Brundage were the leading scorers.

Toward the end of the season, the Norcross team stomped on the Berkmar Patriots with the score of 55-38.

8 Seniors, 5 Juniors, and 2 Sophomores make up this fine team led by Coach Teague. Overall, the leading scorers were Jill Johnson, Dana Jordan, Laurie Walker, Julie Cross, and Mary Szyperski. Julie Cross was quoted as the leading rebounder of the season.

For the 1982-83 B-Team Basketball Team and Coach Smith, the season turned out to be one of the most excellent ones. The team has a record of 10 wins, 3 losses and 1 tie to prove their excellence, but most of all, lots of fun and learning was involved in it. (continued on pg. 60)

Mike Ganote, with an average of 15 points per game, and John Henderson, with 12 points, led the entire season in scoring. Wally Amerson, also third in scoring with an average of 9 points per game, was the leading rebounder. Mike Bennett and Mike Ledford are quoted as the most improved players. But all of the 14 members performed their best under Coach Smith's easy going but effective coaching.

The game against the Berkmar Patriots was the thriller of the season in which a shot was made in the final 6 seconds of the game to give Norcross a win by one point. Lots of celebration was called for that night and we hope to see more of these excellent performances when the B-Team reaches Varsity!

The B-Team girls, led by Coach Westmoreland, marched through the 1982-83 season while learning, improving, and having a lot of fun. Fellowship reaches out far among the players, and sportsmanship and friendship keep them well knitted together. (copy cont. on pg. 61)

The B-Team girls have had 8 wins and 6 losses, but most of their losses were by 2 or less points.

The game with Central Gwinnett goes in the book as their most memorable game of the season in which the Norcross team beat the Knights for the first time in a couple of years. Throughout the season, Stephanie Smith, Daria Heslin, and Julie Barron led in scoring. Keri Klaudt, Kati Hanger, and Daria Heslin were the top rebounders.

The B-Team is a pack of energetic and quality players. Presumption of their success as the Varsity team is almost a guarantee.

The 1982-83 season was a learning experience for the 9th Grade Basketball Team. For Coach Pierce, there were many new talents to be discovered and put into use. But 9th Graders are a group of strong-willed Devils who have the qualities to "make it."

The team had 1 win and 9 losses. Steven Daniels led in scoring while Matt Miller and Don Hudak led in rebounds. Chris Dry, Mike Szyperski, and Jim Schlenker performed well overall.

The 9th Grade Devils look back on the game with Central Gwinnett, as their most memorable of the season. The game went into double overtime in which Norcross came out tarnishing the Knight 37-36.

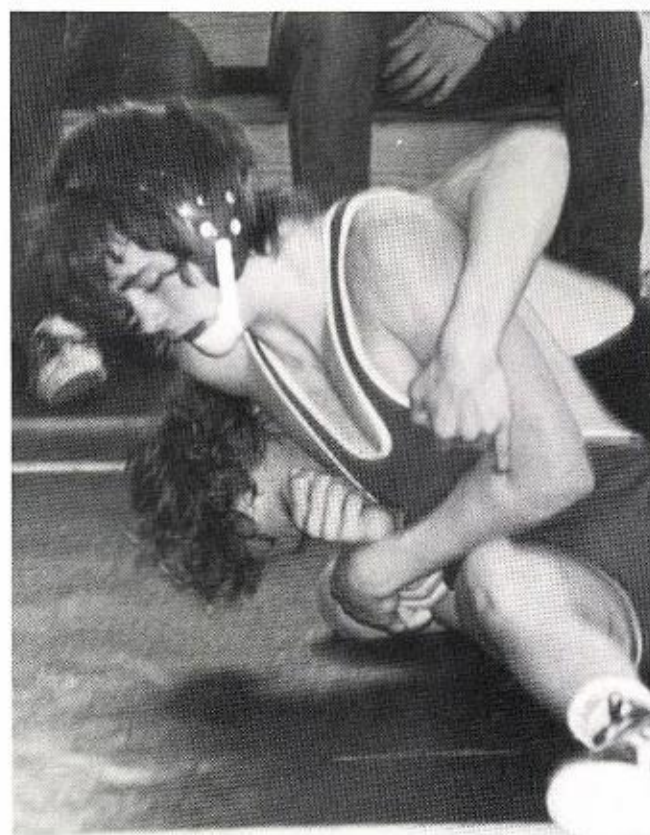

The 9th Grade Girls' Team started off their career in basketball at Norcross on a high gear. They have won 7 games and lost only 3. On one occasion, the Blue Devil girls managed to give away only 9 points to Brookwood throughout the entire game.

During the season, Vickie Needham and Neva Moulder were the leading scorers. Wendy Worden, Laura Becker, and Shanon Walker led in rebounds and in defensive plays.

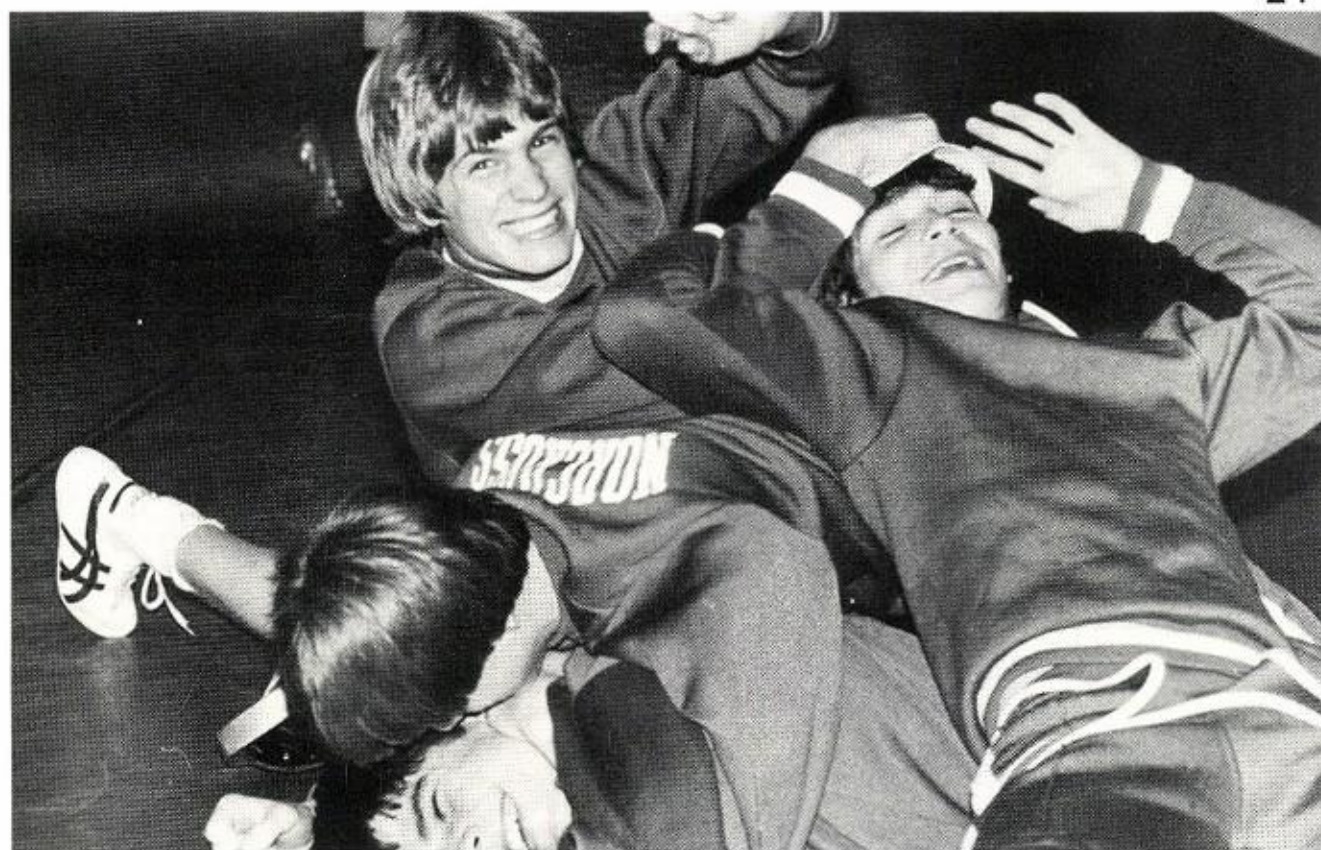

With the cooperation and dedication from the rest of the team, Coach Goff and the 9th Grade girls had themselves an outstanding season.

The wrestling team started off their season right with a 61-10 win against Duluth. Our grapplers placed fourth with 119 points at the Lumpkin County Tournament. They also did an excellent job at the Gwinnett County Tournament placing sixth with 67 points.

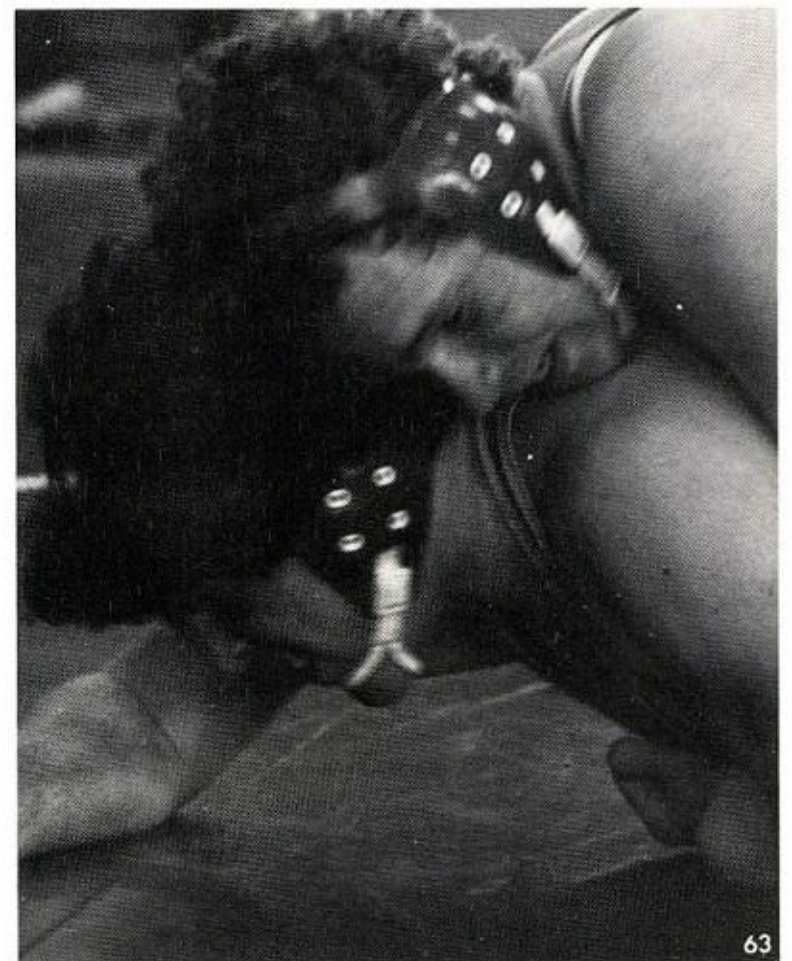

The successful season was ended with a 6-3 record. When asked to comment on the team, Coach Ranus said, "At the beginning of the season, things looked kind of depressing. The lineup was spotted with underclassmen. The seniors did a good job with team unity and leadership. The freshmen and sophomore wrestlers progressed to a point where they could compete. And we ended up with a good season."

Our wrestling team finished 4th place in the area tournaments at Gainesville. The following wrestlers placed for Norcross:

- 1st — Bill Murphy
- 2nd — Ferris Moore
- 3rd — David Powell, David Filipowicz, Ernie Robbins
- 4th — Richard Sosebee, Greg Bowen
- 5th — Bill Robasco.

The 1982-83 Wrestling team consisted of: Ferris Moore, Bill Murphy, David Powell, Burcher Gam-mage, Richard Sosebee, Perry Keifer, Greg Bowen, Charles Delles, David Filipowicz, Robert Tatum, Steve Collins, Ernie Robbins, Mark Kyle, Bill Rabasco, and Ron Shelton.

Both Coach Ranus and Coach DeLoach were very proud of the team.

The newest sport at Norcross this year was the swim team. Although the team consisted of only seven swimmers, they were seven of the best. Denise Schlitt, Jill Mansker, Leanne McCulbough, Paige Prather, Scott Van Etten, Peter Tzianabos, and Jim Garner made up the team. Mrs. Terry Drenning, a teacher from Parkview, coached the team. They could be found practicing at the Mountain Park Pool on almost every day of the week. Norcross openly welcomes the swim team and wishes them success in the future.

The Norcross High School girls' track team, coached by Mr. Cates, had an excellent 1982 season. During the season, two school records were broken. Chris Vorpahl broke the 880 record, and the 440 relay was broken by Dana Jordan, Carol Peterson, Arthette Caldwell, and Julie Barron. The girls' track team had a 7-3 dual meet record, and had five members go to state. Chris Vorpahl received the M.V.P. trophy, and felt that the team had a great year. Coach Pridgen's boys' track team had a good year with an impressive record of 13-1. The boys' B-team were undefeated and won the County Championship. The girls' cross country team was led by Chris Vorpahl, who had an outstanding year. Chris came in first over-all in five of the girls' meets and went on to finish sixth in the county, first in the region, and fourth in the state. The girls had two victories during the season.

The Norcross boys' cross country team had one of its finest years ever. Led by Tom Albanse, Allen Bowns, Greg Upchurch, and Ted Manso; the boys' team had a 7-1 county record, and a 52-8 over-all record. In the county meet, the boys finished second, and Willy Castano won the B-team Championship. At Winder, the boys stole the show. They won their fourth Region Championship. Tom Albanse won the Varsity Boys' Championship, and Earl Brown won the B-team Championship. The boys went on to finish fourth in State with Ted Manso being the highest Norcross finisher. During the season, Tom Albanse set a new school record for the three mile.

The 1982 Varsity Baseball team had the best season in the history of N.H.S. The team powerfully carried their momentum into 17 straight win- nings, and turned out a remarkable final record of 21 wins and only 4 losses. With the carefully engineered directions of Coach Sey, the team of talent won such honors as the 8-AAA West Sub-region Championship and the Gwinnett County Dugout Tournament Championship to N.H.S.

A baseball team is teamwork, and a lot of hard practice. Each player contributes many valuable hours in practicing together, with perfection as their goal. As Coach Sey noted, one of the outstanding qualities of this team is that the players support each other tremendously. They are all friends in and out of the school, and at the games, they are a "well-knitted" network of spirited team.

Most of the statistics and honors go to the seniors of 1982, but the other constituents who gained much experience on the varsity team are sure to do well on the 1983 team.

Joe Gilbert was the all-around leader in batting average — .448, homeruns — 5, and runs batted in — 27. Jeff Simmons, Tim O'Malley, and (continued on pg. 71)

Taylor Lackey rounded up the top four. In pitching, Scotty Hamilton did extremely well. Out of the 8 games that Scotty pitched, he won 7. Scott Lord, Todd Hicks, and Greg Davies, who had the best earned run average, were also very good pitchers with high ratings to prove it. Mike Harris and Chuck Gray saved numerous fly-aways as outfielders. Mike Waits did the same from two positions, as the outfielder, and the catcher, along with Fred Rohrbach. Mike Allen, Ricky Bryan, and Denis Devlin filled out first and second bases, and got their hands on the always exciting double plays.

The Blue Devil Varsity Team played a total of 25 games, and their highest scoring game was in the Gwinnett County Round Robin Baseball Tournament at Brookwood. The score was 22-0 in favor of the Blue Devils, of course!

According to the *Spectrarama* survey of the Varsity Baseball team, every player thought that the team had spirit, which is one of the most important factors in the team's success. Each varsity player had at least two years of experience, and some have had up to eleven years. The majority of them wanted to go ahead and play baseball as mere recreation. They certainly have solid backgrounds from playing on such a winning team. Although most of the members said they do get nervous before a game, they agree that, "it goes with the game." Besides, everyone has some type of inspirational dependent. It ranges from good luck charms, to their favorite socks, to a lake in the woods, to a girl friend.

In the category of who got them interested in baseball, most answered with their fathers. Baseball is a traditional event in America. The rebirth of each spring is not just the same without all the little league and major league baseball spirit. Similarly, we hope that the forthcoming Norcross baseball teams are just as successful as the 1982's. They have set the pace and let it become a tradition.

For the 1982 B-Team Baseball players and Coach Fannon, mother nature was the toughest opponent. It seems that she did not time the spring showers very well.

The 1982 Softball Team needs no introduction for their accomplishments. Like a vast field, the opportunity for success was open to them but achieving it did not come without sweat.

Lots of hard work, bountiful energy, high spirits, well balanced talents, and good directions of Coach Fannon all blended together smoothly to make this team one of the best in the state.

The Softball Team excelled in their area and N.H.S. should be proud of them. They ended the season with a fantastic record of 19 wins and 7 losses. Ten of those games were sub-region playoffs. During this incredible season, Julie Barron led the team in almost every category including batting average, RBI's, homeruns, and hits made. Jill Johnson and Dana Jordan rounded up the second and third places for the highest batting averages, Vicky Needham and Michelle for RBI's, and Arthette Caldwell and Kim Richardson for homeruns.

So, like Tracie Hall, Leigh Couch, and Joy Covington said, "It was an overall best team, who had a lot of togetherness." On these accounts we congratulate the 1982 Softball team and Coach Fannon.

Cont. from p. 71

The B-team was rained out 14 times which resulted in 9 officially played game season! A good, overall spirit is a major deciding factor in the group's success in team sports, and baseball is not an exception. As such the dripping weather did all it could to force down the team's spirit, but as the season prepared the future contenders of the Varsity Baseball Team. This put them in the right direction by allowing them time to further develop their skills and gain valuable experience.

The B-team had 4 wins and 5 losses, which considering the side factors, proved to be an impressive group of energetic players.

1 — The 1982 Varsity Soccer Team. 2 — The 1982 B-Team Soccer Team. 3 — Players watch the game. 4 — Lisa poses for pictures. 5 — The 1982 Boys Tennis Team. 6 — The 1982 Girls Tennis Team. 7 — Tennis Anyone?

All three soccer teams did extremely well this year. The varsity team had an 8-2 season, and had four players make All-County. These outstanding people were Curtis Lee, Adam Oaks, Bill Tiller, and Kevin Godwin.

The games are very important to all of the players, and although the games are full of tremendous tension, the players still manage to play very well under stress. Mike Carroll said that he is only nervous at the first game of the season, while Kevin Godwin told us, "I always get hyper before a game starts." Peter Tzianabos and Richard Coblens said that they sometimes got a little nervous. The majority of the others said that they get nervous too.

The B-team and ninth grade also did a wonderful job this season. The team had a 3-2-2 season, and the Ninth grade had a 1-3-3 season.

There was a lot of hard work and dedication put into the soccer teams this year by Coach Westmoreland. His hard work was well appreciated by the team. The teams felt like he put his heart and soul into their games as well as practice.

Although Mrs. Middour reads, sails, jogs, and plays tennis, she also dedicates a great amount of her time to the coaching of the girls' tennis team. "I was extremely impressed with the girls' performance," she said when asked to comment on the 1982 season.

The girls worked many long hours on their games. All of this hard work showed when the team had an overall 9-1 season.

The first singles spot was played by Dia Powell. She held this position extremely well, winning the county singles title and playing in the semi-finals at the region playoffs.

Kris Gilchrist played at second singles. She got into tennis herself, "I had just moved here, and needed to get involved," she commented, and the team was glad she did. Kris has been a real asset to the team.

Lisa LaFave did an outstanding job at third singles, and helped the team greatly.

The first doubles team consisted of two Lisas, Lisa Gardner and Lisa LeFave. They did a great job together.

Lawrey Waylen and Kim Wheeler did outstandingly well at second doubles. They went all the way to the semi-finals in the county playoffs.

The third doubles team was made up of Carla Richardson and Paige Prather. They also did very well in the 1982 season.

The alternates, Stephanie Smith and Susan Lauterbach, are also very enthusiastic, as we can see from Stephanie's statement, "I feel that we have a great athletic department at N.H.S., and I enjoy being a part of it!"

"We were region champs last year, and are hoping to do well in the state championship this year," is what Coach Spotts had to say about this year's boys' tennis team. One of the best seasons of tennis took place under his careful direction and the hard work of all the members of the team.

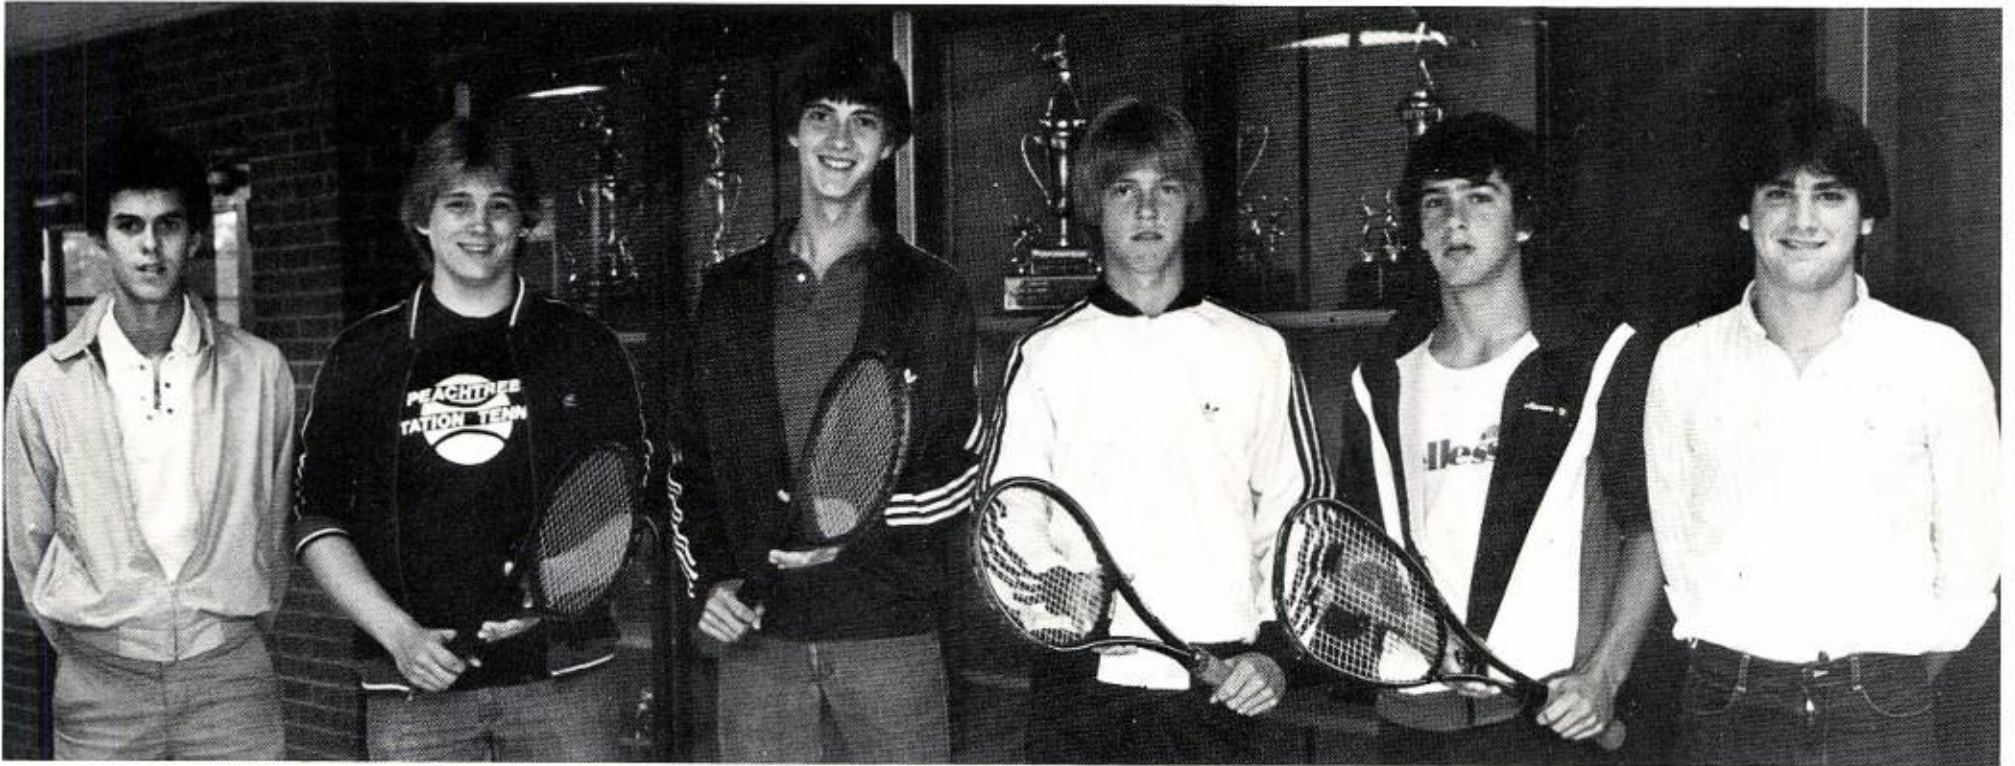

This was the year that all the hard work paid off. After their undefeated season, the tennis team went on to have an outstanding record in the playoffs.

David Owens, who was voted most valuable player, won the county singles title, and John Maher went on to win the region title. While Pete Tzianabos had a 6-3 season at the third singles spot, Peter said, "There was a lot of team spirit last year, but some disappointment over the state tournament." He continued, however, with the guarantee that "this year will be different."

Peter Tzianabos and Joey Burchfield did an outstanding job at the first doubles position, going on to the runners-up in the championships. The only senior on the team, Stacey Vincent, played second doubles with many different people, and did a wonderful job. The third doubles team consisted of Brad Ashburn, and Ronnie Livers. They defeated one opponent after the other all season long. The new blood on the team, Brent Floyd and Eddie Long did a great job at the fourth doubles position.

The dedication of the team was wonderful. Members of the team could be found practicing at the Best Friend Park tennis courts at any time. Over all the team had one of its best seasons in 1982, and hopes to have another great season in 1983.

Mr. and Miss N.H.S.

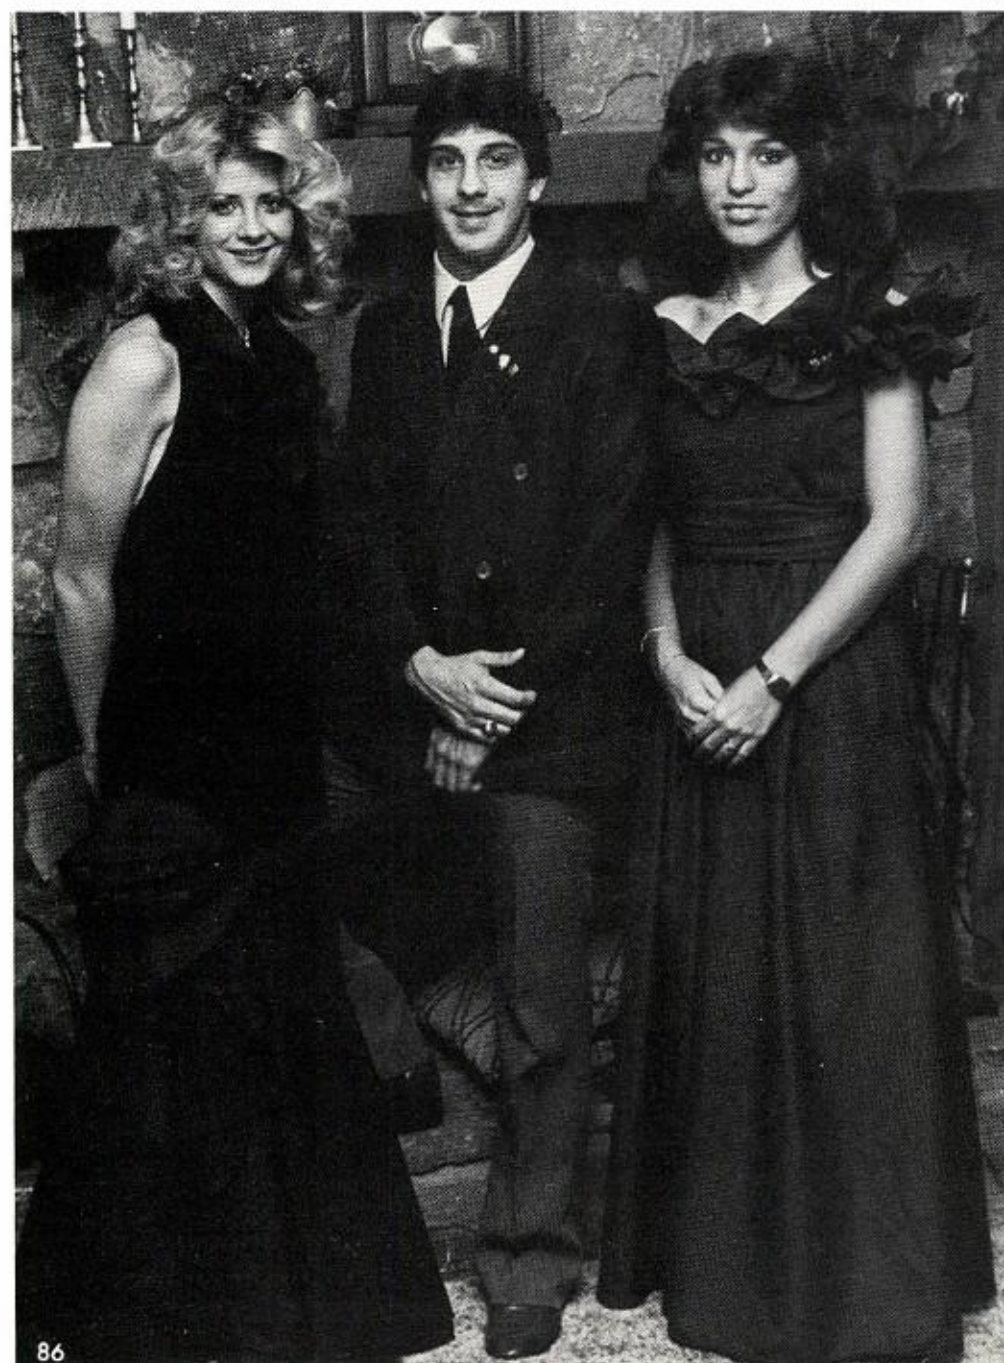

Involvement and achievement characterize Kay Gaddis and Robbie Renno, Mr. and Miss N.H.S., 1982-83. In addition to being editor of the Advocate, a varsity cheerleader and Sr. Class secretary, Kay was also named this year's Homecoming Queen. Robbie's accomplishments are centered around football and track. His hard work was evident this year as he was awarded the Heath Ferguson Award. Norcross High School is well-represented by these two outstanding seniors.

Mr. and Miss Senior Class

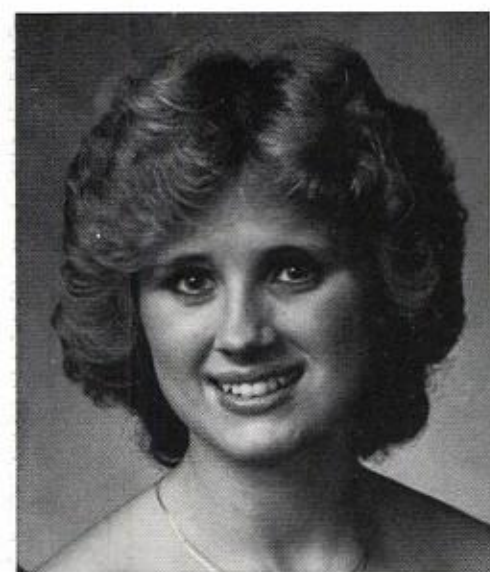

Mr. and Miss Senior Class are athletic students who have successfully combined academics and sports while at Norcross High. Chris Vorpahl, outstanding runner and basketball player, is also a member of National Honor Society and Beta Club. Jeff Henderson, captain of the Varsity basketball team, is an Advocate staff member, who spends much of his free time involved with church work. These seniors well represent the Class of '83 by their achievements and their fine characters.

The Class of 83 "Big Boys" had a great senior year. It started off with the first day of school and the Shoney's Big Boy which was mysteriously placed on the roof of the school. This was the first glimpse the student body had at what was to become the Seniors' theme. The Big Boy reappeared as the mascot at pep rallies, the picture on t-shirts, and the subject of a float. Showing much spirit and enthusiasm in the school, the seniors won the spirit stick and also managed to win the float competition. Of course the theme was "1983 — The Year of The Big Boys!" Hard work and planning went into the winning float and the Class of 83 was very proud of it.

Although most people don't realize it, there is a lot of responsibility placed on the seniors. Underclassmen look up to these students and even try to pattern their actions after them. The seniors are considered the leaders of the school and have done a good job in leading and representing Norcross.

The NHS Court members were selected from their homerooms. The court consisted of twenty-four seniors — twelve girls and twelve boys. They were Holly Barber, Beth Bowen, Leigh Couch, Susan Fain, Kay Gaddis, Robin Gillespie, Jill Johnson, Kellie McClesky, Denise Merritt, Chris Vorpahl, Laurie Walker, and Kim Washington, Mike Allen, Greg Bowen, Richard Coblens, Jim Crego, Alan Grant, Jeff Henderson, David Owens, Shelley Poole, Bo Reddic,

SENIOR SUPERLATIVES

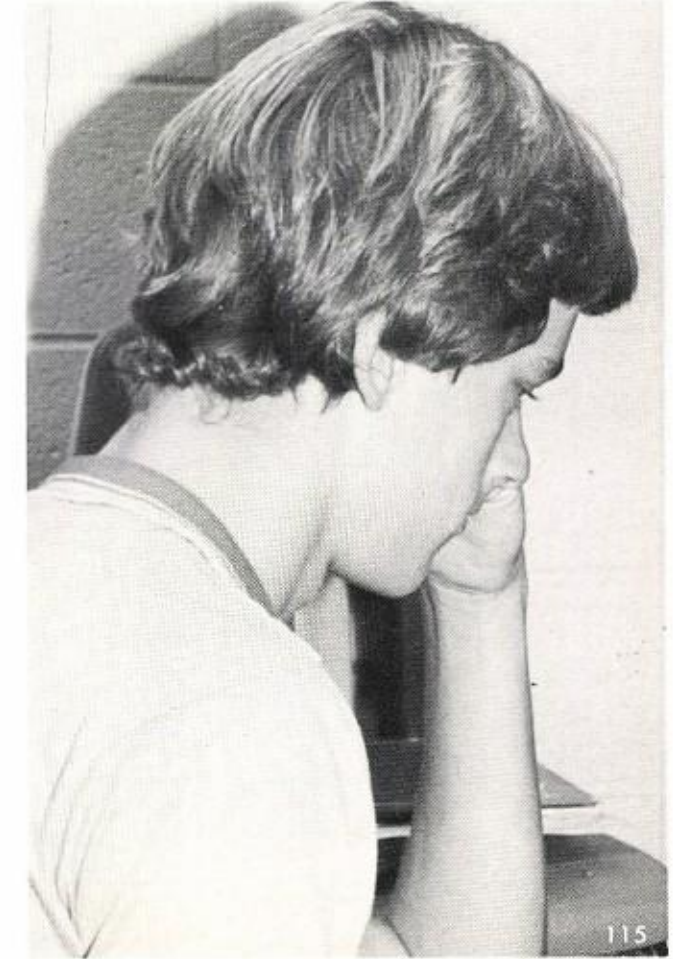

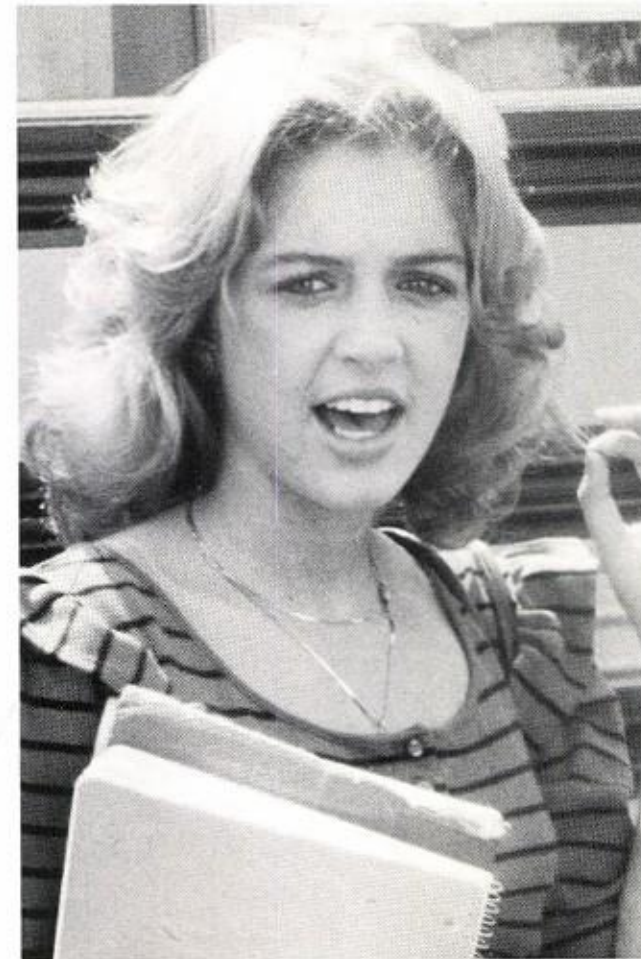

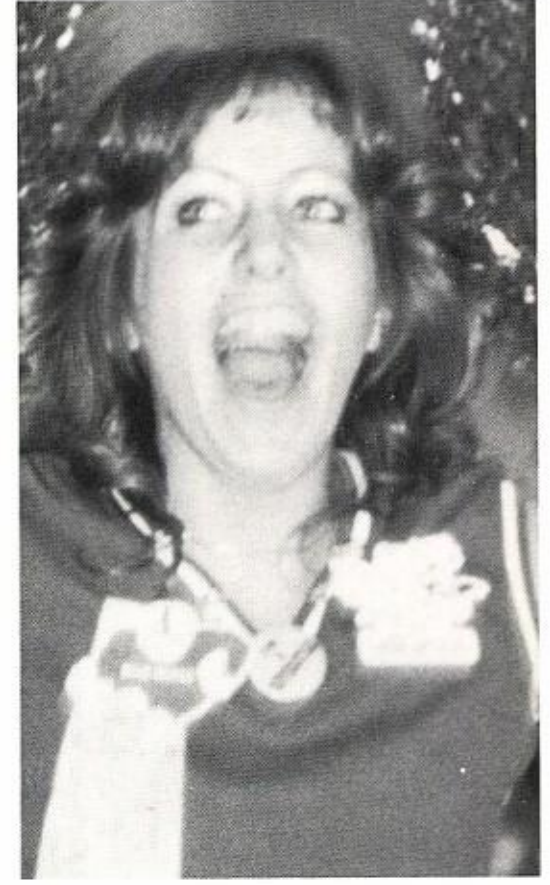

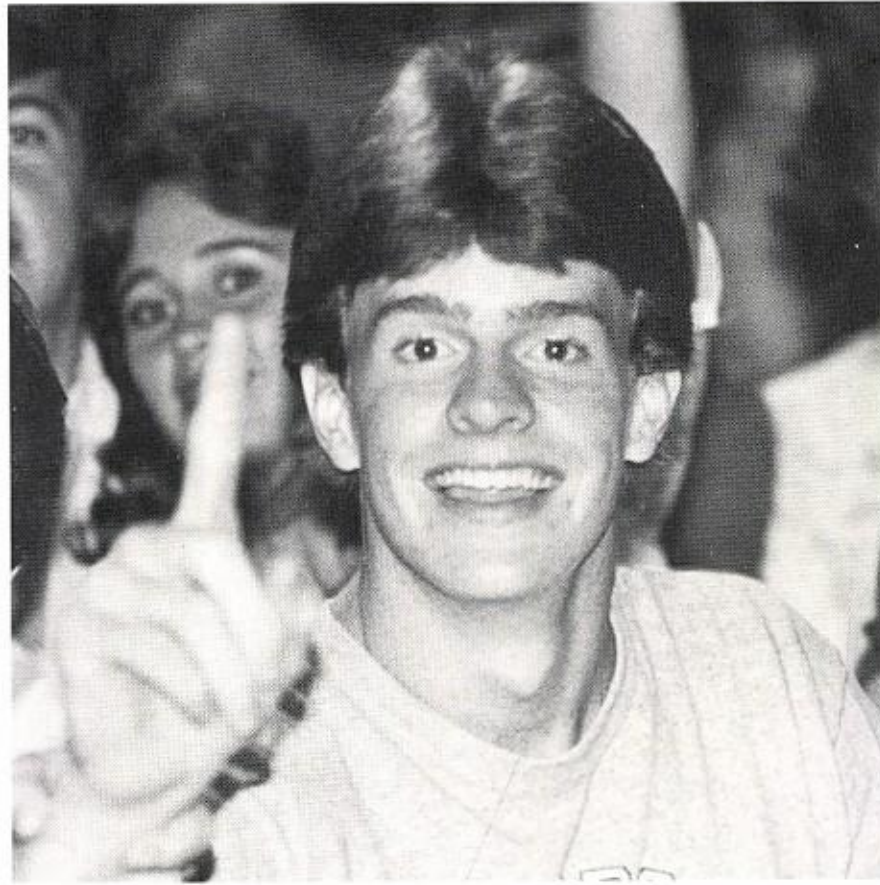

Robbie Renno, Bobby Singer, and Mark Watson.

Mr. and Miss NHS were voted on by the entire school. They are Mr. Robbie Renno and Miss Kay Gaddis. Robbie is on the Varsity Football and Track teams. He is a member of The Fellowship of Christian Athletes, Life Club, and Interact. Kay is a cheerleader, editor of the Advocate, Senior Class Secretary, a member of Life Club, Junior Civitan, Quill and Scroll, Youth Against Cancer, and Student Council. She was also this year's Homecoming Queen.

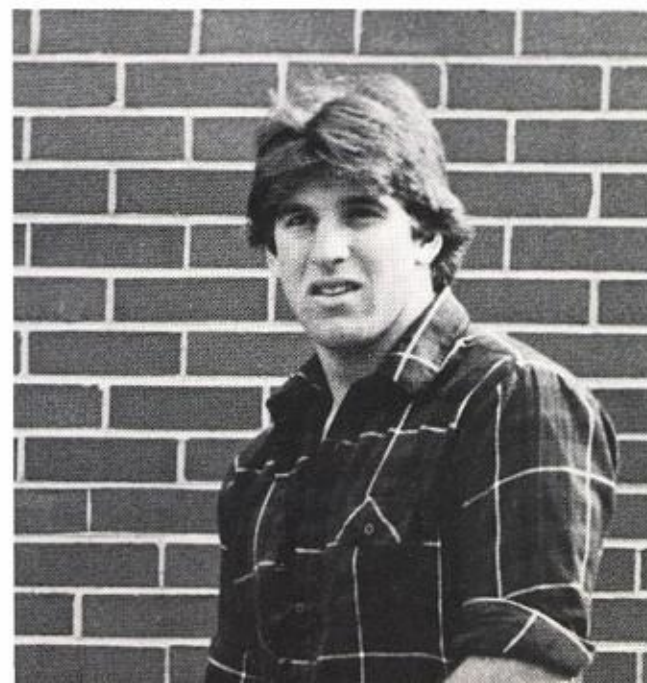

CLASS OFFICERS

Mr. and Miss Senior class were determined by the members of the Senior Class. They are Mr. Jeff Henderson and Miss Chris Vorpahl. Jeff is a member of the Advocate Staff, in which he is sports co-editor, Interact, Life Club, Fellowship of Christian Athletes, and Youth Against Cancer. He also plays Varsity Basketball. Chris is a member of Beta Club, National Honor Society, and Youth Against Cancer. She has been a member of the Homecoming Court for two years and a Superlative for three years. Chris plays Varsity Basketball and runs Cross Country and Track. Congratulations to Mr. and Miss NHS, Mr. and Miss Senior Class, and all the NHS Court members.

The Senior Class was well managed by its class officers. They were president — Bo Reddic, vice-president — Susan Fain, secretary — Kay Gaddis, and treasurer — Sandy Leff. They organized many traditional senior activities including the senior dinner-dance, senior cookout, caps and gowns, graduation invitations, and graduation itself.

Society and of a

Cultures Rare Breed.

The best years of your life begin here, happen now, and contain the cherished memories of high school no one can forget. Memories of special friends, special times, and a special feeling of belonging to Norcross High. Starting with the first friend made in your freshman year, you want to be accepted, to be a part of Norcross, and it seems at times as though you would do anything to feel as if you belonged.

Involvement is the key word — taking the first step and reaching out to other people without being afraid of rejection, or of what people will think of you, and, believe it or not, it's not as hard as it sounds.

All you have to do is give a little of yourself and find a club or organization that interests you. There are twenty-seven clubs at Norcross, and no matter what your interests are, there is something here for you. From The Newspaper Staff to the Debate team to Student Council to Service clubs to FBLA, and the list goes on and each club is special. So, dedicate your time and join a club (or two or three) and you will get a lot in return, because it's not so much the club that makes it special, but the people in it. They make up a Society and Culture of a rare breed. Special people with special interests and a lot to give. These are the things you will remember about Norcross years from now — not the classes or the work or the teachers but the people; the friends. Friends made and friends cherished; and Involvement is where it all begins.

The news has always been an important part of our lives. There is no doubt that all of us want to be informed about current happenings in and around the school, and this is just what the Advocate Staff sets out to do.

The Advocate Staff is a group of students maintaining a "B" average in English. These students must also have an outstanding teacher recommendation, and they must be invited by the sponsor Mrs. Cay Maddox to be on the staff.

This year's staff consisted of eleven Seniors, six Juniors, and two Sophomores. These students worked hard to provide reading material that was interesting and informative. This year the editors were dedicated Seniors who were willing to put in extra time to make sure their deadlines were met. These Seniors were Kay Gaddis, Cathy Caras, and Holly Barber.

This year's first Advocate went on sale on Friday, October 1st, for 25¢. This was an exciting day for the staff; it could either make them, or break them. There's no doubt that the paper was a success — a job well done. After this, the paper came out monthly for the remainder of the year with articles centering around sports activities, interviews, and advice.

Publishing a newspaper isn't as easy as it seems. It takes quite a bit of money to produce it. Once again they face the never-ending problem of financing it. They accomplished the feat this year by having a doughnut sale on Saturday, Oct. 9th. This sale brought in several dollars.

The staff not only puts out a paper for the students to read, but they put their paper up for competition. They have won several awards for their journalistic excellence including The General Excellence Award for High School Journalism presented by Gwinnett Daily News, for three years. This group also makes an annual trip during the spring to Athens, The University of Georgia campus for seminars and an award ceremony.

With all the awards that are given, we tend to forget some people that deserve a very big one. The Aides here at Norcross deserve an award for all the work they do. We all take these people for granted. Most students believe being an aide is just an easy way to get elective credit but it's more than that. On a busy day in the library, those aides put in just as much, if not more work than a regular class. They have to shelve books, get magazines for students, and complete a workbook by the end of the quarter.

Other aides include the Xerox and the Office aides. They also do a lot to ensure a normal day at school. The Xerox aides are responsible for hundreds of tests, worksheets, and other important papers everyday. They have to make sure these papers are run off, and are back to the teachers on time.

The Office aides work in the offices, answering phones, taking messages, running errands, and stuffing teachers' mailboxes. The aides like any other class, must take a final exam at the end of the quarter.

Have you ever noticed the painting of the "Norcross Blue Devils" on the press box? How about the "Welcome to Norcross High School — Striving for Excellence" sign at the main entrance to the office? Did you ever wonder who painted these and whose idea they were? They were both done compliments of the 1982-83 Art Club. Members of the Art Club are a very special group of young artists who are trying to give their talents in an effort to beautify the school. And they're doing a great job! The only requirements for entrance to the club is that you must be willing to work hard, because they had a lot of activities this year. Some of these include the painting of the Blue Devil on the gym wall, and the painting of the pitchfork along the road in front of the school.

The members of the art club give so much of their time and get so much satisfaction in return. Each one has a talent to paint, draw, and sketch. Melissa Mathews painted the blue devil on the press box and is one of the more active members of the club, and Mr. McVay is the sponsor. Together, along with the other members of the club, they make up a group of very talented and special people.

The Norcross High School Marching Band had a new leader this year. This leader was given respect from each of the members. This leader led the band to the Atlanta Classic Marching Competition in Lilburn to get an excellent rating in the fall. They came back with four trophies including a First place trophy for the drum majors. This leader is Mr. Shaw. Mr. Shaw did a great job in directing the band and had a difficult job of trying to keep the band in line. Despite the difficulty of the job, when Mr. Shaw yells "Attention!", every single member of the band stands up straight with their head thrown back. What amazing authority!

Speaking of authority, drum majors Bobbi Jo Dickerson and Kim Applebee had full authority out on the field during half time. They kept the band together in tempo and did the job very well. Bobbi Jo and Kim received 1st place at the Atlanta Classic Marching Comp. and we congratulate them for that.

The band as a whole leads the school with a good bit of spirit. When the band played "The Fight Song" and "Rocky" they lifted the spirit of the entire student body. At the football games their spirit really shown. On one occasion the referee actually asked them to quiet down for the other team could not concentrate. The band members went to a camp at Reinhart College and learned the half time show. The show included "Angel in the Centerfold," "My Favorite Things," and "On Broadway" which all the fans enjoyed.

All during the year the band went to competitions and festivals. They performed well at each of the events. They also performed in the Homecoming parade in the fall as well as the Pickneyville Parade in the spring.

The band had some fantastic, hard-working officers this year. These officers were Lori Gregory, Rachael Lyle, Billy Allen, Johnny Andrews, David Nolan, Randy Chatam, Stacy Corby, Jan Kimbril, and Beverly Garcia.

The Norcross Beta Club was made up of students with an overall grade point average of 90 or above for 5 consecutive quarters. In the words of the co-sponsor Mrs. Judy Williams, "Their purpose is to promote standards of excellence in scholarship, leadership, and character."

On Halloween, the Beta Club started off their year with a costume party with the National Honor Society Members. Everyone dressed up and went to the house of Tom Steimer and had a good time.

The next month, they again combined with the National Honor Society for American Education Week, November 15-19. They fixed bulletin boards, put up posters, made announcements over the intercom, and set up the Smart Booth. There students asked questions of members of both clubs.

Also during the year the club showed a movie to raise money. Students got out of class to watch a film. Money was raised by this along with the Gruesome Twosome Contest for the Beta Club Scholarship. This award goes to a deserving senior on Honors Night in the spring.

Honors Night was co-sponsored by the BETA Club and was a big success. The club president, Lauren Biel did an outstanding job this night. The other officers are to be commended for their excellent performance this year. These officers were Cathy Caras, Susan Fain, and Diep Pham.

The NHS Chorus began its third year on an up-beat. Due to its improvements and accomplishments in its first two years, the choir was invited to many special occasions.

Mrs. Marianne Johnson has done a wonderful job as choral director at Norcross High School. She succeeded in building one of the best chorus programs in Gwinnett County. Mrs. Johnson's hard work and dedication show in the sharp results the Norcross Chorus receives.

In the fall, the choir worked at a quick tempo to prepare for early concerts. In late September they performed on the steps of the Crystal Pistol at Six Flags, and at Caloway Gardens in October for the State Principals' Convention. The choirs were well received on both occasions.

One of the highlights of the year for our Chorus was singing at the Lighting of the Great Tree at Rich's Department Store. The Chorus entertained the Thanksgiving Day crowd with a dynamic concert. They enjoyed it very much and hope to be invited again.

The Chorus was served well by its hard-working and dedicated officers this year. Pam Leach, an energetic senior was the Chorus president for 82-83. She had as vice-president Scotty Hornsby, a three year Chorus veteran. The choir's secretary job was filled by two people. Kim Logan was the recordive secretary. She took roll, kept track of lists and many other small things of vital importance to Chorus. Meanwhile Karla Kortez did the corresponding part of the secretary job. Writing thank you letters to Chorus supporters was her largest responsibility.

Concert Choir encompassed 2nd and 3rd periods, and each class had a treasurer, historian, and section leaders. This year's co-treasurers were Elizabeth Kreiner and Chris Cashion. The 82-83 historians, in charge of the Chorus Scrapbook, were Greg Henson and Jan Kimbril. Cathi Sigmon, Cindy Nesbit, and Keith Pettit worked hard to keep 2nd period Concert Choir in "harmony" as section leaders, while Valery McCloud and Bobby Moon did the same in 3rd period.

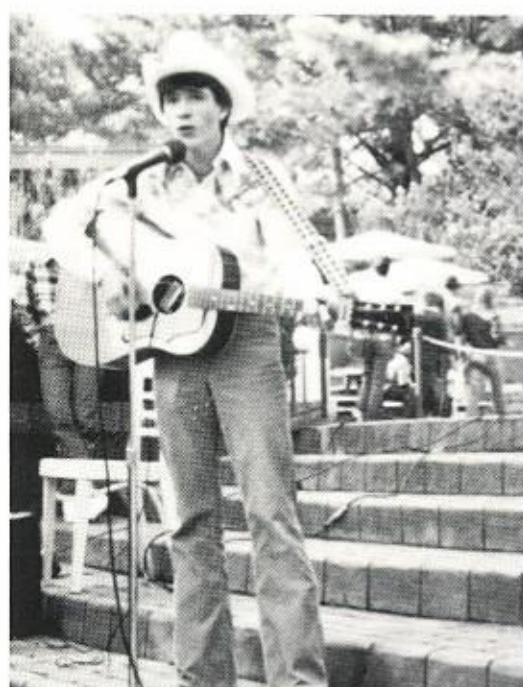

Mrs. Johnson had a full load of classes this year. Five classes and four performing groups. First period was this year's Chorale. This class was composed of young men and women of all ages who performed at all Chorus Concerts, including Festival in which they did very well. In 2nd period was the Advanced Chorus, all of the top singers in the school. This part of the Choral program

▲2

▲3

consisted of mainly Juniors and Seniors but also had some talented Sophomores and 4 excellent Freshmen. Third period contained the best singers in the Choral Program in a group called the Madrigals.

They entertained audiences with classical and modern music, also doing some dancing in concerts. Although they may not have known it; 5th and 6th periods, Freshmen and Beginning Chorus, were key parts to the Choir. Both groups gave younger students chances to learn about their voices and music in general. Freshman Chorus attended Festival and did very well, while Beginning Chorus did not perform. They learned much and at the end of this year joined higher Chorus classes, keeping the Chorus going for next year.

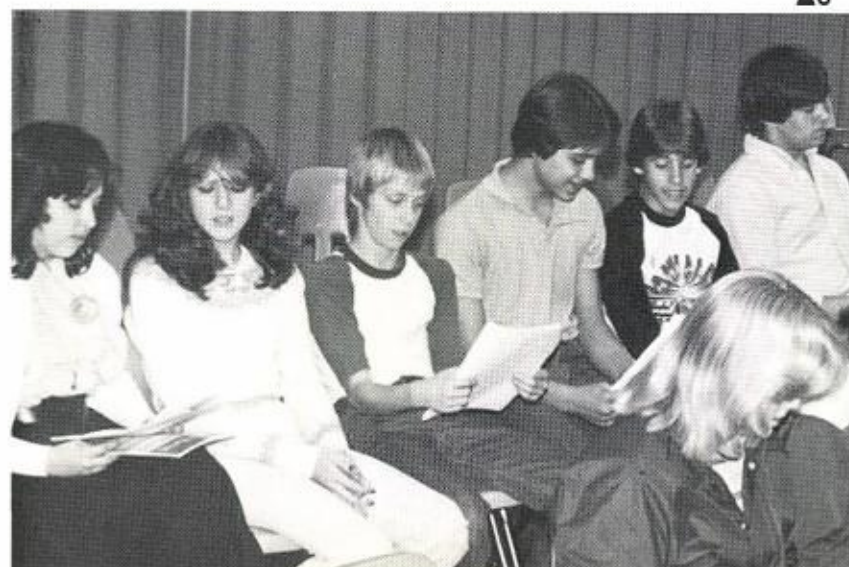

The Christmas season was our Chorus' busiest of the year. They had concerts in various malls and at other places in Norcross and Atlanta. The final part of the NHS Chorus' celebration of Christmas was their concert for parents and fellow students. They sang well, doing some religious music, some carols, and some contemporary Christmas songs.

In the Spring, the Choir had their Spring Concert and their Award Ceremony. The NHS singers ended their performing year with a "crescendo" by delivering a fine performance for the parents, administration, and students of Norcross. Outstanding Choral students were honored on Awards Night. Honors for the best students in each class were given for outstanding workers, and for the Seniors in Chorus. It was a time of recognition, laughter and fond memories.

In the few short years of its existence, the NHS Chorus has made a big name for itself in Gwinnett County, and they have proved that they are a "whole step" above the rest.

If you are interested in debating and are motivated to the necessary work involved in speech competition then the Debate Club may be for you. Through the sponsorship of Mrs. Renken and co-sponsors Mrs. Hall and Mrs. Ware, the four member debate team has learned the skills and techniques for skillful debating.

On September 11th the team attended a debate workshop at Emory University. On October 2nd the debate team attended a debate tournament at Westminster School as "observers" so that they could become familiar with debate format. On November 20th they participated in their first big debate tournament at Woodward Academy and they did exceptionally well.

This small club, consisting of Bridget Smith, Kim Whitehead, David Head and Mark Mitchell, met every Wednesday afternoon to work on perfecting their debating and speech competition skills.

Speaking of hard working students, this year's DECA club members were working at school, jobs, and on an ANTI-SHOPLIFTING CAMPAIGN. Mr. Peeples sponsored the club and had this to say: "Students were dedicated, hard-working, and contributed much to the school and community."

One of their main purposes is to create an interest in marketing and Distributive Education among students. To do this the club is setting up a slide show of members working at their jobs and presented it to those interested. Many Juniors and Seniors were able to create situations where students can develop leadership and self-reliance at the jobs where they worked. They also developed vocational understanding, social intelligence, civic consciousness, and leadership.

The officers worked very hard in leading the club. As president, Steve Siebold worked diligently with the other officers and the sponsor, Mr. Peeples. He did a wonderful job and everyone was pleased with the job he did. The other offices were held by Charlene Waite, Jennifer Lowery, Gaynell Turner, Lesa Stubblefield, and Mindy Clements.

The DECA club members maintain a "C" average and must be a Junior. A member also needs to be approved by either a counselor or principal. These members get on the job training, an education, and valuable experience.

One of the newest clubs at Norcross is the Fellowship of Christian Athletes. The purpose of this club, which is sponsored by Coach Raines, is to promote Christian spirit. The two requirements for membership are that you are an athlete and that you want to help promote Christian spirit at Norcross and in the community.

The Foreign Language club, sponsored by Ms. Hicks, is a relatively new club at Norcross. There have been other foreign language organizations, but none like this year. Led by their president, Pete Ganim, the Foreign Language club sold T-shirts and buttons with sayings like "Besame, you hablo Espanol." (For all of you who aren't bilingual, that's "Kiss me, I speak Spanish.")

Made up of students in a language class other than English, the club was also served well by vice-president Shari Pattillo, secretary Judy Chen, and treasurer Diep Pham.

The biggest event for the Foreign Language club was "Foreign Language Day." Foreign Language members made signs in French, Spanish, and Latin. Any member who wanted to could dress up in a costume on Foreign Language Day, December 15th.

The Future Business Leaders of America are sponsored by Dr. Marilyn Kaufman. The members are enrolled in some sort of business class. They try "to help young people gain technical leadership in business."

FBLA held several parties for handicapped children. In October, some of the members went to the Georgia Retardation Center. They had a Halloween party with games and balloons. The club members really enjoyed themselves, as did the people of GRC. They also held a Thanksgiving party for some people at Hi-Hope. Members of FBLA and VOT volunteer to go to the different parties. Many of them work in the afternoon and can only go if they can get off work. They also held a party for the Atlanta School of the Deaf in December. Ruby Ann Rollins dressed as Santa Claus and gave presents to the kids. Patricia Caldwell knew sign language and was able to carry on some conversations with them.

Before going to see the handicapped children, people from each of the institutions came to talk to members to prepare them on what to expect from the patients. Mr. Robert Clark came to prepare them before going to GRC. He told them what to expect from patients and explained the program at GRC, as did Joanne Widden for Hi-Hope. Before going to the Atlanta School for the Deaf, Leanne Meadows and Efla McDonald, a 6-year old child who did sign language for the club, came to talk about the students at the center.

Cindy Andrews was the president of FBLA and led all the meetings and did a super job. Rhonda Denny did an excellent job as vice-president. She helped Cindy in any way she could. Rhonda and Cindy worked hard to make 1982-83 the best year in the history of FBLA. The other hard working officers were: Karen Peterson — secretary; Sandy Buice — Good health and welfare; Patricia Caldwell — program chairman; Julie Whitford — treasurer; and Keith Contino — Reporter and Historian.

The Future Homemakers of America was co-sponsored by Ms. Sue Dozier and Mrs. Sally Weatherford. They taught the members of the club in a great variety of classes. From sewing to cooking, each member of the club had a different interest in Home Economics.

The purpose of FHA is to develop leadership and service for the school and community. For the past few years, FHA has adopted a grandmother in the Norcross area. Once or twice a month, five or six members go to see her. While there, they talk to her, listen to her many stories of her life, and take food to her. The members enjoy doing this because they get a feeling of helping someone with a lonely heart. Besides visiting their grandmother, they also go to different Day Care Centers in the area to have some parties for the kids.

The Governor's Honors program is a 6 week extravaganza that takes place during the summer. The very best students in the state gather at two locations, one in Valdosta and one in Dahlonega.

The selection process begins in the fall when teachers at Norcross nominate students in all areas: Music, English, Math, Science, Art, etc. These nominated students go through a testing process in their specific area. If they pass the testing they go on to the semi-finals.

In this step, the students go to Lawrenceville to a local interview. If they get by this interview then they advance to the final interview. The final interview consists of all of the finalists in the state. Once past this audition, the fun begins.

Governor's Honors participants go to either North Georgia College or Valdosta State College in July. They spend six weeks working hard, but having fun. All areas of study have a large project that they do over the summer. Elizabeth Kreiner, a Senior at NHS, attended GHP last summer and said, "It was a very unique time, a real learning experience." Almost all Governor's Honors students enjoy themselves and call the summer well-spent.

Bzzzzzz! Tap! Tap! Zzzzzzz! These are the sounds coming from the shop. Members of the Industrial Arts Club hard at work sawing, hammering, and using other equipment. The requirements for this club are being enrolled in an Industrial Arts class, or having been at one time at Norcross.

Lauren Biel, president of BETA. 11. Lesa Stubblefield, president of FHA. 12. Richard Coblens, president of Science Club.

Mr. Westfall, the sponsor of the IA club, is also an Industrial Arts teacher here at Norcross. This years officers were: president — Tracie Hall; vice-president — Dean Burri; secretary — Mary Lynne Manning; treasurer — Gary Lakey; reporter — Keith Pettit; sergeant-at-arms — Brian Kaufman.

The purpose of the club is "to provide leadership, to promote Industrial Arts in school, to increase knowledge, to inspire respect for the dignity of labor. Also to appreciate craftsmanship, to promote scholastic motivation, and to help in the transition from school to work."

Last summer the Industrial Arts club attended the National Convention in Virginia. They also attended the State Convention in Macon this year, and plan to attend this years National Convention in Texas. Among other things that the club enjoys doing are going to workshops in Atlanta and conferences in Macon.

Here at Norcross the IA Club collects for UNICEF and sells discount books. However, they are probably known best for selling Blue Devil Spirit Sticks.

Organizing dances, creating sweetheart messages, raking yards for the elderly in the community and helping the under-privileged — these are all activities of the Interact Club. This group of approximately 30 boys is sponsored by Rotary International, and it is under the guidance of Mrs. Maddox and Mr. Southerland. Requirements for membership include approval by the faculty and demonstrating caring and willingness to work for others.

This very organized club has had a great many projects this year. Under the leadership of its officers: president, Bo Reddic; vice-president, Robert Purser; treasurer, Richard Coblenz; secretary, John Medlock; directors, Jeff Silley, Greg Bowen, David Wightman, Hung-Chung Wen and District Governor 695, Robert Purser, they had a very successful year. Interact sponsored a dance last fall at which David Wightman, Bo Reddic and Brian Kauffman were the Disc Jockeys. At Homecoming this group showed their spirit with their car, The Rambling Wreck. During the fall season members of Interact raked the yards of elderly people and at Christmas time they gave gifts of coloring books and candy to retarded children. During second quarter members of this club hosted a dinner for foreign

students. It is no wonder that members of the Interact club are proud to be a part of this organization.

The 1982 Miss Interact pageant, sponsored by the Interact Club, was a great success. The contestants were judged on beauty, poise, school activities and other attributes. Mrs. Hicks taught them a dance routine which was very entertaining. The winner was chosen to represent the Interact Club at Norcross. In the Spring of 1982 the winners were Wendy Matasa, 3rd runner up, Jayne Poteet, 2nd runner up, Jenny Wiley, 1st runner up and Wendy Gillespie Miss Interact.

Another beauty pageant, Miss Norcross, is sponsored by the Junior Class to help raise money for the prom. There were 68 lovely girls from which the judges had to select the top 25 and then the top 10. They were Wendy Gillespie, Kim McKay, Paige Prather, Wendy Carpenter, Carla Richardson, Becky Speaks, Vicki Wilson, Kim Tompkins, Kim Kimbrough and Denise Meritt. Each of the finalists were asked a question and then the winners were picked. They were Becky Speaks, 4th runner up; Vicki Carter, third runner up; Kim Tompkins, 2nd runner up and Denise Meritt, Miss Norcross.

The International Club is new at Norcross. Due to our school's growing population of foreign students, Ms. Swift and Judy Chen felt the need for a club to meet the needs of these students. Thus the International Club was born. As an organization, they try "to promote exchanging of culture of foreign students and American students, and to give them assistance in adjusting to academic and social aspects of American culture."

All of the International Club members are students who are interested in making new friends and helping and sharing with people.

Norcross is glad to have the International Club because it sparks better communication between foreign and American students. The students gain from the club by allowing foreign students to adjust to a new school and country.

In the words of president Judy Chen, "The club is for students working toward the goal of friendship and communication."

One of the major service clubs at Norcross is Junior Civitan. This is an international service club sponsored by the Peachtree Corners Senior Civitan Club and Mrs. Barnes. Junior Civitan's purpose is to help others by working through the school, church and community. Since chartered, this club has been deeply involved in the Special Olympics and they participate in district wide events. They raise money for this project through Yellow Ribbon Day and Spring for the Retarded. Volunteers from this club also work at the summer, winter and spring games of the Special Olympics and anyone who has participated will attest to the fact that this is a very meaningful experience.

To raise funds the members sponsored the Mr. Norcross pageant, sold Ghostly Greetings at Halloween and sold fruit cake. In the fall the club sponsors a blood drive for which it has received international recognition.

Junior Civitans held a Christmas party at Concepts 21 and there was a candle-light installation for new members. To become a member you must maintain a "C" average and be recommended by a teacher. Each applicant must then be voted in by the whole club. The officers of Junior Civitan are, president, Kris Gilchrist, Vice-president, Jason Adams, secretary, Beverly Garcia, treasurer, Mike Cason, sgt. of arms, Mark Willett, historian, Whitney Jones, chaplin, Lynn Martain and chairman of the board, Leigh Floyd.

The Life Club was founded in 1974 at Norcross, and at one time, it had 300 members. The club was founded on a desire to promote Christian loving and service within the school by setting an example through following Jesus Christ.

This year's officers were as follows: president Stacy Gore; vice-president Becky Fleming; secretary Denise Merritt; treasurer Cheri Parrott; parliamentarian Laurie Walker; Chaplain Jeff Henderson.

The only requirements to be in this club are having a desire to make a positive contribution to the school environment and having an interest in Christian teaching and philosophy.

During the year the Life Club met every week and for holidays they made Thanksgiving baskets and helped needy families at Christmas.

The Life Club strives to promote high moral and ethical standards and love for fellow man as taught by Jesus Christ.

An organization that is little known here at Norcross is Life Skills. Started by one of our school's counselors Ms. Drake. This is a group of special students who do peer counseling.

After one quarter of a class with Ms. Drake where they learn to know themselves better, students go out to other schools. One class a day Life Skills members go to an area elementary school and talk with kids there. They also are there to listen when someone needs to talk.

To be in Life Skills one must have at least a "B" Average and must be accepted by Ms. Drake.

Norcross High's Math Team is made up of people who have an interest in math and at least Algebra I completed. The team is sponsored by Mrs. Frerking, a math teacher at Norcross. The team is split into two sections, the Varsity and Junior Varsity. The officers for this year's Varsity team were Robert Purser — President; Hung-Chung Wen — Vice-president; Diep Pham — Secretary. The Junior Varsity officers were Jason Adams — President; Shari Patillo — Secretary.

Promoting interest in math problem solving and allowing students to advance in math careers.

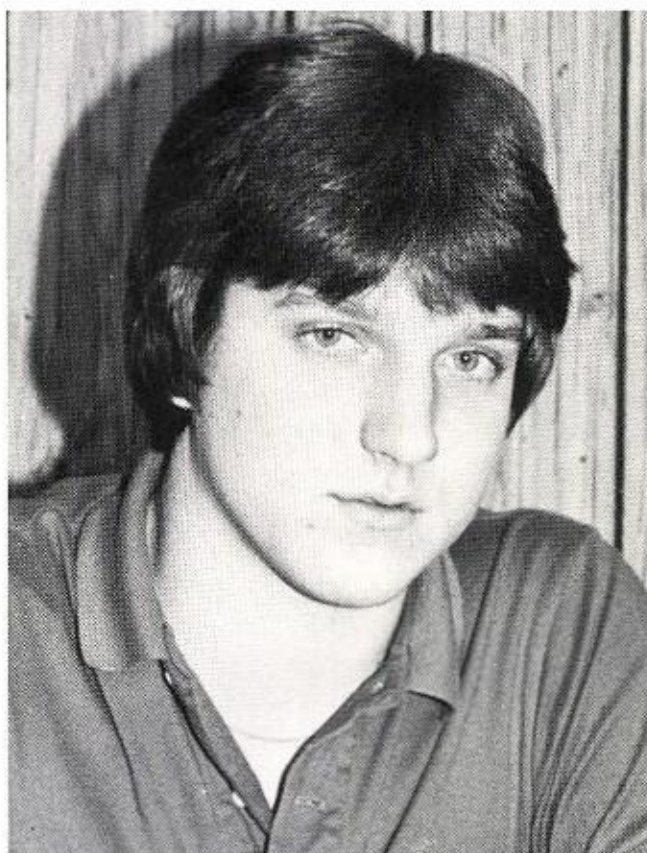

The math team competes in tournaments in the county during the year.

One of Norcross's more active organizations is National Honor Society, also known as NHS. Sponsored by Mrs. McDevitt, this club is made up of students who have an overall grade point average of 92 or above.

The officers for this year were Richard Coblens — president; Susanna Espeland — vice-president; Diep Pham — treasurer; Lisa Bellafato — secretary. They worked very hard to make NHS a great contribution to Norcross life.

This first major activity done by National Honor Society was American Education Week. In conjunction with the Beta club, they made announcements in homeroom, put up bulletin boards and had a "Smart Booth." The week, in November, was a success.

During Homecoming, NHS sold carnations, an annual tradition. The club members obtained carnations, pre-sold them to homerooms, and on the day of the game, delivered them.

Other activities they participated in were collecting gifts for needy families at Christmas, and aiding a family in need during Thanksgiving. Some members also attended the Georgia Association of National Honor Societies Convention in the spring.

The culmination of the year's work was Honor's Night. Where, along with Beta Club, they honored various students in many different areas.

By looking at the activities and accomplishments of National Honor Society members, we can conclude that they should be "honored" students.

Quill and scroll is an honor club for journalism. Students who complete one year of being on either the annual staff or the newspaper staff. In the Spring at Honor's Night, the "journalists-in-the-making" become members of the Quill and Scroll. It takes hard work and dedication to earn a place in this club.

One of Norcross's newest organizations is the Georgia Junior Academy of Science. This group, sponsored by Mrs. Flowers, a science teacher at N.H.S., provides students interested in science a chance to expand their knowledge and appreciation of Science.

This year GJAS took two field trips. They went to the Skidaway Institute to study marine and coastal environment. Also, in November, the club went to Cloudland State Park.

The officers for GJAS were Bo Reddic — president; Laurie Dykstra — vice-president; Richard Coblenz — treasurer; Judy Chen — secretary; John Medlock — publicist.

Other things done by the Norcross chapter of GJAS were competing in Science Bowls and attending GJAS State Convention.

"Y

earbooks are made up of memories" and the Spectarama staff are the people who labor to make the memories of each year into an interesting and interlocking picture. What your average Norcross High student receives on Yearbook Day in the Spring is the culmination of months of intense work by a group of dedicated students and two patient, hard-working sponsors Mrs. Westaway and Mrs. Parish.

The commanders-in-chief of the yearbook staff are the editors, Jody Raines and Beth Bowen. Everything that goes into the yearbook must first be checked by them. These two are also in charge of the opening and closing section of the yearbook. The editors could not make the yearbook on their own, however, section editors control the individual areas of the yearbook that are specifically assigned to them. The Spectarama is split into 4 sections: Organizations, Classes, Sports, and Faculty. Each of these has editors: Janet Farr — Organizations, Leigh Couch and Tracie Hall — Classes, Becky Fleming — Sports, Whitney Jones and Joy Covington — Faculty. The Advertising section of the Spectarama was done by Kim Washington, and Chuck Major and Donald Milstear were photographers.

Student government is an important part of training students for the leadership roles they will assume later in life. Norcross Student Council, sponsored by Mrs. Duncan and co-sponsors Mr. McKinstry and Mrs. Young, consists of officers and, also, representatives from each grade. They are elected by the student body. This year's officers were, president — Laurie Walker, vice president — Bobby Singer — secretary — Kay Gaddis, treasurer — Beth Bowen and parliamentarian — Richard Coblens.

The purpose of Student Council is to sponsor activities during the school year and to involve students in school spirit, good citizenship and community involvement. The Student Council was responsible for the Devil Dances which were held after almost every football game, sponsoring a fun-run in the spring and the biggest event — Homecoming. Homecoming involves voting on the Homecoming Court, establishing float themes, planning half-time activities and organizing the parade. In addition the Student Council has a fund raiser every Christmas and members sell Christmas stockings and candy.

Student Council members have a great deal of responsibility and they must be mature and dedicated to handle their jobs.

What is colorful, talented, has 16 parts and jumps and shouts at the sound of it's name? The cast of Norcross's One Act Play at North Georgia College on December 1, 1982. The occasion was the Annual One Act competition of the 8-AAA region.

The Norcross Thespian Society, with their new sponsor Mrs. Raasch, had auditions for their competition One Act play in the beginning of the year and the cast for the play, "Spoon River Anthology" was chosen. The plot of "Spoon River" is done all in black. For you see the characters are all spirits of people who have died in Spoon River, Illinois. They have returned to give advice and entertainment to the world of the living. The cast is usually dressed drabbly, but Norcross added color, movement, and vitality to a normally dark, dreary play. Because of their hard work and Mrs. Raasch's wonderful dedication, for the first time in 9 years, the Norcross High Raasch's School Thespain Society came away from the competition with FIRST place. Also of great importance to veteran Thespians of Norcross was the fact that Gainseville High School did *not* come away with 1st place, as they had for the past 5 years in a row.

1. What is Veronica Page looking at?
2. At the dance sponsored by Student Council, we caught these students taking a breather.
3. Who is this strange person??
4. Jason Adams was an active member of Student Council.
5. These students must be up to something.
6. When Bobby talks everybody listens.
7. Dean Burri see's the world in strange ways!!
8. Who says Thespians are snobs???
9. Drama is where its all at!!
10. Elizabeth seems surprised about something?

This also meant that our Thespians advanced to the State AAA competition on January 8.

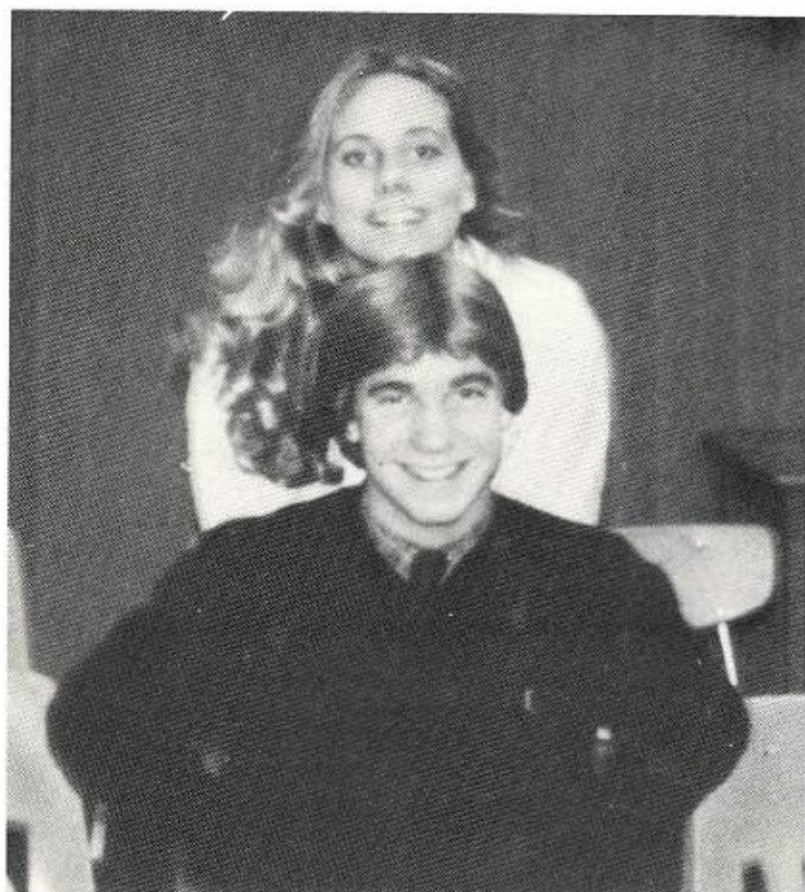

On the 7th of January, the cast loaded up a diesel bus and set off for Valdosta. They arrived very late, checked in to the Holiday Inn, and, after a short party and cast meeting, retired to their rooms to prepare for the next day.

They got up early, went off to breakfast and arrived at Valdosta State College. "Spoon River" was 2nd on the playbill, and they got into costume and makeup. All went very well during the performance, and the whole cast was optimistic. That night, when the plays which "placed", the first through fourth, were announced. Our Thespians placed fourth. At first, some were disappointed, but the realization that only three schools in the state did better than they did, lifted their spirits.

The Thespian Society also performed a musical in the Spring. It was very well done, and they all had a good time. The Thespians look forward to long years of success with their new sponsor, Mrs. Raasch, and they appreciate her professionalism and dedication. However, they also want to thank last year's sponsor, Mrs. Parker, for her hard work in times when no one else cared enough to do the work. A big "thank you" to both the old and the new for caring enough to be there.

T

he Vocational Opportunities Clubs of America at Norcross was very active this year. They raised money by selling stuffed animals in September, and during November they sold food items such as cheese, candy, beef sticks and jam.

Club members are involved in school and community projects, teacher appreciation, employment appreciation and officer training. They attended a state convention at Epworth by the Sea in St. Simons.

The only requirement for membership in VOCA is that one be enrolled in CVAE. This club enables students to increase their potential work skills and trains them for future jobs.

VOT is one of the most unique clubs at Norcross. It is not a club with certain meetings after school or at night. Instead, they have a class with Dr. Marilyn Kaufman during 4th period. During 5th and/or 6th periods they go to various jobs including secretarial work and receptionists. If you don't have a job, you have regular 5th and 6th period classes. By working at these jobs, these students gain valuable experience they can use later in life. Sometimes these jobs can lead into permanent positions.

Besides working at jobs, VOT also produces the student directory. This is a long process which is well worth the time put in it. VOT members get information from students on a voluntary basis and type it up in a booklet which they gave away. To help pay for the production of the Directory they sold ads to be put in them.

According to Dr. Kaufman, "Cindy Andrews is the first duo president for both VOT and FBLA. She is doing a super job with both clubs. She is learning how to delegate responsibility and is trying to get the officers to work as a team." The other hard-working VOT officers were Tina Cates — vice-president; Terry Randall — secretary; Mona Wood — treasurer; Teresa Tribble — fund-raising chairman; Stacy McDowell — good health and welfare chairman (1st quarter) Jaquie Reiser (2nd quarter) Valery McCloud (3rd quarter.)

Mrs. Holly Withrow sponsors one of the more active clubs at Norcross. She sponsors Youth Against Cancer. All year long the members raised money for the American Cancer Society. They also took candy and toys to young cancer patients in the hospital during the Christmas season. They make people aware of the basic cancer facts of prevention, detection, and treatment to use this knowledge to protect their own health as well as their families.

The Norcross YAC unit has made the most money in the state of Georgia for the American Cancer Society. To accomplish this honorable position they sold lollipops — the biggest money maker for the American Cancer Society — birthday cupcakes, and held a Mr. and Miss Irresistible Contest. The club participated in a Cancer Awareness Week in which posters were displayed. They also participated in the Great American Smokeout. On this day they asked people to adopt a smoker to help them quit smoking.

Several members of the Norcross YAC unit attended the 1982 Music and Tennis Festival. Part of the proceeds went to the American Cancer Society. Members of the Norcross unit sold programs and lollipops at this first annual event. Stars from the tennis and music world, including the groups Kansas and Survivor and tennis stars Vince Van Patten and Mel Purcell, competed against each other in a tennis tournament. Norcross YAC members had a proud feeling to represent our school and meet many famous and interesting people.

In August of 1982 several members of Norcross YAC went to the 1982 YAC Conference at Mercer University in Macon, Georgia. Among those attending were Bev Howard, the 1982 State President of YAC, Bobby Singer, Jeff Henderson, Kay Gaddis, Jill Swartz, Stacey Gore, and Holly Terrell. Monica Kaufman, from Action News, spoke to the attending youth, who also learned about new advances in cancer research. As the State Program Chairman, Bobby Singer will plan this year's YAC Conference.

Jill Swartz was the president of this hard working club. She told us, "The other officers really helped keep the club going with their hard work and enthusiasm. Mrs. Withrow did a lot for the club. She's a very special person and YAC wouldn't be the same without her." The other officers were vice-president Chris Vorpahl, treasurer Laurie Walker, secretary Kay Gaddis, historians Dawn LaFave and Jeanette Muench, and State program chairman Bobby Singer.

Tate - I have really enjoyed having you in my class. I think you have that rare combination of being both witty and smart. I hope to have you in class again before you graduate! Best wishes go with you always! Sincerely - Mrs. Withrow

The best years of your life start here, happen now, and they contain those cherished memories of high school which no one will forget. Memories of friendship shared, time spent together, and being involved in Norcross.

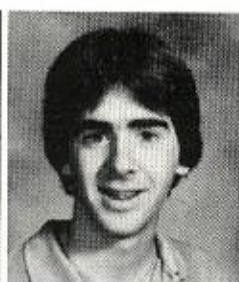

These are special times, filled with special people, in a society and culture of a rare breed.

Raising money for the Junior-Senior Prom was the main goal of this year's Junior Class. Selling magazines, painter hats, and sponsoring the Miss Norcross Pageant are some of the ways money was raised. When asked to comment on the year, class president Whitney Jones responded, "The class sponsors have really been a big help this year. They have spent a lot of their time working with the Junior Class to make the prom a success." These hard-working sponsors are Ms. Suzanne Bosarge, Mr. Larry Swaim, and Ms. June Walburn. The time spent working to create a good prom paid off. The Junior Class planned a successful 1983 prom and all who attended had

an enjoyable time. The event was held at Colony Square and the band "The Surfs" from the University of Georgia provided the music. The backbone of the Class of 84 lies in its officers. These students include president — Whitney Jones, vice-president — Jason Adams, secretary — Laurie Garmon, and treasurer — Tracy Truesdale. The Junior Class officers have led their fellow students into filling the shoes of the seniors. Superlatives were first recommended by their teachers and then voted on by their class. The 1982-83 Junior Superlatives are Jason Adams, Earl Brown, Joy Covington, Laurie Garmon, Whitney Jones, Gary Lakey, Wade Leonard, and Kevin Renno. The Juniors show a lot of enthusiasm in their class. They are well on their way to becoming outstanding seniors at Norcross High School.

The Sophomores worked hard to raise money for their fast approaching prom. Some of the activities done by the Class of 85 included selling bandanas and sponsoring a student faculty basketball game. The officers who planned these fund raisers are president — Shari Pattillo, vice-president — Stephanie Smith, secretary — Jennifer Reddick, and treasurer — Kitten Beeson.

Helping these officers greatly was the dedicated sophomore sponsor, Ms. Karen Swift.

Outstanding members of the Sophomore class chosen by their teachers and fellow classmates were the 1982-83 Sophomore Superlatives.

They are Kitten Beeson, Mike Ganote, John Henderson, Jennifer Reddick, Jay Roesch, and Stephanie Smith. The Sophomores have done a good job so far and will certainly improve in the future.

Freshmen have always had a difficult time adjusting to high school life. However, this year's Freshman Class has done a rather good job of adjusting. They have already raised some money for their class and are on their way to having a better understanding of high school life. Leading the way were the class officers: president — Candi Reddic, vice-president — Jenny Laponzina, secretary — Lori Swofford, and treasurer — Ming Pham.

The sponsors of this large class are Ms. Anne Wolensky and Ms. Paula Parris. Although the freshmen are new to Norcross, they show great promise. Some of the promising students are the Class of 86 Superlatives. They are Ming Pham, Candi Reddic, Lynn Ross, Missy Thompson, and Shannon Walker.

In three years the freshman class of 1983 will be the senior class of 1986. They will have experienced many things in this time that will prepare them for new beginnings that everyone finds after high school.

STAR STUDENT BO REDDIC

Dear Mrs. Lewis,

I wanted to tell you how much I enjoyed the classes that I had with you. Besides the knowledge that I gained in your classes, you also taught me many other things — responsibility, patience, and respect for others. These things have helped me in and out of school. Your activities in school, sponsoring the Senior Class and the cheerleaders, have thoroughly impressed me and I have tried to follow it in my extracurricular activities. I appreciate all that you have done for me.

Sincerely,
Bo

STAR TEACHER MRS. DOROTHY LEWIS

Dear Bo,

Thanks to a computer that placed you on my class roster three years ago, I have had the privilege to meet and teach a terrific young man. You made my job so easy and so pleasant. Your desire to learn, your respectful manners, your leadership abilities, your sense of humor, and your willingness to share time and talents with others make you very special. I enjoyed those Algebra II and Advanced Algebra and Trig classes, and I am very impressed with your leadership of the Class of 83. Being named Star Teacher is one of the highlights of my teaching career. My sincere thanks, Bo, for sharing your honor with me. May your future be filled with all the worthwhile things life has to offer. Set your sights high, Bo. Remember, every great accomplishment was once some man's dream.

Love,

Dorothy Lewis

Not Far From Athens

Jate,

Yes! (I know you probably don't understand that, but you'll get over it!)
Oh well. I'm certainly glad we met. Last year all Nic-Hole talked about was "plop". I used to wanna meet you so bad and I'm glad I did. I think you're a really sweet guy. It's nice to know that there are ^{some} like you left in the world. Leona thinks so too. I hope one day that me and you will get to be as close as you and Nic-Hole. Let's definitely get together over the summer and go to the river again. Yes, Leona will go too! I really will miss you next year and I'll think of you when p. 234

The tradition of high academic standards, established long ago in ancient Athens, and upheld today at the University of Georgia in nearby Athens, is the backbone of Norcross High School. Academic excellence, as exhibited by the number of Governor's Honor Candidates, National Merit Semi-Finalists, quarterly honor roll students and high standardized test scores, is important to both the faculty and students at NHS. And the faculty's high standards are reflected in their academic preparation and the scholarly atmosphere present in NHS classes and throughout the school.

From the front office to the attendance office, Norcross is in good hands. The administration and secretarial staff are always ready to lend a helping hand. Whether checking in or out, curious about the financial position of a club or just in need of help, a Norcross student will find the administration and staff always there with a smile ready to assist.

The Elective Department, which includes foreign language, art, business education, special education, home economics, industrial arts, physical education, and driver's education, is a very important part to an NHS student. The Business Department offers such courses as typing, shorthand, and accounting while the foreign language department takes you around the world with French, Spanish, and Latin. All electives are filled up fast at registration and students must substitute other electives in place of their first choice. The art, home economics, and physical education department offers a variety of courses which are popular with all students.

Three courses that are required to graduate are Free Enterprise, Personal Finance, and Health. Each a quarter long, these classes are usually taken during a student's sophomore or junior year.

Free Enterprise and Personal Finance deal with the economic world. They teach students about the stock exchange, the monetary system, and the Great Depression. Students also learn how to balance checkbooks, and fill out their income tax forms.

In Health, students learn about the reproductive system and its function. Students also learn about many of the serious and common diseases such as cancer, mono, the common cold, and the flu.

All of these classes are designed to help a student in the future.

1 — Mrs. Young shows her spirit on Halloween. 2 — Mr. Cates back-packing at Jack's River. 3 — Mr. Allen returns home after scuba diving. 4 — Teachers relaxing while on their planning period. 5 — Mrs. Torcivia helping a student in the library. 6 — Mrs. Bosarge, a new faculty member at NHS. 7 — Mrs. Pavlos after a hard day at work. 8 — Ms. Bolton, our school secretary, answers all questions with a smile. 9 — Mr. Shaw concentrates on directing the band.

A very important part of NHS is the Science Department. Although Norcross students only need fifteen or thirty hours of science to graduate, students seem to become involved in the course offering selection and go far beyond the necessary. The department offers Physical Science for freshman students where they learn the foundations and basics of science. For sophomores the department offers a more complex course, Biology where students experience the more interesting aspect of science. In Biology, students dissect frogs, and explore the animal system. Upon becoming juniors and seniors, students may take courses in Chemistry 1 and 2, an advanced course in Biology, and Physics. Juniors and seniors take part in the Science Fair by preparing research papers and projects which are displayed to the school for two days.

The population at NHS has increased so the Science Department has added two new members to its staff. Now consisting of eight members, the department is very dedicated to the students and is always ready and willing to help.

The Social Studies Department at NHS takes students around the world, teaching them about their ancestors and the people of neighboring countries. Though many Social Studies courses are not mandatory, students often take more than the ones required because the courses offered cover such a vast array of topics. This year the Social Studies Department has changed their four year plan for students. Now, freshmen take Geography, and most sophomores and juniors take World History and U.S. History. All students may also take American Law, Sociology, Anthropology, and Psychology. The classes required to graduate are International Studies, Government, and U.S. History. Enrollment figures indicate that American Law is by far the most popular non-required social studies course at N.H.S. Many speakers visit this class, such as police, CIA agents, and lawyers.

1 — Mr. Southerland displays his prize catch. 2 — Ms. Underwood waters her flowers. 3 — Mr. McVay catches a big one. 4 — Coach Raines goes over team plays. 5 — Some of the Social Studies teachers goofing off in the workroom. 6 — Coach Pridgen, a P.E. teacher. 7 — Mrs. Drake and Ms. Kaplan discuss the master schedule. 8 — Mr. Cooper and Mr. Williams discuss the school. 9 — A new addition to the English Department, Ms. Wolensky. 10 — Mr. Cates and Mrs. Flowers talk about a science experiment.

The Math Department at Norcross provides many levels of mathematics, from General Math to Calculus. Most freshmen take Algebra I while many sophomores take Geometry. In these classes, a student learns how to work out algebraic problems and complete proofs. During a student's junior year, he usually takes Algebra II and moves on to take Adv. Algebra Trigonometry his senior year. Seniors may also take Calculus. Computers are a new addition to NHS this year and many math classes are using these.

The Math Department at NHS consists of nine teachers with Mrs. Kay Harvey serving as head of the department.

The Coaching Department at NHS is a very dedicated group of people. Always found cracking jokes these people make Norcross a better place to be. Coaches are found at the school late at night with football, basketball, track, and baseball practices and games, and they're always at any type of school activity. These coaches not only teach P.E., but also teach Social Studies, English, Driver's Ed, science, Industrial arts, and Health. The NHS coaches make visitors welcome and make them feel at home. "Thank you" to all the coaches for all the help you've been to Norcross students.

1 — NHS teachers enjoy a cafeteria lunch. 2 — Coach Teague, the driver's education teacher. 3 — Mrs. Dennis displays her pumpkin costume. 4 — The math teachers talk about the new computers. 5 — Two of the English Department members are surprised by the camera. 6 — The cafeteria staff. 7 — Liked by everyone, Ms. Ware is a new faculty member. 8 — Ms. Kaufman, Business Ed. teacher. 9 — Mrs. Duncan enjoying one of her hobbies, sailing. 10 — Coach Norris, a well-known face at NHS. 11 — Mrs. Terry, a foreign Language teacher.

A part of the faculty and staff at Norcross which is important to the whole school is the cafeteria and custodial departments.

With a variety of foods every day in the cafeteria, the staff is always smiling while serving your food. The lunch program offers your choice of two types of meat with your meal, a chef's salad or a sacklunch, which are all 75¢. A student may take his pick and there is always plenty of each for everyone.

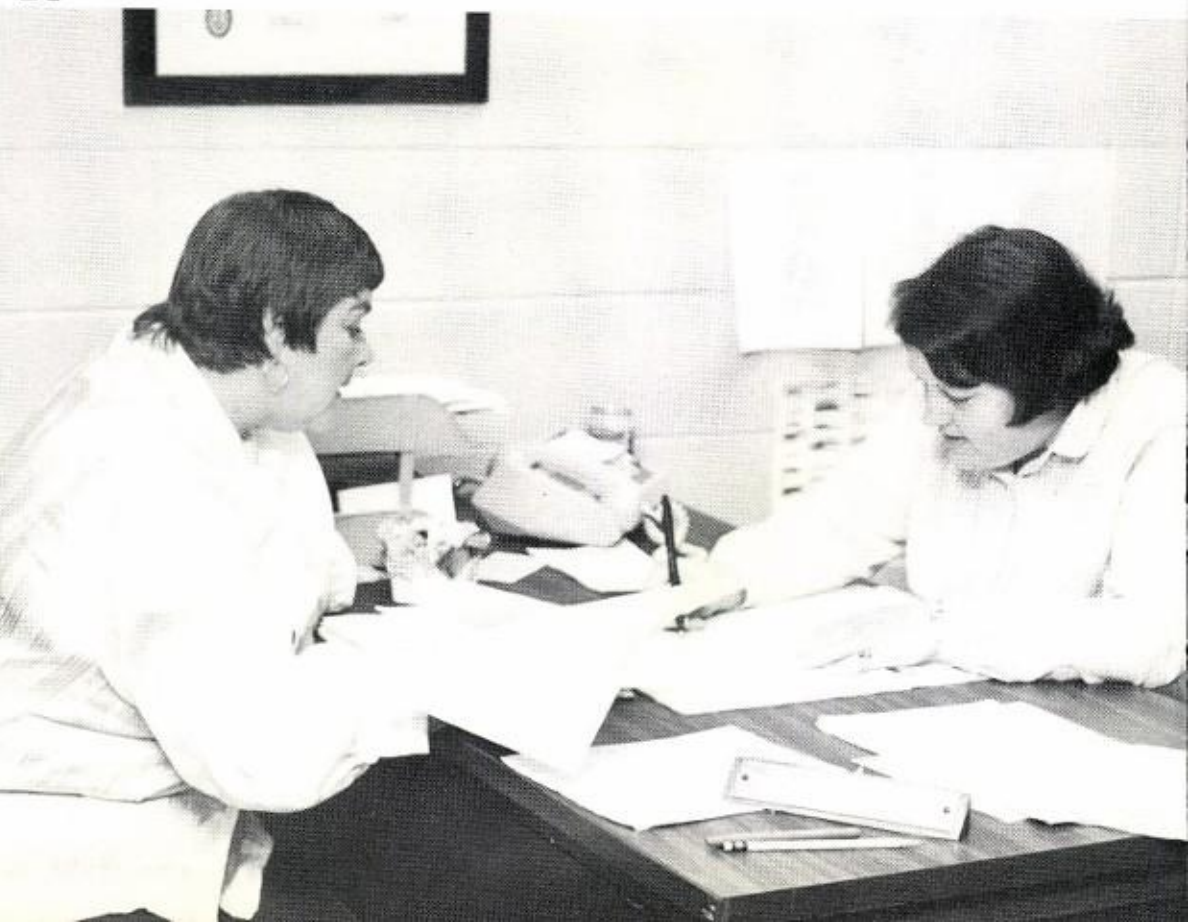

In the race for "The School of the Year Award," Norcross has always ranked high in the cleanliness section, thanks to Mr. Everett and his staff. The school is cleaner than it has ever been and a first-time visitor is always impressed. The custodial staff is up early at the school cleaning and is still here late at night making NHS a more pleasant place to be.

The English Department at NHS has a very important job. Since every student needs sixty credits of English to graduate, all students take English every quarter of their four years at Norcross.

English is divided into advanced and general classes. In these classes students learn the basics of grammar and how to write a term paper. In the literature program students study different types of literary works.

In order for the Norcross student to receive the best education in English possible, the English Department has added three new members to its staff this year. Ms. Wolensky, Ms. Paris, and Ms. Parish, along with all other members of the department are a help to all English students. They help prepare students for the future whether it be in college or a career.

1 — Mrs. Odum can't make up her mind. 2 — Mrs. Williams, an English teacher at NHS. 3 — Mrs. Swift is an active mother of the swim team. 4 — Mr. Everett gives important instructions. 5 — Ms. Dozier, Mrs. Weatherford, and Jeanette bake cookies for the 3rd period Home Economics class. 6 — Mrs. Maddox and her matron of honor. 7 — Miss Hicks dreams of Paris. 8 — Mrs. Stowers enjoys counting all the money. 9 — Mrs. Duncan gets acquainted with Mr. Williams and his wife.

If a student is ever confused, whether it be about their schedule or a problem at home, the counselors' office can always be found. Ms. Kaplan, Ms. Drake, and Ms. Underwood are always ready to listen with an open heart and they are always ready to do what is best for the student. If a student has questions about college, the SAT, or graduation requirements, the counselors have all the information needed.

The closeness a student feels towards their teachers is well recognized at Norcross. Students find not only someone to learn from, but also someone to trust and confide in. Thank you to all the Norcross faculty and staff, we will always remember you.

1 — Mrs. Stevens helps two students with an assignment. 2 — A few teachers take a break for lunch. 3 — Mrs. Middour, her husband, and her dog, Buff enjoy a football game. 4 — Mrs. Nordquest, Mr. Williams, and Mrs. Barnes smile for the camera. 5 — Ms. Johnson directs the chorus in a song. 6 — Mr. Duckworth, a special education teacher. 7 — Mrs. Law reviews for a test.

Yate,
We've been knowing you for a couple of years. You're a really nice guy & a pretty cool dude. I'm glad we're friends because you're really nice and there's something different about you than other guys at this school. I hope we have more classes together next year. Have a great summer & don't miss too much hell. Love, Cissie Garland

Late -
I really didn't get to know y'all till a
few months ago - but I'm so glad I
did!! You're someone very special - don't
ever change!! You're so sweet and cute!
I finally met someone who cares - thank you.
You have a wonderful attitude and personality -
I've never met anyone like that before -
"You're very special" (at least to me!) Any-
time you ever need me you know my
number and I'll always be there! This
summer when I move I'm really going
to miss you's! Don't forget me - please.
I'll never forget my party - will you?
Chatting you with that from thing) our show fight?
I wish you all the luck in the world
God Bless! I Love you's
Thanks later for just being my
friend.

hey gorgeous! It was
nice of you to reserve a
space for me. I'm thrilled
that I get to meet you. I can't
wait till we get to know
each other better! (See Hee! Hi. From Paige. I forgive
you for not asking me to sign this!) You're very special
to me so don't forget it! I thought I'd let you
know ^{that} you're taking me to the prom next year!
We'd have so much fun! 3/k But you never know!
Paige took her pen back. So now I will use mine.
This summer, if I ever get out of the house, we'll
have to get together & do some partying! I'm looking
forward all the great times. I know I can be
a mega bitch sometimes but you'll learn to
live with it! 3/k. you'll have to forgive me.

Plop,
Well bro; the years over and I think
It's about time for some serious partying!
Right! We're going to have to go to some more
concerts and Raise hell! you've really been
sweet and have always been someone special.
You're just like a "brother." A nice brother.
We sure have had a lot of great
time, and of course I had a bad times.
But I guess that's how family is.
The whole "Schloginfield" family is going to
have to go to the river + party.
Just think next year you'll be a little
senior + I'll be a big sophomore, we're almost
there!

Love ya

In the Norcross Geographic we have visited many interesting areas of popularity. We have seen the "Natives In Combat" in the athletic fields. Many areas of athletics have excelled to the highest of levels. Several teams have seen extra playing time, besides the regular season.

Seniors at N.H.S. have made many memories on their way to the "Goal at the End of the Trail." The senior class will always be remembered as the "Big Boys."

"Society and Culture of a Rare Breed" has explored the outstanding clubs and organizations at N.H.S. The more abundantly full clubs such as Student Council, Beta Club, and National Honor Society along with the not so big clubs have been ranked in the region and state.

Well Tate,

I think you're just a pretty alright guy. And I think its pretty neat thing that we get along so great. I'm really glad you went to church with us those times, too. You ought to go again, and next time, we will surround the Browns! Thanks for being such a sweet guy. Oh, and I'm sorry about "P.S." And remember, we've still got a \$100 bet about me and craig... SAVE your money!

Love, Glenda (m.)

1 — Interact members sort out Valentine messages. 2 — Becky Speaks has a little fun with Todd Richardson while working to get out "Ghostly Greetings." 3 — They all know who's #1!! 4 — One of the honorary students at N.H.S. was Steve Bartkowski, quarterback for the Atlanta Falcons. 5 — Two students get involved during spirit week. 6 — Kim Logan is also a Junior Civitan hard worker. 7 — Aren't they a little mixed up?!

Every student at Norcross High School is pictured in "Heartland," a section of the most important person in your life — you. In this section each N.H.S. student has many memories and moments that he or she will never forget. Many friendships have been made and broken all in the 1982-83 school year, but each day has held something special for everyone involved.

"Not Far from Athens" is where you will find any of your favorite teachers, (or even Mr. Williams). The section shows what each teacher likes to do in their spare time. This hobby ranges from fixing old cars to planting flowers in their gardens. If you think you know your favorite teacher now just wait till you see them at their own leisure.

The ads of the Norcross Geographic are in themselves unique. They show the different companies who support the Blue Devils and the students themselves have given a dollar to the support of the Blue Devils.

WELCOME TO NORCROSS HIGH STRIVING FOR

1 — Mona Wood and Brian Dunn seem to be having a good time at the 1982 Jr.-Sr. Prom. 2 — Mandi Sisk gets a little sugar from Richard after school. 3 — Ms. Lewis, the cheerleading sponsor, shows her spirit. 4 — WELCOME TO NORCROSS HIGH — STRIVING FOR EXCELLENCE! 5 — The Homecoming escorts have time to chat before the half-time festivities. 6 — Even teachers are human. 7 — Chris, Becky, and Kim look cool for the camera. 8 — Julie Tucker gets caught primping before a pep rally.

TATER TOT
 'Hey kid! Can you believe we're almost SENIORS? This year has been a blast! I'll never forget the HALLOWEEN PARTY or the MISSION RINGE party! You need to start another band so I can be your manager! Have a great summer and try to be good! Love, Whitney '84

The 1982-83 Spectrarama Staff would like to thank the supporters of the Norcross Geographic and all those who helped with the productions of the Norcross Geographic. We on the annual staff hope you enjoy the yearbook and follow the outline of the book.
 ENJOY!

1 — Don't Joy and Whitney know that only one person can drive at a time?!? 2 — The "Cool" brothers strike again. 3 — Ms. Harvey shows who has the authority around here. 4 — Mary Szyperski stops to pose for the camera.

Tate:
 Well, the year is closing out and I can't say it's been boring. This year E. class would have really been a beeman if you weren't there to BS with me. Hope you reach the highest guy and find the best sound for you.
 Wait till we are seniors and let's get together this summer.

It's really been great knowing the one and only Eddie VanHalen (chacha) Jate, I have enjoyed knowing you even if I have known you long. You really seem to be able to brighten my day from the very start. I wished that we would've had a class together so that we could've gotten to know each other better. I don't know how you put up with Mrs. Stevens (Buford the Buzzard) so long. I really think you are a gorgeous and sweet person. I hope to see you this summer and maybe next year. I don't stay at one school long enough to really get to know many people, which is a big disadvantage going through High school. People like you are the people who make High school fun - and believe me that's saying a lot. Good Luck and

Best Wishes

Fellow Rock-a-Roller,

We've not partied much,
but I'm sure we will! I
hope you make it big as

a heavy-metalist keyboardist.

So I can get into your Consorts

free and maybe party back stage

with the band. Well getting back

to the basic year-back gargon! Have a good
Summer and lets try to get together.

A James Godfrey

Good Luck From the Class of '82

I ate,
 Hey there, Plop! Well, this year is,
 almost over, can you believe it? I'm
 really glad we got to know each
 other and I hope to see you this
 summer. I think you're really a sweet
 guy and you shouldn't let Nic-HOLE
 ruin you
 but I
 Nic-HOLE
 luck in
 I'm sure
 become a
 star (you and Roy) with your own
 band, but don't forget us little
 people. Talk to you later.
 Love you
 Lots, Teresa H.
